WATER RESOURCES One Time Grant FINANCIAL ASSISTANCE AGREEMENT

BETWEEN THE STATE OF WASHINGTON DEPARTMENT OF ECOLOGY

AND

Whatcom County

This is a binding Agreement entered into by and between the State of Washington, Department of Ecology, hereinafter referred to as "ECOLOGY" and Whatcom County hereinafter referred to as the "RECIPIENT" to carry out with the provided funds, the activities described herein.

GENERAL INFORMATION

Project Title: WRIA 1 Water Rights Adjudication Filing Assistance

Total Cost:	\$200,000
Total Eligible Cost:	\$200,000
Ecology Share:	\$200,000
Recipient Share:	\$0
The Effective Date of this Agreement is:	7/1/2025
The Expiration Date of this Agreement is no later than:	6/30/2026
Project Type:	N/A

Project Short Description: (500-character limit, includes spaces)

The RECIPIENT will use this funding to develop and implement outreach efforts related to the Water Resource Inventory Area (WRIA) 1 water rights adjudication with the goal of increasing court claim form submissions by raising public awareness and providing filing assistance to affected water users.

Project Long Description: (8,000-character limit, includes spaces)

ECOLOGY has begun a water rights adjudication in Water Resource Inventory Area (WRIA) 1, commonly known as the Nooksack Basin. This area includes Bellingham Bay, Birch Bay, Chuckanut, Drayton Harbor, Lake Whatcom, Lummi Bay, Nooksack River, Point Roberts, and Sumas River watersheds, covering the majority of both incorporated and unincorporated Whatcom County.

In March 2025, ECOLOGY mailed adjudication summonses to more than 30,000 identified landowners who use surface or groundwater within WRIA 1. These water users include holders of approximately 5,000 water right documents as well as about 20,000 permit-exempt wells.

Landowners who use surface water or groundwater will need to file a court claim form within one year of receiving their summons and self-report details about their historical and current water use. Over time, the court will conduct a legal review of all claimed water rights to determine their validity and priority. Municipal utility customers and group systems with a designated representative filing on their behalf are not required to participate.

Whatcom County Council secured funding from the Washington State Legislature to provide filing and legal assistance for the water users participating in the WRIA 1 water rights adjudication. This agreement fulfills that request.

The RECIPIENT will use this funding to develop and implement outreach to maximize participation in the WRIA 1 adjudication process. The outreach will prioritize increasing public awareness and equipping water users with the resources, guidance, and support they need to navigate the legal process to file timely and accurate court claim forms. Assistance will focus particularly on permit-exempt well users, Group B well users, farms, and small water districts.

Due to the nature of the funding source, the total funding must not exceed \$200,000 for the 2025-2026 fiscal year. ESSB sec. 302 (36) pg. 316: \$200,000 of the general fund—state appropriation for fiscal year 2026 is provided solely for a grant to Whatcom County to provide technical assistance that must be made available to all water users in WRIA 1 in filing adjudication claims under RCW 90.03.140. This assistance must be administered by Whatcom County and no portion of this funding may be used to contest the claims of any other claimant in the adjudication.

Overall Goal: (1,000-character limit, includes spaces)

The RECIPIENT'S overall goal is to ensure water users have access to accurate information and receive the support needed to successfully file their court claim forms for the WRIA 1 adjudication.

ECOLOGY reserves the right to terminate this Agreement if RECIPIENT fails to commence work on the project funded within four (4) months after the effective date of this Agreement, or by any date mutually agreed upon in writing for commencement of work, or the time period defined within the Scope of Work.

Non-Performance. The obligation of ECOLOGY to the RECIPIENT is contingent upon satisfactory performance by the RECIPIENT of all of its obligations under this Agreement. In the event the RECIPIENT unjustifiably fails, in the opinion of ECOLOGY, to perform any obligation required of it by this Agreement, ECOLOGY may refuse to pay any further funds, terminate in whole or in part this Agreement, and exercise any other rights under this Agreement.

Despite the above, the RECIPIENT shall not be relieved of any liability to ECOLOGY for damages sustained by ECOLOGY and the State of Washington because of any breach of this Agreement by the RECIPIENT. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

Non-Allocation of Funds. ECOLOGY's ability to make payments is contingent on availability of funding. In the event funding from state, federal or other sources is withdrawn, reduced, or limited in any way after the effective date and prior to the completion or expiration date of this Agreement, ECOLOGY, at its sole discretion, may elect to terminate the Agreement, in whole or part, or renegotiate the Agreement, subject to new funding limitations or conditions. ECOLOGY may also elect to suspend performance of the Agreement until ECOLOGY determines the funding insufficiency is resolved. ECOLOGY may exercise any of these options with no notification or restrictions, although ECOLOGY will make a reasonable attempt to provide notice. In the event of termination or suspension, ECOLOGY will reimburse eligible costs incurred by the RECIPIENT through the effective date of termination or suspension. Reimbursed costs must be agreed to by ECOLOGY and the RECIPIENT. In no event shall ECOLOGY's reimbursement exceed ECOLOGY's total responsibility under the Agreement and any amendments.

If payments have been discontinued by ECOLOGY due to unavailable funds, the RECIPIENT shall not be obligated to repay monies which had been paid to the RECIPIENT prior to such termination.

RECIPIENT's obligation to continue or complete the work described in this Agreement shall be contingent upon availability of funds by the RECIPIENT's governing body.

c) By Mutual Agreement

ECOLOGY and the RECIPIENT may terminate this Agreement, in whole or in part, at any time, by mutual written agreement.

d) In Event of Termination

All finished or unfinished documents, data studies, surveys, drawings, maps, models, photographs, reports or other materials prepared by the RECIPIENT under this Agreement, at the option of ECOLOGY, will become property of ECOLOGY and the RECIPIENT shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials.
