DATE: July 18, 2023

Enclosed are two (2) originals of County Program Agreement for consolidated services between State of Washington Department of Children, Youth and Families and Whatcom County for your review and signature.

- **Background and Purpose**
The purpose of this agreement allows for continuing services for the Parents for Parents program operated by Whatcom County Superior Court. Whatcom County has provided this program since 2015.
- **Funding Amount and Source**
Children's Home Society of Washington will reimburse for services provided by Whatcom County Superior Court up to \$42,536.78 for the contract period.
- **Differences from Previous Contract**
This contract is for only a one year period. Additionally, it now includes a budget line item dedicated to compensation for parent allies (separate from the Parents for Parents Coordinator). It also sets a specific amount for clinical supervision and creates a fixed budget for program expenses (formerly this was a percentage).
