Facts to Support Petition

EXHIBIT B

I, Karen Atkinson, purchased my house and property on Cain Lake on June 25, 2020, for \$384,500. My property is known as Lots 36 and 37 of the Cain's Lake Plat, Block 1. My street address is 3096 Camp 2 Road, Sedro Woolley WA 98284. Whatcom County, Washington. I reside on the property full time.

The house on my property was originally built on Lot 37 in 1976 as per a building permit issued by Whatcom County. See Exhibit 1. A remodel was done for additionally living space in 1977 approximately. See Exhibit 2.

The property was then sold by the owner who had the house built originally on Lot 37 to a second owner (Berentson) in 1988. The current house construction was built in 1992. See Exhibit 3 The second owner then sold it to a third owner (Putney) in 2015 . The third owner then sold it to me on June 25, 2020.

I recently learned that my house encroaches on the County Right-of-Way which includes the Camp 2 Road.

In the fall of 2022 I hired a surveyor, who surveyed the property for a prior owner (Putney) in 2016 (2016 Survey). The 2016 Survey was not recorded with the County Auditor. I requested the Surveyor update the 2016 Survey and then recorded under the Auditor's File No. 2023-0301130 (2023 Survey) . See Exhibit 4. The 2023 Survey shows an "Existing house #3096 partially on the County Right-of-Way, which includes approximately 1/3 of my house encroaching on the County Right-of-Way.

At the time I purchased my property, I did not know my house was located on the County Right-of-Way. It was not disclosed to me. Had I

known the house was encroaching on the County Right-of-Way, I would not have purchased the property.

The building permit and records recently provided to me by Whatcom County Planning and Development Services (PDS) do not appear to show the house encroaches on the County Right-of-Way.

As a result of the encroachment, the House on my property does not meet the applicable Whatcom County Zoning Code and Laws, including the setback requirements.

There is also a very large, 8' base cedar tree immediately adjacent to the front of my house located outside the setback area which I would like included in this Petition because it is aesthetically pleasing and a legacy tree. It is preferable to have a reasonable buffer area over and above the setback area to enhance my use and enjoyment of my property as well as for privacy and safety adjacent to the County Road.

I have made substantial improvements to my house in an amount no less than \$110,000 with the intention that I would live there permanently for many years.

Since the House encroaches on the County Right-of-Way, I have a cloud on my title and the value of my property has been diminished.

I have no objection to the retention of any public utilities or existing easement rights in the area which I am requesting the County to respectfully vacate.

Sincerely,

Karen Atkinson
