Hello Colleagues,

I read Loraine's résumé and concluded that she is an ideal candidate to be approved for PFD board membership.

She is obviously a smart person, and her background of teaching accounting at WWU for ten years and working earlier as a vice president at Wells Fargo Bank indicates she has skills totally relevant to our work and role.

We should recommend her to the mayor and county executive and urge them to ask their councils to approve her candidacy for the role of member of the board of directors for the Bellingham Whatcom County Public Facilities District.

Alison,

I talked with Loraine about serving on the PFD board. Dan has given her a clear understanding of the current role of the PFD board, including that we currently are limited to approving budgets and ensuring that the PFD lives within the approved budget. While she has hopes that the PFD might eventually be able to support greater involvement in the arts, she will be patient, awaiting eventual repayment of the debt.

I found her a delightful person who would be a good addition to the board. My wife enjoyed working with Loraine on the Museum board and feels she would be a good addition to our board. I would support her nomination.

Brent

Gentlemen:

Attached is Loraine Boland's application. Would you please either call her or meet with her? If you are in agreement, I could bring forward to the Mayor a recommendation for her appointment.

Thank you.
