WHEREAS, the Board of Supervisors of the COUNTY flood control zone district (FCZD) voted to create a FCZD sub-zone known as the Birch Bay Watershed and Aquatic Resources Management District (BBWARM) for the express purpose, among others, of assessing property owners in the sub-zone to fund projects that remediate pressing water quality and stormwater management challenges; and,

WHEREAS, the WCD was formed in 1946 pursuant to RCW 89.08 as a public agency to undertake the conservation of renewable resources in all of Whatcom County; and,

WHEREAS, the WCD has been providing this assistance to BBWARM through Interlocal Agreements with the COUNTY since 2010; and,

WHEREAS, the BBWARM 2024 outreach work plan calls for continuing to provide technical and/or financial assistance to rural property owners and stewardship opportunities that result in the implementation of stormwater best management practices; and,

Contracted Party Notice

Enduris Washington is a joint self-insurance program for public entities authorized by RCW 48.62.

Under RCW 48.62.061, the state risk manager shall adopt rules governing the management and operation of both individual and joint local government self-insurance programs covering property or liability risks. The rules are contained in the Washington Administrative Code (WAC) 200-100 and summarized as follows:

- Only members who sign the interlocal agreement binding them to contributions and assessments may participate in a local government risk pool (WAC 200-100-020).
- Only members may participate in the self-insured retention layer, and only members may participate in the joint purchase of insurance or reinsurance (WAC 200-100-02005).
- Nonmembers shall not participate in any coverages of the joint self-insurance program including the self-insured retention layer and the excess insurance or reinsurance layer (WAC 200-100-02007).

The state risk manager and the Washington Administrative Code prohibit Enduris of Washington from granting additional insured status to nonmembers.

However, Enduris can cover the contractual liability undertaken by its members in most cases. As long as the contract between an Enduris member and a third party qualifies as a “member contract” and the claims against the indemnitee third party are otherwise covered by the terms of the Memorandum of Coverage, the member district’s indemnity obligation should also be covered.

Enduris Washington’s memorandum of coverage (MOC) contains the definition of a “member contract” as follows:

SECTION IV – DEFINITIONS

[...]

O. Member Contract means a written contract that satisfies all of the following:

1. The agreement pertains to the Named Member's routine governmental operations, including professional services and mutual aid agreements, and by the contract terms the Named Member assumes the Tort liability of another to pay damages because of Bodily Injury or Property Damage to a third person or organization, or with respect to Professional Services to pay damages because of Public Officials Errors and Omissions to a third person or organization, and;
2. The agreement was entered into prior to the damage for which a claim is made.

Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

A Member Contract does not include any part of any contract or agreement that indemnifies any person or organization for any claim and/or suit that is excluded by the terms of this Memorandum, or that indemnifies an architect, engineer, or surveyor arising out of preparing, approving, or failing to approve maps, drawings, opinions, reports, surveys, change orders, designs or specifications, or giving or failing to give directions or instructions, unless the architect, engineer or surveyor is an employee of the Named Member and the services are part of the Named Member's routine governmental operations. A Member Contract also does not include the indemnification of any person or organization for damages by fire, explosion, or water damages to premises rented or loaned to the Named Member.
