receive the lifetime achievement award for healthcare innovation  
from the World Health Care Congress.

8. Please describe why  
you're interested in  
serving on this  
Advisory Group.

I want to serve because I believe local frontline healthcare professionals are essential partners in Whatcom County's economic development, yet their voices often aren't heard in policy discussions. I'd like to help ensure that our local healthcare industry—from independent clinicians to the Health Department—has strong representation as the County makes decisions affecting business and economic development. My experience working with healthcare professionals nationwide has shown me how important it is to bridge the gap between healthcare delivery and economic policy at the community level. I have chronicled and been part of communities transforming healthcare leading to crime plummeting and scholastic achievement soaring.
