Program Specific Requirements

The Steering Committee is engaged in a long-term, multi-biennial, phased, building-block approach to full funding and implementation of of FPHS statewide that includes:

- Full funding of FPHS with adequate, dedicated, stable funding that keeps pace with inflation and demand for services
- Full implementation of FPHS that includes system transformation and modernization to deliver services in the most equitable, effective, and efficient manner possible for the funds available

Foundational Public Health Services Definitions and related information can be found here: www.doh.wa.gov/fphs or [FPHS | Powered by Box](#).

Stable funding and an iterative decision-making process – The FPHS Steering Committee is the decision making body for FPHS. The Steering Committee provides oversight including determination of goals, priorities, budget request, funding allocation and accountability metrics. The Steering Committee relies on FPHS Subject Matter Expert (SME) Workgroups and other FPHS workgroups to ensure a collaborative, systemwide, decision making process. The Steering Committee use an iterative approach to decision making. This means that additional tasks and/or funds may be added to a local health jurisdiction’s (LHJ) FPHS Statement of Work (SOW) as funding decisions are made.

Annual Allocations – The legislature appropriates FPHS funding on an annual basis and the FPHS Steering Committee allocates funds annually through the FPHS Concurrence Process for the State Fiscal Year (SFY): July - June. FPHS funds can be applied retroactively to expenditures within the SFY for which they were allocated even if the expenditure occurred before the Steering Committee made the allocation decision or the agency contract was signed.

SFYs are named for the year in which they end. The state biennium is named for the year in which it begins and ends.

- SFY22 (July 1, 2021 – June 30, 2022); half of annual FPHS allocation disbursed July 1, 2021 and January 1, 2022
- SFY23 (July 1, 2022 – June 30, 2023); half of annual FPHS allocation disbursed July 1, 2022 and January 1, 2023
- SFY 22 & 23 comprise the 2021 – 2023 Biennium (21-23)

The Legislature appropriates FPHS funding amounts for each fiscal year of the biennium. This means that funds must be spent within that fiscal year and cannot be carried forward. Any funds not spent by June 30th each year must be returned to the State Treasury. Funding allocations reset and begin again at the start of the next fiscal year (July 1).

The Consolidated Contract (ConCon) is based on the calendar year and renewed every 3 years. FPHS statements of work may include reference information such as allocations, fund disbursement schedules, deliverable due dates, etc. that fall outside of the current 3-year contract period if they are part of the same state fiscal year. The purpose for including this information in the ConCon is to provide a) historical information from the previous ConCon cycle; and/or b) prospective information about future ConCon cycle, if they are part of the same SFY.

Disbursement of FPHS funds to LHJs – Unlike other ConCon grants, FPHS bill-back to DOH is NOT required. Half of the annual FPHS funds allocated by the Steering Committee to each LHJ are disbursed, each July and January. The July payments to LHJs and access to FPHS allocation for all other parts of the governmental public health system occur upon completion of the FPHS Annual Assessment.

Spending of FPHS funds – The FPHS funds are for assuring FPHS services are available, and as reflected in the SOW. Each agency is responsible for deciding how to spend their funds within the parameters established by the FPHS Steering Committee and the SOW contract. Assurance includes providing the FPHS as part of your jurisdiction's program operations, contracting with another governmental public health system partner to provide the service, or receiving the service through a new service delivery model such as cross-jurisdictional sharing or regional staff.

Deliverables – FPHS funds are to be used to increase the availability of FPHS services statewide. The FPHS accountability process measures how funds are sent, along with changes in system capacity through the FPHS Annual Assessment, system performance indicators, and other data. Each part of the governmental public health system that receives FPHS funds must complete:

1. Routine reporting of spending and spending projections. Process and reporting template are provided by the FPHS Steering Committee via FPHS Support Staff.

Unspent or projected unspent funds may be reallocated by the Steering Committee to other FPHS activities in order to fully utilize funds within the state fiscal year timeframe to deliver services to Washington communities. Any FPHS funds unspent at the end of the state fiscal year (ending June 30) revert to the state treasury. Because LHJs receive funds up front, prospectively, any unspent funds must be returned to DOH by end of July of each year for DOH to return to the Office of Financial Management.

