***Donovan moved*** and Galloway seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Donovan stated he wishes that the Executive would emphasize more that they are cutting from the budget and will probably need to cut more. He

spoke about the County not taking the allowable one percent for several years until recently and that the percent being raised is on the County's portion of the property tax bill.

Satpal Sidhu, County Executive, stated the 11 percent being discussed in emails to Councilmembers is a bit of a misnomer, and he spoke about examples of tax increase amounts for average households. He stated the increase is only going to be on the portion of people's total property tax which is levied by the County.

Galloway stated the Executive's Office has been very collaborative in the budget process with Council and she appreciates the information. She encourages people who are just learning about the budget to go back and see the various presentations and meetings. It has been noted that they are having to both make cuts and raise revenue to get to a place of structural balance and neither is fun for them.

Aly Pennucci, Executive's Office, gave an overview of the budget and answered how much is dedicated to public safety and to wages, and what percentage of Health and Community Services funds come from State and local grants as opposed to the General Fund.

Byrd stated he is completely against the increases in the budget, and he spoke about Council's role in the process according to the Charter, and the increases in budgeted expenditures since 2019.

Elenbaas stated, in his time on the Council, he has never seen a budget item not pass and that tells him there is zero accountability for getting what you ask for here in Whatcom County.

Pennucci answered what the difference is in the percentage of increase for people who live in the unincorporated county compared to those who live in cities.

Stremmer stated he would like to look at what the County was doing in the past and what they are doing now. If they were not doing it 20-30 years ago, maybe it is not essential. He stated he cannot support the budget the way it is.

Councilmembers and the speakers discussed communication between the Council and the Executive.

Scanlon spoke about requests for funding that Council was responsive to,

that not increasing the tax would lead to cuts, that this budget does not really allow the County to increase services, and that this is probably the most difficult decision he has had to make on the council since January.

Councilmembers discussed the motion.

**Donovan's motion that the Ordinance Requiring a Public Hearing be ADOPTED carried by the following vote:**

**Aye:** 4 - Buchanan, Donovan, Galloway, and Scanlon

**Nay:** 3 - Byrd, Elenbaas, and Stremmler

Enactment No: ORD 2024-057

2. [AB2024-695](#) Ordinance adopting amendments to WCC Titles 20 and 22 to enact SSB 5290 regarding local project review

*Clerk's note:* Councilmembers took a 10-minute break from 9:38 p.m. to 9:50 p.m.

Scanlon stated the actual proposed ordinance that was noticed for this agenda item is now out of date. There are now two other versions (under Introduction) that they will consider (one proposed by Galloway and one proposed by Planning and Development Services Department).

Scanlon opened the Public Hearing and the following people spoke:

- Pam Brady
- Lyle Sorenson
- Name not stated
- Allison Calder
- Ken Calder
- Perry Eskridge
- Rud Browne

Hearing no one else, Scanlon closed the Public Hearing.

Councilmembers discussed how to handle this since there are two other versions under introduction.

***Elenbaas moved*** and Byrd seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Councilmembers discussed whether this item should be tabled, and that the two other versions are under separate agenda bill numbers (**AB2024-793** -

Galloway's version, and **AB2024-809** - PDS version).

**Elenbaas's motion that the Ordinance Requiring a Public Hearing be adopted FAILED by the following vote:**

**Aye:** 0

**Nay:** 7 - Buchanan, Byrd, Donovan, Elenbaas, Galloway, Scanlon, and Stremler

3. [AB2024-697](#) Ordinance adopting the Seven-Year Capital Improvement Program for Whatcom County Facilities 2025-2031

Scanlon opened the Public Hearing and hearing no one, closed the Public Hearing.

**Donovan moved** and Byrd seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Councilmembers discussed that the things listed still have to come to Council for approval, and the annual process to bring this back if they need to add other projects to the list.

