.198 Propane Retail and Distribution Facilities, provided all of the following criteria are met:

- (1) The use shall not result in the conversion of Agricultural Lands of Long-Term Commercial Significance or land in active agricultural use.
- (2) The use shall be located, designed, and operated so as not to interfere with the overall agricultural character of the area.
- (3) The facility's size, scale, and character shall be compatible with the agricultural/rural character of the surrounding area.
- (4) To the extent practicable, a facility shall only be permitted within existing buildings and on hard surfaces, although said buildings may be improved as permitted by applicable codes.
- (5) The use shall only be allowed to expand into pervious surfaces when said expansion will have minimal impact on the agricultural land base and any current agricultural use.
- (6) The proposal will not preclude the property's present or future agricultural uses or substantially detract from on-site agricultural production.
- (7) The proposal will not adversely impact or interfere with accepted farm practices on adjacent or nearby agricultural operations.
- (8) The proposal complies with all applicable local, state, and federal laws. Applicable County Code includes but is not limited to SEPA (WCC 16.08), Conditional Use Permit criteria (WCC 22.05.026), and Proof of Insurance (WCC22.05.125).
- (9) New or modified equipment and any vehicles loaded at the proposal site will be used only for the purposes of Propane Retail and Distribution Facilities for direct sale distribution to end users of propane or Intracompany Transport for direct sale distribution of propane to end users of propane.
- (10) Propane distribution facilities shall follow applicable recommendations of the U.S. Chemical Safety and Hazard Investigation Board (CSB).

- (11) Future modification or expansion of a proposal permitted under this section shall be conditioned that the permitted equipment shall only be used in the manner approved in the permit.
