BID PROPOSAL

for

2026 SWIFT CREEK CHANNEL EXCAVATION WORK ORDER NO. 21055

DATE: July 21, 2026

TO: Whatcom County Executive and Council
Whatcom County Courthouse
311 Grand Avenue
Bellingham, Washington 98225

Gentlepersons:

This certifies that the Undersigned: has examined the location of the project site and the conditions of work; and has carefully read and thoroughly understands the contract documents entitled: **"2026 Swift Creek Channel Excavation, Work Order No. 21055"** Whatcom County, Washington, including the "Bid Procedures and Conditions," "Specifications and Conditions," "Contract Forms," "Construction Plans," and "Appendices," governing the work embraced in this project, and the method by which payment will be made for said work. The Undersigned hereby proposes to undertake and complete the work embraced in this project in accordance with said contract documents, and agrees to accept as payment for said work, the schedule of lump sum and unit prices as set forth in the "Bid" below.

The Undersigned acknowledges that payment will be based on the actual work performed and material used as measured or provided for in accordance with the said contract documents, and that no additional compensation will be allowed for any taxes not included in each lump sum or unit price, and that the basis for payment will be the actual work performed and measured or provided for in accordance with the said contract documents.

The Undersigned certifies that it is not currently disqualified from bidding on any public works contract under RCW 39.06.010 or RCW 39.12.065(3).

PROPOSAL FOR INCORPORATING RECYCLED MATERIALS INTO THE PROJECT

APWA-WA Division 1 Committee

rev. 1/8/2016

Proposal for Incorporating Recycled Materials into the Project

In compliance with a new law that went into effect January 1, 2016 (SHB1695), the Bidder shall propose below, the total percent of construction aggregate and concrete materials to be incorporated into the Project that are recycled materials. Calculated percentages must be within the amounts allowed in Section 9-03.21(1)E, Table on Maximum Allowable Percent (By Weight) of Recycled Material, of the Standard Specifications.

Proposed total percentage: 5% percent.

Note: Use of recycled materials is highly encouraged within the limits shown above, but does not constitute a Bidder Preference, and will not affect the determination of award, unless two or more lowest responsive Bid totals are exactly equal, in which case proposed recycling percentages will be used as a tie-breaker, per the APWA GSP in Section 1-03.1 of the Special Provisions. Regardless, the Bidder's stated proposed percentages will become a goal the Contractor should do its best to accomplish. Bidders will be required to report on recycled materials actually incorporated into the Project, in accordance with the APWA GSP in Section 1-06.6 of the Special Provisions.

Bidder: Western Refinery Services, Inc.

SUBCONTRACTOR LIST

Prepared in Compliance with RCW 39.30.060, as amended.

To be submitted with, or as a supplement to, the Bid Proposal for **2026 Swift Creek Channel Excavation, Work Order No. 21055**, as applicable, and in accordance with RCW 39.30.060:

Failure to list subcontractors with whom the bidder, if awarded the contract, will directly subcontract for performance of the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, as described in Chapter 18.106 RCW, and electrical, as described in Chapter 19.28 RCW or naming more than one subcontractor to perform the same work will result in your bid being non-responsive and therefore void.

If RCW 39.30.060 requires proof of license, the license number of that Subcontractor is required. To the extent the Project includes one or more categories of work referenced in RCW 39.30.060, and no subcontractor is listed below to perform such work, the bidder certifies that the work will either (i) be performed by the bidder itself, or (ii) be performed by a lower tier subcontractor who will not contract directly with the bidder.

If no Subcontractor is listed below, the Bidder acknowledges that it does not intend to use any Subcontractor to perform those items of work.

CATEGORY OF WORK	NAME OF FIRM	License # (If Required)
HVAC		
Plumbing		
Electrical*		
Structural Steel Installation		
Rebar Installation		

* Bidders are notified that it is the opinion of the enforcement agency that PVC or metal conduit, junction boxes, etc, are considered electrical equipment and therefore considered part of electrical work, even if the installation is for future use and no wiring or electrical current is connected during the project.
