

Whatcom County Council
311 Grand Street
Bellingham, WA 98225

January 14, 2020

Dear County Council Member,

The attached petition contains 800 signatures from Rowers, Paddlers, Swimmers and other shoreline recreators of Lake Samish. The vast majority live here in Whatcom County, as is indicated with their signature. They are asking that you not change the current protections of 300 feet buffer from shore and docks for power boaters, and that the no-wake zone be left as it is. I have also attached a printout of their comments, some of which come from Physicians who have treated the horrific injuries that result when a power boat collides with people.

The power boaters are angry about how we got here. They want to turn this into a public debate on the process that created our current safety ordinances, as though public opinion has any part in public safety. One can only imagine what speed limits might look like if this were the case.

This issue is first and foremost about safety. When a power boat collides with a swimmer, rower, or paddler the boat sustains minor damage, but the person struck may be mortally wounded. Thus it is imperative that generous measures be undertaken to protect those who are most vulnerable while using the lake. We, the undersigned, believe the current ordinances on Lake Samish accomplish that. To reduce these protections in any way would amount to little more than trading our safety for the pleasure of power boaters. We reject that notion.

The traffic on Lake Samish has increased meaningfully as the population of Whatcom County has grown. Please don't wait for someone to be killed or injured before taking this issue seriously.

Respectfully,

David Mauro

Letter: Greetings,

I am very concerned for the safety of myself and my fellow rowers, paddlers and swimmers on Lake Samish. The current ordinances requiring power boaters to stay 300 feet from the shore and docks gives shoreline recreators like myself the same essential buffer of separation on Lake Samish that has long been enjoyed on Lake Whatcom. But a group of power boaters is asking you to reduce the safety buffer for power boats to 150 feet from shore and docks on Lake Samish. I object to this notion in the strongest way possible and ask that you leave the ordinances on Lake Samish exactly as they are.

Further, the current no-wake zone extending from the bridge to the end of Greene Point should also be left as is. The narrowing shoreline in that area amplifies boat wakes, making paddling, rowing, and swimming very difficult. It should be noted that power boaters also use this area to relax and swim from their boats.

Power boaters already enjoy the vast majority of Lake Samish for waterskiing, wake boarding, etc. Please do not reduce the modest space set aside for the rest of us.

Signatures

Reasons for signing

See why other supporters are signing, why this petition is important to them, and share your reason for signing (this will mean a lot to the starter of the petition).

Linda Gerner
2 days ago

If you can't hang with the bigger dogs, stay on shore.

Thomas Ludwig
2 days ago

As a recreational user of Lake Samish, and a physician who takes care of trauma patients, I've seen many close calls between boaters and non motorized users of Lake Samish. Though most boaters are polite and respectful, changing the current rule will increase the number of dangerous interactions with the few who aren't.

Erick Maurer
3 days ago

To help others out for a good cause.

Bonnie Barker
3 days ago

Lakes are special places, glorious places, sacred places. I speak for the animals and plants who suffer petroleum-powered intrusions upon nature

Colleen Marie
3 days ago

Colleen Marie
Shouldn't be ANY power boats on Lake Samish or Lake Whatcom!

Emily Davis
3 days ago

I paddle board and kayak and don't want to be run over. ☐

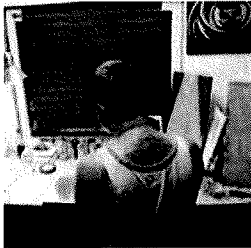

Donna Woolman
4 days ago

Donna Woolman. Protect the safety of swimmers and paddlers.

Ben Johnson
4 days ago

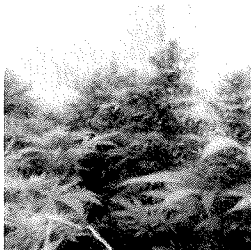

I grew up on the lake. I always loved swimming off the dock, paddling around the lake, and boating. I don't see why it has to be one or the other. Boats have plenty of space on

the lake while also leaving room for safety and swimmers. It doesn't belong to just one person or group, we should all enjoy the lake together. In the past there were less boats with smaller wakes and the boats paid more attention to where people were swimming. Now there's many boats who ignore the current rules and cause dangerous situations. I myself half almost been hit multiple times by boats not paying attention over the years and think it's ridiculous to shrink the zone where swimmers are supposed to be safe. I think it should stay as long as is reasonable and enforced more to prevent boaters from ignoring the rules that make us all safe.

bobby wayne
5 days ago

Swimming and paddle boarders are safer and better for the environment

DAHVID HILL
5 days ago

I feel safety shouldn't in place , not just to people who can to powerboat but to the swimmers children and other citizens as well

cassie wolfskill

5 days ago

Let's keep our lakes clean, and quiet, power boats in a lake like this, around homes is not a good idea! Children swim in these lakes, and unfortunately power boaters tend to be heavy drinkers, and in a lake like this one, increasing boating activities, would increase the likelihood of a fatality.

