Exhibit B – Amendment #4
(COMPENSATION)

The source of funding for this contract is the Washington State Department of Social and Health Services, Developmental Disabilities Administration (DSHS/DDA). Total compensation for the contract is variable, depending upon the number of clients and service levels authorized by DSHS/DDA and the County. This is a vendor agreement and not a sub-recipient agreement.

The County will pay the contractor for services delivered to DSHS/DDA authorized clients:

1. Service levels are individualized, based on assessed client need;
2. The service hours authorized for each client is mutually agreed upon by DDA, the County, and the Contractor;
3. Limits to client service authorizations are established in Washington Administrative Code (WAC) 388-828-7020;
4. Funding is allocated for services delivered to an individual client. The client's service allocation and funding will follow the client in the event that they choose to receive services through another Contractor;
5. The billing unit for services is hourly.

I. Billing and Payment

1. Invoices and attached service documentation will be submitted monthly to the Whatcom County Health Department in the format approved by the County. If an invoice or required documentation is incorrect, it will be returned to the Contractor. All invoice corrections or modifications must be submitted no later than 45 days after the last day of the month in which the services were provided.
3. Payment by the County will be considered timely if it is made within 30 days of the receipt and acceptance of billing information from the Contractor. The County may withhold payment of an invoice if the Contractor submits it more than 30 days after the expiration of this contract. Invoices and invoice corrections or modifications related to work done prior to December 31 of the contract year will be accepted no later than January 15, following the end of the County fiscal year (December 31).
4. The Contractor will not be paid for any billings or invoices for services occurring prior to the execution of the contract or after its termination.
5. The Contractor shall not bill the county for service performed or provided under this contract if the Contractor has been or will be paid for the same service by any other source. Such sources include, but are not limited to, the Division of Vocational Rehabilitation Social Security Work Incentives such as Plans for Achieving Self Support (PASS) or Impairment Related Work Expense (IRWE). The Contractor is responsible for any audit exceptions or disallowed amounts paid as a result of this contract.
6. Invoices must include the following statement, with an authorized signature and date:

I certify that the materials have been furnished, the services rendered, or the labor performed as described on this invoice.

7. A total annual funding authorization for all clients will be communicated to the Contractor at the start of the contract year. The funding authorization may be amended, based on use, over the course of the contract year without contract amendment.

Expenditures may not exceed the total funding approved by the County and in no case will exceed the total available funding restricted to these services.

II. Reporting

1. Reporting on client services will be made monthly with the invoice for services through the established DSHS/DDA County billing and reporting process in the format approved by the County. 2. The Contractor will provide other reports as developed and required by DSHS/DDA and the County during the term of the contract.

III. Additional Provisions

1. In determining the service level associated with each individual client, the primary service obligation is to meet the needs of the individual client related to his or her service goals, within the limits and requirements established in the WAC.
2. Service levels proposed by the Contractor must be approved by the County and authorized by the DDA Case Resource Manager (CRM).
3. Payment will be made on an hourly basis for all staff support hours provided, up to but not to exceed, the monthly support hours authorized for each client.
4. Authorized service levels documented in the DSHS/Case Management Information System (CMIS) database will take precedence in the event of any inconsistency or conflict. The current maximum authorized service level will be downloaded from the DSHS/CMIS database and provided to the Contractor on the monthly billing report.
5. The Contractor may propose a change in service level through the process established in the County Program Implementation Guide.
6. Funds received from the County shall not be used to provide cash benefit to the supported individual, whether salary, bonuses or benefits.
7. The contractor agrees to assign to the County, its Medicaid waiver billing rights for services to DDA clients eligible under Title XIX Programs.