2. FPHS Annual Assessment is due each July to report on the previous state fiscal year. Process and reporting template are provided by the FPHS Steering Committee via FPHS Support Staff. System results are published in the annual FPHS Investment Report available at www.doh.wa.gov/fphs.

There are two different BARS Revenue Codes for “state flexible funds” to be tracked separately and reported separately on your annual BARS report. These two BARS Revenue Codes and definitions from the State Auditor’s Office (SAO’s) are listed below along with a link to the BARS Manual. 336.04.25 is the new BARS Revenue Code to use for the Foundational Public Health Services (FPHS) funds included in this statement of work.

336.04.24 – County Public Health Assistance

Use this account for the state distribution authorized by the 2013 2ESSB 5034, section 710. The local health jurisdictions are required to provide reports regarding expenditures to the legislature from this revenue source.

336.04.25 – Foundational Public Health Services

Use this account for the funding designated for the local health jurisdictions to provide a set of core services that government is responsible for in all communities in the WA state. This set of core services provides the foundation to support the work of the broader public health system and community partners. At this time the funding from this account is for delivering ANY or all of the FPHS communicable disease services (listed above) and can also be used for the FPHS capabilities that support FPHS communicable disease services as defined in the most current version of FPHS Definitions.

Activity Special Instructions:

1. FPHS funds to each LHJ

These funds are allocated to each Local Health Jurisdiction to assure FPHS are available in their own jurisdiction. In coordination with the FPHS Steering Committee and Subject Matter Expert (SME) Workgroups, these funds may be used to provide any of the activities described in the most current version of FPHS definitions for foundational programs and foundational capabilities. Each LHJ is empowered to prioritize where and how to use these funds to maximize equitable, effective and efficient delivery of FPHS to every community in Washington.

Even if FPHS services are provided by another agency through a contract, new service delivery model, or centralized service delivery model (such as the State Public Health Lab), all agencies that receive FPHS funds are responsible for reporting progress on the availability and implementation within their jurisdiction using the FPHS Annual Assessment.

These funds are not intended for fee-based services such as selected environmental public health services, licensing of healthcare facilities, screening of newborn babies for congenital disorders, etc. As state funding for FPHS increases, other funds sources (local revenue, grants, federal block grants) should be directed to the implementation of additional important services and local/state priorities as determined by each agency/jurisdiction.

Use BARS expenditure codes from the list above that most closely align with expenditure made.

Pandemic Response – These FPHS funds are to be used as directed and allocated by the FPHS Steering Committee to deliver FPHS services. As the global COVID-19 pandemic and the public health response to it continues to wane, these FPHS funds can be braided with and used to supplement other short-term pandemic response funding as needed for FPHS activities during this period of performance through 6/30/23. Responding to pandemics, epidemics and public health emergencies are foundational services of the governmental public health system.

2. Assessment funds to each LHJ – (FPHS definition G.2)

These funds are allocated to each Local Health Jurisdiction to assure FPHS are available in their own jurisdiction - Support LHJ assessment capacity with flexible funds to meet locally identified needs. BARS expenditure codes: 562.10 or 11

3. Assessment funds to each LHJ – CHA/CHIP (FPHS definitions G.3)

These funds are allocated to each LHJ to assure FPHS are available in their own jurisdiction -

Support any CHA/CHIP activity or service (e.g., data analysis, focus groups, report writing, process facilitation) and may be used to contract with other agencies for staff time or services. Use BARS expenditure codes: 562.11

4. Assessment – Shared Epidemiology – General (Assessment/Surveillance, CHA/CHIP) (FPHS definitions G.1, 2)

These funds are to select LHJs to assure FPHS are available in their own jurisdiction - Provide general assessment epidemiology focused on COVID, CHAs/CHIPs and/or local public health assessment needs. Use BARS expenditure codes: 562.10

- Whatcom
- Yakima

5. CD – Hepatitis C (FPHS definitions C.4.o-p)

These funds are to select LHJs to assure FPHS are available in their own jurisdictions – Address Hepatitis C cases per guidance developed by the statewide FPHS Communicable Disease Workgroup, including, but not limited to: shared priorities, standardized surveillance, minimum standards of practice, common metrics and staffing models. Use BARS expenditure codes: 562.24.