Donna DeAnnuntis

5 days ago

I signed this petition because I take my son there to swim and Kayak, and I would feel very unsafe!

Josh Zacharias

5 days ago

Equal access to recreation is a right to everyone and the wants of the few should not outweigh the many

Ann Rushing

6 days ago

There are very few clean lakes to swim and paddle boats in. I don't think we need power boats coming any closer to the shoreline. No on decreasing the safety zone!!!!

Gloria martinez
6 days ago

I don't think this is fair or necessary.

Marc Geisler
6 days ago

I'm signing this petition because I have lived on Roy Road lake Samish and still regularly swim and paddle there, but have had to curtail my activity due to increased boat traffic and safety issues.

Katie Storrs
6 days ago

I'm an avid swimmer and would feel very threatened by boats that close.

Mark Lazich

This is a safe haven for many Bellingham residents and it should not be destroyed by a small group of selfish boaters who parade around drinking beer and blasting music!

Gundela Stutz

7 days ago

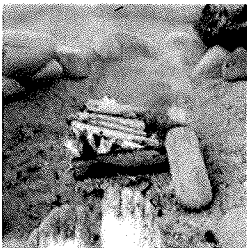

I spend quite a bit of time at Lake Samish and enjoy the quiet when the larger boats aren't around.

MARY COULTHURST GLAZE

1 week ago

The health, well being and rights /access of swimmers and other non motorized individuals need my vote. Motorized vehicles (boats, etc) have enough already.

Margaret Kinsella

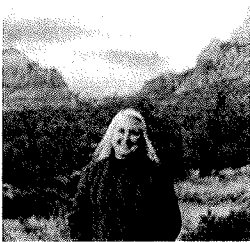

1 week ago

For safety of non- motorized water craft, protection of shoreline, reduce noise pollution and there's plenty of room for motorized fun 300 feet off shore!

Katelynn Sorensen
1 week ago

I support this petition. Motorboats don't need all lakes to themselves. Greedy and rude!

Laurie Reynolds
1 week ago

Safety is a prime obligation and right of public waterway users.

Ray Pederson
1 week ago

I have been coming to this lake since I was a kid and have ever only used this small safety area for swimming, paddle boarding and canoeing. I can't imagine not having it

there. All recreational users deserve space in Lake Samish, that's what makes our inclusive community so great! Let's keep it that way!

Leif Anderson

1 week ago

swimming, paddling, canoeing, and other forms of recreation are just as important as power boating

Cat Christ

1 week ago

Safety and peace cannot be strong armed into oblivion.

Patrick Curry

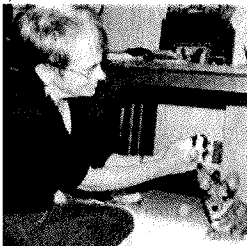

1 week ago

I live at Lake Samish and want to preserve the quality and safety of water activities for my 6 grandchildren and others

Irena Baker

1 week ago

I am signing because I have used this beautiful lake to row my small shell. Because of safety and more inclusive usage of the lake I support this initiative.

Kathie Hagwell

1 week ago

I'm not a fan of increasing motor vehicles on our lakes.

Malia McDowell

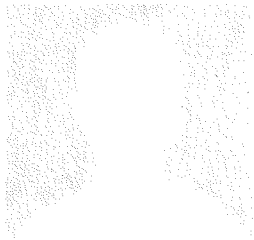

1 week ago

Maintaining a safety buffer seems like an obvious priority.

David Johnson

1 week ago

Because we all need safe access to our public lakes and boaters need to ne held to the 300 feet safety zone.

Meredith Fine

1 week ago

Power boats need to stay further from shore.

