Career Opportunities

MYTH:

CONSTRUCTION IS A DEAD-END JOB WITH NO FUTURE.

FACT:

MOST CONSTRUCTION PROFESSIONALS ARE EXACTLY WHERE THEY WANT TO BE. CONSTRUCTION OFFERS A MULTITUDE OF JOBS FOR A VARIETY OF SKILL SETS, FROM PLANNING AND BUILDING TO ORGANIZING AND MANAGING. INDIVIDUALS WHO START IN A TRADE WHEN THEY'RE YOUNG RECEIVE MORE CONTINUAL EDUCATION AND TRAINING THAN THE MAJORITY OF THEIR PROFESSIONAL COUNTERPARTS. THIS IS ESPECIALLY TRUE WHEN YOU CONSIDER THAT LESS THAN HALF OF THE WORKFORCE CLAIMS THEIR JOB REQUIRES A COLLEGE DEGREE.
