I have served peoples impacted by severe mental illness, substance use disorders, and those unhoused. I have done disease prevention, run the syringe exchange program, lectured at WWU and WCC, supervised many programs and teams, and mentored countless social service and nursing professionals. Currently, I have become disabled and as I learn to navigate my new life I am hoping to return to work some day.
8. Please describe why you're interested in serving on this Advisory Group.	I have been diagnosed with Parkinson's disease. In one year I've gone from driving region wide for work, to giving up my car, using a walker on tough days and a cane when I'm feeling well. My world view has been turned upside down and in many ways I'm grateful for it. The ADA has come into full focus for me and I believe that I can add to the discussion and oversight.