HEIDI ALFORD

1 week ago

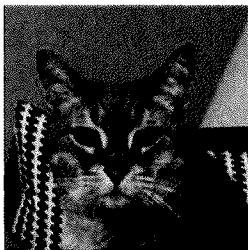

I'm signing because I think the safety of swimmers and paddlers is paramount and the safety zone needs to be 300'!

Kendra Williams

1 week ago

This is the stupidest thing I've ever heard. Keep people safe you morons.

David Brannon

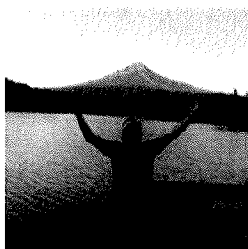

1 week ago

there can be powerboats and swimmers, they just need room and a buffer proportional to the potential harm. I know someone hit and disfigured by a powerboat... very scary!

Millie Johnson

1 week ago

I was raised in a water skiing, swimming, and paddling family. Lake Samish is big enough for all of us to cooperate and recreate together. Please keep the safety factor in mind. Very poor odds for a swimmer against a power boat.

S Carl Tobin

2 weeks ago

Motorized recreation is an oxmoron.

Gale Grove
2 weeks ago

Everybody should be able to enjoy the lake, boaters, swimmers and room to enjoy the lake without interference by motor driven boats is essential.

Brenna Kentch
2 weeks ago

Lake samish is the cleanest lake in the area and small and my family had been going there for 50 years. The better choice would be to simply ban power boats all together so little kids dont get drowned by wake from those already too close to the shore and the lake can remain clean, and we can enjoy the quiet beauty without screaming boaters and engines.

kelly swordmaker
2 weeks ago

I've seen how the speedboats fly around the lake! Not safe, times are changing.

laura Gold Rasmussen

2 weeks ago

I'd like to actually kyack and paddle board a distance

Robert E Gigliotti

2 weeks ago

I live very near Lake Samish.

Edward Wang

2 weeks ago

Although I don't kayak on Lake Samish, I do (frequently!) on Lake Whatcom and see first hand the issues with wake and other powerboats on non-motorized users, including the erosion caused by the wakes. IMO, the existing regulations should stand, and the power boat community needs to learn to share the resource.

mehrab khosbakht

2 weeks ago

I swim and kayak there all the time and I care for my rights!

Merida Scully

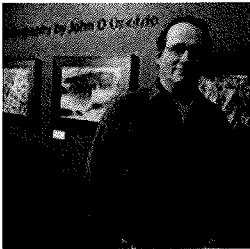

2 weeks ago

I am a rower, SUP user, and kayaker, on Lake Samish. I feel that motor boaters are not fully considering all users of the lake as they seek to reduce the current safety zone. This buffer zone is necessary because it protects me as a non motorized water craft user from being flipped and/or run over by jet skis, ski boats, and wake boats. It allows me to be on the lake along side my motorized brethren. Does my voice count for less if I am not using a noisy, fast, motorized boat? Thank you.

Bev Mayhew

2 weeks ago

We're a family of paddlers and feel that safety for all boaters should be paramount.

John Donofrio

2 weeks ago

This is simply common sense...

Kelly Krieger

2 weeks ago

Safety! As a paddler, these no wake zones are critical. Also, as a former resident of the lakeside, I am certain that noise issues (already bad) will increase with power boats

closer to shore. ALSO, power boats are bad for our water quality - their use should be restricted, not encouraged.

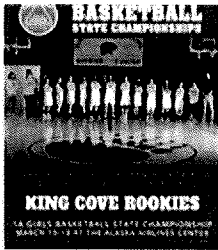

Alan Lipp
2 weeks ago

I can't stand power boats. Please ban them entirely from Lake Samish and Lake Whatcom!

Lisa McKeen
2 weeks ago

I'm a boater. Safety should prevail.

Rebecca Bendixen
2 weeks ago

Our water needs to be kept clean and safe....

Clark Parrish
2 weeks ago

I am an open water swimmer and wish to be safe when doing so.

Ray Poorman
3 weeks ago

I was run over by a boat swimming less than 100l from shore in lake Whatcom safety buffers are required and should be enforced, but swimmers, cancers and paddle boarders should obey boating laws as well and not meander the entire lake

Dave Mauro
3 weeks ago

I'm signing because power boaters already have 80% of the lake to do as they wish. Those of us who cannot afford a power boat far outnumber those who can. We deserve a safe place to also enjoy Lake Samish.
