CONSENT AGENDA ITEMS CONSIDERED SEPARATELY

4. AB2024-497 Request authorization for the County Executive to enter into an agreement between Whatcom County and the Washington State Recreation and Conservation Office to acquire approximately 1,600 acres of forestland to be added to the existing Stewart Mountain Community Forest, in the amount of \$3,000,000 (Council acting as the Whatcom County Flood Control Zone District Board of Supervisors)

Donovan reported for the Finance and Administrative Services Committee and **moved** that the Contract (FCZDBS) be AUTHORIZED.

Councilmembers discussed the motion, whether the County wants to be in the forestry management business, how the project cost amount was determined and whether they should move forward without an appraisal, whether it is a good financial move for the County since revenue will not be realized for a minimum of ten years, whether moving forests into public ownership takes them out of the land base that makes up the forest economy or takes them out of production, the fact that there are recreational opportunities on Stewart Mountain, the opinion that this makes sense with the County objectives regarding restoring some of our watersheds and water sources, the amount of maintenance and repairs that will be required when water comes down the hillside in that area after storm events, the fact that this is not local dollars but accepting \$3 million from the State, how this fits into and can help with climate resilience which is an urgent County issue, the fact that it is not supposed to just be a park but that the goal is for it to also be managed with the timber harvest in a responsible way, the opinion that older community forests talk about harvest but do not do it in a significant way, whether property taxes will get shifted to neighboring landowners since the appraised value of the 1,600 acres would be taken out of the property tax equation, whether managing the lands above the steep slopes might have an impact on absorption and what is coming down the hill that causes damage now, and whether County ownership is still to be determined.

Aye: 4 - Buchanan, Donovan, Galloway, and Scanlon

Nay: 3 - Byrd, Elenbaas, and Stremmler

Donovan reported for the Finance and Administrative Services Committee and *moved* that the Interlocal be AUTHORIZED. The motion was seconded by Galloway.

Donovan stated in this afternoon's discussion, Council seemed to have

concerns about the \$307,000 from the General Fund that is part of the dispatch fees. The interlocal has the basic life support (BLS), the record system, and the dispatch fees all as a bundle of contracts and agreements which are hard to separate out. The Council is looking for a way to give a statement to the effect that if they approve the interlocal, there will still be discussion about options for the dispatch fees so they can reduce the General Fund obligation.

Satpal Sidhu, County Executive, stated all they would need is a word from the Whatcom County Fire Chiefs that they will sit down and discuss it and find a solution. He stated there are different people involved for the different aspects of the interlocal and it will need some negotiations and discussions. He believes if they work in good faith, they can find a solution.

Hank Maleng, Whatcom County Fire District #16 and Whatcom County Fire Chiefs Association, stated EMS pays for EMS calls and not fire dispatch calls. He explained why a portion still comes out of the General Fund. He stated he agrees that moving forward they should start looking at options but it will not happen over two or three weeks.

Sidhu asked if it would be acceptable if they put on the record that within one year or by next July first they will come up with some kind of arrangement, and Maleng said it was an acceptable goal.

Donovan amended his motion ***and moved*** to approve with the understanding that the Executive's side and the chiefs will be working with a goal of July 1st (of 2025) to re-examine this dispatch fee General Fund issue.

Donovan's motion that they approve the Interlocal with the understanding that the Executive's side and the chiefs will be working with a goal of July 1st (of 2025) to re-examine this dispatch fee General Fund issue carried by the following vote:

Aye: 7 - Buchanan, Byrd, Donovan, Elenbaas, Galloway, Scanlon, and Stremler

Galloway stated this position was previously held by Alex Harris who is now a County employee so he had to resign from this position on the task force. She spoke about which candidate she would vote for.
