EQUIPMENT: In order to provide enhanced ballistic protection and increase officer safety, the Whatcom County Sheriff's Office intends to purchase ballistic vests. Ballistic vests are essential personal protective equipment utilized by members of the Whatcom County Sheriff's Office. The use by deputies allows them to carry out their duties while protecting them from sudden violent attacks from gunfire.

Ballistic Vests- The intent is to equip deputies with NIJ certified ballistic vests that are rated to stop handgun rounds, as well as some shotgun rounds. The Whatcom County Sheriff's Office intends to purchase vests which are made in America. These vests are worn by all deputies when responding to incidents where weapons are known to be present or the use of firearms is suspected. The use of ballistic vests by all deputies allows them to respond quickly to an active shooter incident, while providing ballistic protection and improving officer safety. The recent mass shootings throughout the United States highlights the use and role ballistic vests play in protecting those who protect others. The use of ballistic vests serves to increase the likelihood that they can carry out their duties and save lives, while improving the chances that they go home at the end of the day.
