Hi, Kristi –

I'm working on your current update, and a question has come up:

Ord. 2019-008 amends Ch. 2.03, Boards and Commissions. Some sections were renumbered, but the clean version and the strike version don't match in this regard, and the digests both match how the chapter previously read.

Additionally, the strike version seems to run 2.03.010 and 2.03.020 together, whereas the clean version keeps them as separate sections.

For now, we have the chapter set up as it appears in the clean version of Ord. 2019-008. Please let us know if this change is incorrect.

Thanks,
