taken part in different environmental and social advocacies over the years. Like so many people I tend to be attracted to the advocacies which I feel the most deeply about, and being a fisherman , was really drawn to environmentalism. And being someone who is on his own at 14 living in a tiny Shack on Lummi Island, I can tell you what it's like to be on the edge of homelessness for the first several years that I lived there.

10. Please describe  
why you're interested  
in serving on this board  
or commission

As I had previously stated, I have a history of living in the tiny housing that used to be available in Whatcom County in the late 80s and even in the small pockets in the early 90s. That type of housing actually helped me to become a man among men in a small fishing Village where I fed a nation from my subsidized housing.

This experience has made me a huge advocate of tiny house Solutions in the housing first model. So when I met Jim Peterson of homes now not later, I knew that I needed to be involved with that program, because it was a program that had worked for me, and used to be here in Whatcom County all along...

I see it as the missing housing that everyone is talking about. In my time with homes now I quickly became an independent advocate of servicing the unhoused population Whatcom County in the streets where they live. I designed and oversaw the construction of the ShowersNow shower truck with which our group has been servicing the homeless population for over a year, and in that process we have given somewhere in the neighborhood of 1600 showers.

In February of 2019, myself and my fiance saw that there was a dire need in the streets and answered it by going out into the streets in a terrible blizzard that had inundated Bellingham. Our efforts quickly and organically blossomed into a giant operation in cooperation with homes now which sheltered over a hundred and fifty people within Bellingham City Limits, who were unable or unwilling to go to the current shelters available. We delivered people to the shelters until the shelters were full. Saint Joseph Hospital emergency room had my number and called me personally at least 10 times to come and pick up people who were being discharged.

With the cooperation of homes now we launched an organic effort to get funding to House people in hotel rooms all over Bellingham.

The money raised in this period was around \$30,000 during the 6-week emergency.

Also during this time we, in cooperation with a church in Northern Whatcom County, opened up our own no barrier unisex shelter, and we kept it open for about 8 days with our maximum occupancy somewhere around 35 souls.

There were no problems they could not easily be contended with. There was no need to call the police ever during that Sheltering. We petitioned the city the county to help us to provide emergency shelter, with varying success, including the temporary