**Donovan's motion that the Ordinance Requiring a Public Hearing be ADOPTED carried by the following vote:**

**Aye:** 7 - Buchanan, Byrd, Donovan, Elenbaas, Galloway, Scanlon, and Stremler

**Nay:** 0

Enactment No: ORD 2024-058

THE ORDER OF THE NEXT TWO AGENDA ITEMS WAS REVERSED (SEE MOTION ABOVE IN PUBLIC HEARING HEADER)

5. [AB2024-779](#) Ordinance authorizing the levy of taxes for Countywide Emergency Medical purposes for 2025

Scanlon stated this is the version proposed by Councilmembers Galloway and Buchanan. **AB2024-728** is the proposal from the County Executive.

Scanlon opened the Public Hearing and the following people spoke:

- Lyle Sorenson
- Travis Boyd
- Jim Hallett

Hearing no one else, Scanlon closed the Public Hearing.

**Galloway moved** and Buchanan seconded that the Ordinance Requiring a

Public Hearing be ADOPTED.

Galloway spoke about the ordinance, that it proposes to address a structural imbalance in the fund, and that it is different than AB2024-728 in that it uses \$750,000 of the total banked capacity.

Councilmembers discussed that there is little communication about the EMS fund, how Council can get better information going forward about the health of the fund and services, and having more time to discuss this and hear from people.

Aly Pennucci, Executive's Office, stated the budget assumes levying an EMS tax, so, if this one is approved (as opposed to AB2024-728), future budget action would be necessary to program the additional revenue that they did not assume in the Executive's budget that Council just passed. She asked if one of the ordinances needs to pass tonight concurrently with the budget or whether the tax ordinance could wait until December 3 and meet budget requirements under State law.

George Roche, Prosecuting Attorney's Office, stated it can only wait until December 1st, it would take five votes to pass, and they would potentially have to reconsider AB2024-745. He, Pennucci, and Councilmembers discussed what process would be needed.

Scanlon suggested they take a break.

*Clerk's note:* Councilmembers took a break from 10:42 p.m. to 10:50 p.m.

Roche updated the Councilmembers after conferring with the deputy executive and stated they would not have to re-hear item one (AB2024-745), but this version would still require a supermajority vote, and they would have to adopt an ordinance by December 1st.

Kayla Schott-Bresler, Executive's Office, stated the Administration also believes this should be passed concurrently with the budget, which would be today.

Councilmembers and the speakers discussed that if this was passed, the end balance in the budget would increase but it would not change expenses, that appropriating the funds would be done through a supplemental action in 2025, why the main budget does not require a supermajority vote, the need to maybe look at the EMS levy plan and get status updates going forward, getting more communication from EMS about operations and expenses

before increasing revenue, that the original intent of the increased revenue was to fully fund the Community Paramedics Program but that they then started to see a structural imbalance, that Council can come back to this in the mid-biennium after hearing from EMS how the funds would be used, and how the reserve threshold was determined.

**Galloway's motion that the Ordinance Requiring a Public Hearing be adopted FAILED by the following vote:**

**Aye:** 2 - Buchanan, and Galloway

**Nay:** 5 - Byrd, Donovan, Elenbaas, Scanlon, and Stremler

4. [AB2024-728](#) Ordinance authorizing the levy of taxes for Countywide Emergency Medical purposes for 2025

Scanlon opened the Public Hearing and the following people spoke:

- Lyle Sorenson
- Travis Boyd
- Jim Hallett

Hearing no one else, Scanlon closed the Public Hearing.

**Galloway moved** and Scanlon seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Scanlon stated this item is different than the last item because they have had presentations on it.

Enactment No: ORD 2024-060

7. [AB2024-730](#) Ordinance authorizing the levy of taxes for County Road purposes for 2025

Scanlon opened the Public Hearing and the following people spoke:

- Lyle Sorenson
- Travis Boyd

Hearing no one else, Scanlon closed the Public Hearing.

***Buchanan moved*** and Stremmler seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Councilmembers discussed that money is needed in this fund but that over a million dollars will be diverted back to the General Fund to cover General Fund expenses, and that this would hit the unincorporated rural community the hardest.

