SUBRECIPIENT, BY EXECUTION OF THIS AGREEMENT, HEREBY CONSENTS TO THE IN PERSONAM JURISDICTION OF SAID COURTS.

SECTION 12: EQUIPMENT: OWNERSHIP, MAINTENANCE, USEFUL LIFE & DISPOSAL

12.1 Ownership Of Equipment. Except as otherwise provided herein, Subrecipient shall retain ownership of equipment purchased pursuant to the terms of the grant. Subrecipient may not, during the term of the grant, transfer or convey its ownership interest in the equipment. Subrecipient shall not at any time during the term of the grant convert any facility equipment which was acquired pursuant to the grant to a use other than those for which the assistance was originally approved.

Equipment purchased with Recreational Boating Safety Act funds shall be used only for the purpose for which it was purchased and no other purpose, whether or not the Subrecipient continues to be supported by Recreational Boating Safety Act grant funds.

Observed/reported incidents of unauthorized use of MLE equipment shall be addressed by the following:

- 1) Any observed/reported incident of unauthorized use of MLE funded vessels will be followed-up by MLE communication with the Subrecipient. MLE may conduct site visits or contact area boaters for supplemental information as necessary.
- 2) In those instances where the MLE determines that an unauthorized use of a MLE funded vessel has occurred, the MLE will provide written notification to the operator of its determination with a warning that continued misuse or abuse of MLE-funded vessels and equipment may result in:
 - a) the removal of misused equipment from the facility; and/or
 - b) an assessment against the operator for reimbursement of the federal contribution against the current market value of the vessel.

12.2 Title. Title to equipment purchased under this Agreement shall vest in the Subrecipient. If the Subrecipient determines that it cannot use the equipment for the stated grant purposes at any

point prior to the end of the equipment's useful life, but after the end of this award period and any extensions thereof, the Subrecipient shall inform MLE in writing within 30 days of such determination. Such equipment shall be transferred by the Subrecipient to a third party approved by MLE for use for grant purposes in accordance with applicable provisions of state and federal law. Should the equipment not be transferred to another State Parks RBS approved law enforcement agency in accordance with this provision, the equipment shall either be returned to MLE for use for grant purposes, or it shall be disposed in accordance with 50 CFR Part 85; and 2 CFR Part 200.

- a. Activities supported under a Federal award from the Federal awarding agency which funded the original program or project; then.
- b. Activities under Federal awards from other Federal awarding agencies; then
- c. Any activities consistent with the administration of the Washington State Parks and Recreation Commission.

12.4 Special Survivorship Note: Ownership is not absolute. Regardless of agreement's expiration, anything tangible, intangible, or intellectual property that was purchased or created from federal funds or funded with federal funds maintains federal and state MLE entanglements, requirements, or conditions (conditional ownership) unless/until released by the MLE or federal government in writing. While other conditions may apply, typically a release would occur upon the MLE, or federal government being completely satisfied that the item in question has reached the end of its useful life which is usually a dollar value. Determination of value is solely at the discretion of the MLE or federal government. Should professional appraisal services be needed to determine value, these costs shall be borne by the Subrecipient. Selection of an appraisal services firm is subject to the written approval of the MLE or federal government.

12.5 Use and Maintenance. The Subrecipient shall operate and maintain the equipment, purchased, constructed, installed, renovated, operated, repaired, or maintained with MLE grant funds to function as intended for the full period of their useful life and in a manner that provides adequate service, promotes use, and protects public health. Such conditions include:

12.5.1 Subrecipient shall operate and maintain grant funded equipment in accordance with all applicable Federal, State, and local laws, orders, regulations, and permits.

12.6 Equipment Replacement.

When original or replacement equipment acquired under this award is no longer needed or the Subrecipient is no longer able to support the RBS mission and the disposition occurs during the grant period, disposition of the equipment shall be made as follows:

- The equipment may be transferred at no cost to another law enforcement agency with a State Parks approved marine law enforcement program (e.g., city or county law enforcement agency) if such equipment will remain in use and be dedicated to the MLE program. The conditions for such transfer shall be stipulated by the MLE and shall include the same requirements as those imposed in the original grant. Any cash or in-kind match paid when the equipment was originally purchased will be forfeited in total.
- If the equipment cannot be transferred to another law enforcement agency with a state approved marine law enforcement program, it must be sold at the discretion of the MLE, and the Subrecipient shall pay MLE the proceeds of the sale or the fair market value of the equipment, whichever is the greatest.

12.6.1 Equipment Breakdown

In the event an equipment breakdown occurs during the grant period, Subrecipient shall notify MLE within ten (10) working days of breakdown. The equipment must be repaired and fully operational within thirty (30) working days after the breakdown, where the breakdown can be remedied with normal expected repairs for one thousand dollars (**\$1000**) or less. For repairs greater than one thousand dollars (**\$1000**) the equipment must be fully operational within sixty (60) days after the

breakdown. A written report for all breakdowns must be submitted via email to MLE within two (2) weeks of the breakdown describing the problem(s), repair(s), and the cost(s).

A failure to notify MLE of an equipment breakdown and plan for repairs may result in the withholding of grant funds.

13.1.2 Special Survivorship Note: Ownership is not absolute. Regardless of agreement's expiration, anything tangible, intangible, or intellectual property that was purchased or created from federal funds or funded with federal funds maintains federal and state MLE entanglements, requirements, or conditions (conditional ownership), unless/until released by MLE or federal government in writing. While other conditions may apply, typically a release would occur upon the MLE, or federal government being completely satisfied that the item in question has reached the end of its useful life which is usually a dollar value. Determination of value is solely at the discretion of the MLE or federal government. Should professional appraisal services be needed to determine value, these costs shall be borne by the Subrecipient. The relative fault of MLE on the one hand and of Subrecipient on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines, or settlement amounts. The relative fault of Subrecipient on the one hand and of MLE on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines, or settlement amounts. Subrecipient's contribution amount in any instance is capped to the same extent it would have been capped under Washington law if it had sole liability in the proceeding.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous.
