- 7 Absent: Jim Hansen, Julie Jefferson
- 8 Staff Present: Mark Personius, Rod Lamb, Bennett Knox, Lauren Clemens, Aileen
- 9 Kogut-Aguon and Jacqui Sullivan
- 10 Department Update
- 11 Mark Personius, Director of Planning and Development Services (PDS), provided an
- 12 update on the chapters that are expected to be discussed at the next few meetings. He
- 13 spoke on the joint meeting with Council that will occur on July 22nd, following with a
- public hearing on July 24th for Chapter 4: Capital Facilities and the Land Capacity
- 15 Analysis and Methodologies.
- 16 Mr. Personius continued his update highlighting the email he sent out to the
- 17 Commission, responding to Commissioner Dunne's comment on sequential meetings,
- 18 and reiterating the importance of getting the chapters finished and sent to the
- 19 Commission and to Council in a timely manner. He acknowledged that the timeline is
- ambitious, but hopeful that the update can be done in the timeframe given.
- 21 Open Session Public Comment
- 22 Kaia Hayes provided public comment.
- 23 Commissioner Comments
- 24 Commissioner Browne spoke on wanting to make an amendment to the approved

- 30 2025 Comprehensive Plan Update Chapter 9: Parks & Recreation
- **31** Timestamp: 6:11p.m
- 32 Bennett Knox, Whatcom County Parks & Recreation Director, provided an overview on
- 33 the 2025 Comprehensive Plan Update Chapter 9: Parks and Recreation. He
- 34 addressed the proposed changes being made to the chapter, including identifying
- 35 regional park improvement needs, expanding the discussion of regional trail networks,
- 36 and increasing intergovernmental coordination.
- 37 Mr. Knox continued his overview by addressing the public comments that were sent in
- 38 via email and some questions the Commissioners had about Comprehensive Parks,
- 39 Recreation and Open Space Plan (CPROS).

Public Hearing and Work Session

2

1 a) Public Hearing

- 2 Timestamp: 6:20p.m
- 3 Sonja Max provided public comment regarding the development of the multi-use trail
- 4 corridors that connect population centers.
- 5 Todd Elsworth, founder and CEO of Recreation Northwest, provided public comment on
- 6 the Coast Millennium trail.
- 7 Daniel Probst, Project Lead for the Bellingham Mount Baker Trail, provided public
- 8 comment on the Mount Baker Trail and the proposed Whatcom Loop Trail.
- 9 Kathryn Mitchell, Senior Engineer at BP's Cherry Point refinery, provided public
- 10 comment regarding the proposed update to the Coast Millennium trail that runs
- 11 through part of BP's property.
- 12 Jacob Stewart provided public comment regarding the trails within the chapter.
- 13 b) Work Session
- 14 Timestamp: 6:40p.m
- 15 Commissioner Moceri asked about the established level of services and whether or not
- 16 those should be reviewed.
- 17 Mr. Knox replied that they did not update those levels primarily because it was in the
- 18 CPROS plan prior to this update. The next CPROS update will be in 2026 and 2028,
- 19 which will focus on, if funded, the opportunity to look for revisions based on the
- 20 analysis of demand in the community.
- 21 Rod Lamb, Parks Design and Development Manager for Parks and Recreation, added to
- 22 Mr. Knox's comment stating, the levels of service have been developed in the late 90s
- and have been adjusted only a couple of times since then. Population versus facilities
- 24 essentially is what established those numbers. He said that in the next update, Parks
- and Recreation wants to do a better analysis of evaluating if those are appropriate
- 26 levels of service.
- 27 Commissioner Moceri asked about the Bay-to-Baker trail map that was sent in from a
- 28 member of the public and why it is different than the trail map that was provided by
- 29 the Parks department.
- 30 Mr. Knox stated that the trail map in the Comp plan is conceptual in nature. It gives a
- 31 basis for some of the implementation actions that the department may pursue.
- 32 Commissioner Moceri stated there should be maps to reflect constructed trails verses
- proposed ones. All maps should be updated as much as possible.
- 34 Mr. Knox stated that the Parks department is comfortable having conceptual routes on
- 35 the map is sufficient for their purposes at this point in the update.
- 36 The Commission discussed issues around property rights, trail routes, and the need to
- 37 update maps to reflect constructed trails verses proposed ones.
- 38 **2Commissioner Chair Barton moved** to adopt the BP map along the Kickerville as a
- 39 wide corridor, not a specific line, and remove the Coast Millennium Trail through BP on
- 40 map 9-2.

1	COIIIII	issiuller	Dullile	seconaea.

- 2 Commissioner Greif stated he supports keeping all of the proposed trails in there as written, having to make mild changes.
- 4 Commissioner Eisenberg echoed Commissioner Greif's support for a comprehensive
- 5 planning approach that includes parks and recreation, viewed through multiple lenses
- 6 such as transportation, land use and climate impacts. She highlighted the importance
- 7 of multimodal connections, referencing the Cascadia Innovation Corridor in 2022 on
- 8 high-speed rails. She finished her comment, stating that there needs to be inclusive
- 9 public input and consultation with private property owners on large or evolving
- 10 projects.
- 11 **Commissioner Greif moved to** amend the motion to be a direction for staff to evaluate the proposed alternative route, and if they believe it makes sense to add, return it to the Commission at a later date. **There was no second.**
- Mr. Personius asked the Chair to amend the motion to say that the BP map would be
- an alternate route to the map that is being proposed from the Parks Department.
- 16 Commission Chair Barton is not in favor of showing an alternate route because the
- proposed alternate route presented by staff is not practical. The property owner stated
- 18 they did not want people crossing their property.
- 19 Commissioner Eisenberg asked if the existing property owners that cross the existing
- 20 proposed line, were consulted on before creating the map.
- 21 Roll Call Vote: Ayes- Van Dalen, Browne, Dunne, Barton
- 22 Nays- Greif
- 23 Abstain- Moceri, Eisenberg (Ayes- 4; Nays- 1; Abstain- 2). The motion carried.
- 24 Timestamp: 7:29p.m
- 25 Commissioner Dunne asked what is the budget for current operations maintenance to
- take care of the current parks the county has, verses the budget for creating new
- 27 parks.
- 28 Mr. Knox stated the main sources of funding for acquisition are primarily conservation
- 29 futures. The current climate funds are currently under pressure. The department is
- 30 looking at external sources of grant funds through the transportation and conservation
- 31 office.
- 32 **3Commissioner Moceri moved** to move the chapter along to Council.
- 33 Commissioner Van Dalen seconded.
- 34 Roll Call Vote: Ayes- Moceri, Van Dalen, Browne, Dunne, Greif, Barton
