analyzing/solving problems.

I have extensive technical, organizational, and leadership experience, which helps me succeed when collaborating with teammates and external parties to complete projects.

My family has resided on Lummi Island since 2020.

8. Please describe why you're interested in serving on this Advisory Group.

The ferry directly impacts every islander on Lummi Island. I want to help this community with its challenges.

Once again, Island residents face a massive challenge because we do not have a viable ferry replacement plan, but we do have an aging ferry with a limited service date. By becoming a member of the WCFAC, I can become part of the solution rather than sitting back and letting others work on overcoming the many challenges.