The following people answered questions:

- George Roche, Prosecuting Attorney's Office
- Elizabeth Kosa, Public Works Department Director
- Randy Rydel, Administrative Services Department Finance Director

They discussed with Councilmembers what the options are for this ordinance and whether banked capacity needs to be used for this particular fund, that this money would be needed to fully fund the capital projects that were added back to the capital program and operating expenses, that projects would be brought to Council as supplemental buybacks if this was passed, what they would have to do procedurally if this ordinance was to be amended to just take the one percent, the fact that they normally divert money from this fund to the General Fund for traffic law enforcement in unincorporated areas but that the amount was increased a few years ago, that an amendment to change the dollar amount and percentage would require re-introduction and a new public hearing, that the money that gets diverted from the fund will be used for more than just traffic deputy FTEs, and the motion.

**Buchanan's motion that the Ordinance Requiring a Public Hearing be ADOPTED carried by the following vote:**

**Aye:** 4 - Buchanan, Donovan, Galloway, and Scanlon

- G. David Bock
- Travis Boyd
- Hannah Ordos
- Natalie Chavez

Hearing no one else, Scanlon closed the Public Hearing.

***Galloway moved*** and Scanlon seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Councilmembers discussed the motion and that there was a communication gap in conveying the percentage of the increase to the community.

Aly Pennucci, Executive's Office, answered what percentage of Health and Community Services' budget comes from the General Fund, and stated when you exclude some of the external grant funds that get deposited into the General Fund, it is about two percent.

Kayla Schott-Bresler, Executive's Office, spoke about state funding for the Health and Community Services Department.

Councilmembers and Pennucci discussed the percentage of the tax increases proposed tonight, that increases in staff in one department result in other costs to the County, even if the staff are State funded, and how the tax increase translates to a homeowner.

**Galloway's motion that the Ordinance Requiring a Public Hearing be ADOPTED carried by the following vote:**

**Aye:** 4 - Buchanan, Donovan, Galloway, and Scanlon

**Nay:** 3 - Byrd, Elenbaas, and Stremmer

Enactment No: ORD 2024-062

- Travis Boyd

Hearing no one else, Scanlon closed the Public Hearing.

Scanlon opened the Public Hearing and the following person spoke:

- Ralph Steele

Hearing no one else, Scanlon closed the Public Hearing.

***Scanlon moved*** and Buchanan seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Councilmembers discussed the item with the following:

- Aly Pennucci, Executive's Office
- Randy Rydel, Administrative Services Department Finance
- Elizabeth Kosa, Public Works Department Director
- George Roche, Prosecuting Attorney's Office

They discussed the fee schedule being used as authorization for staff to make rules, that the executive has authority to adjust the fee schedule as needed and that changes would be reviewed by the Council at its next adoption, reviewing the fees in regards to ferry fares and permits after more discussion with stakeholders, fees for the Parks Department having very little difference between county and non-county residents, that Public Works cannot bring a fee option that would put them into the red, the need to look at other sources of revenue and service adjustments for the ferry, and what would happen if this ordinance fails.

**Scanlon's motion that the Ordinance Requiring a Public Hearing be ADOPTED carried by the following vote:**

**ITEMS ADDED BY REVISION**

Introduction items 12 and 13 were added by revision and are under the Introduction header below.

**INTRODUCTION ITEMS**

*Donovan moved* to introduce items one through thirteen. The motion was seconded by Buchanan.

Councilmembers discussed that Introduction item number 8 (**AB2024-793**) is Councilmember Galloway's version and Introduction item number 13 (**AB2024-809**) is Planning and Development Service's related version. They voted down **AB2024-695** earlier tonight, which was an older version.

Cathy Halka, Clerk of the Council, stated Introduction item number 5 has a substitute and a revised title to reflect the amount in the substitute ordinance. Introduction item number 11 also has a substitute and needs to be considered separately because Council needs to choose between the Planning and Development Services Department version and the substitute version recommended by Councilmember Scanlon. Item number 8 also needs to be considered separately to determine which of the items Council is moving forward.

*Donovan amended* his motion *and moved* to introduce item numbers 1-7, 9, 10,12, and 13.
