Bellingham, WA 98225

**Subject: Samish Water District
Comprehensive Sewer Plan - 2023 Update**

Dear Ms. Sterling:

In reply to your letter, and in accordance with reference RCW 57.16.010, I hereby **approve** subject *Samish Water District Comprehensive Sewer Plan – 2023 Update*.

Please note the following related to this approval:

- The District should coordinate its planned water and sewer system facilities construction program with the County's planned road construction program.
- All work performed in a County public road right-of-way requires a Revocable Encroachment Permit as a prerequisite. Spencer Robbins, 360.815.4026, is the County's Revocable Encroachment Permit coordinator.
- Depending on the scope of work of any given District planned water and sewer system facilities project, the County might require:
 - Other permits (e.g., building, conditional use, land disturbance, shoreline) as a prerequisite to project execution, and
 - Stormwater management documentation, with possible consequent engineered stormwater management system design.

Sincerely,

Doug Ranney, PE
County Engineer

Dear Elizabeth,

Whatcom County Health and Community Services has received and reviewed the Samish Water District's Comprehensive Sewer Plan-2023. We appreciate the efforts put forth to update the District's Comprehensive Sewer Plan. In accordance with RCW 57.16.010, the Whatcom County Health and Community Services hereby approves the District's plan.

Please feel free to contact me should you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Sue Sullivan".

Sue Sullivan, MBA
Whatcom County Environmental Health Manager