The priorities for the 2021-2023 biennium (July 2021 – June 2023):

- Surveillance – entering labs into Washington Disease Reporting System (WDRS), enter acute cases into WDRS.
- Investigation – focus on acute cases: people aged 35 or younger, newly diagnosed, pregnant women, people seen in the ED/inpatient, Black, Indigenous and People of Color or other historically marginalized population and incorporate Hepatitis B work.

6. CD – Case investigation Capacity (FPHS definitions C.2, C. 4)

These funds are to select LHJs to assure FPHS are available in their own jurisdictions - Support LHJ communicable disease capacity to conduct case investigation and follow up to reduce gaps and meet locally identified needs that address notifiable conditions responsibilities. Use BARS expenditure codes: 562.23-29.

7. CD – TB – Part 2 (FPHS definition C.4.q-v)

Funding allocated to LHJs with high Tuberculosis (TB) burden - Expand capacity to conduct timely investigation for all infectious TB cases, conduct outreach and evaluation to Class B arrivers and infected contacts, provide education and resources to promote engagement with community providers, and coordinate case management for patients with LTBI. Use BARS expenditure codes: 562.23.

8. EPH – Safe and Healthy Communities (FPHS definitions B.1, B.2, B.3, B.6, B.7)

Establish model program for State Environmental Policy Act (SEPA) reviews – policy work related to environmental and health impacts. Initial staffing will develop a process for receiving, prioritizing, and completing SEPA reviews and Health Impact Assessments. A key aspect of year one will be building relationships within the selected region with LHJs, Tribes, community partners, and academic institutions. Use BARS expenditure code: 562.40

Anticipated expenses include, but are not limited to:

- Staffing

9. EPH – Climate Change Response (FPHS definitions B.1, B.2, B.3, B.6, B.7)

The goal of this investment is to fund education, communications, and response needs for wildfire smoke and harmful algal blooms. These funds should be used to establish sufficient capacity to contribute to the public health education, communication, and response efforts necessary to reduce the public health impacts of wildfire

smoke exposure, as well as the capacity to help communities prepare for wildfire smoke events through education, community engagement, guidance development, and emergency response. These activities should reduce LHJ reliance on DOH toxicology capacity to help them determine appropriate and consistent messaging and next steps, in addition to providing adequate funding to collect necessary samples or pay for laboratory costs. Use BARS expenditure code: 562.40

Anticipated expenses include, but are not limited to:

- Staffing
- Sampling and laboratory costs

10. EPH – Toxicology and Environmental Epidemiology (FPHS definitions B.1, B.2, B.6, B.7)

Conduct investigations, research, communications, and data analysis related to toxic exposures. LHJs will work with DOH and tribes to identify environmental epidemiology, toxicology and community engagement needs, and conduct needs assessments on needs for a model program to place capacity closer to the communities potentially affected. Use BARS expenditure code: 562.50.

Anticipated expenses include, but are not limited to:

- Staffing
- Travel

11. EPH – Water System Capacity (FPHS Definitions B.3, B.6, B.7)

The goal of this investment is to increase LHJ capacity for water resource management and planning. This request was funded in 2022 as a "core team" and this new request is for LHJ capacity to engage in key issues related to water resources management, planning, etc. Use BARS expenditure code: 562.43 or 53.

Anticipated expenses include, but are not limited to:

- Staffing

12. EPH – Core Team: Homelessness (FPHS definitions B.2, B.6, B.7)

Develop model program for chief health strategists for homelessness and community engagement strategies. In 2022, a core team will consist of a Community Health Strategist for Homelessness (1 FTE) and a Community Engagement Specialist (1 FTE). This team will spend time connecting with Local and Urban Indian Health partners to better understand their needs and what support is required from DOH. They will use this learning to determine the remaining 4.0 FTE that need to be hired, with the goal of opening these roles in late 2022 and hiring throughout 2023. Included in this FTE will be a manager that all FPHS Homelessness roles will report to. This team will eventually select one or two regions in the state to work with to develop a model program that can be adapted, extended, and adopted in other parts of the state as needed over time. Use BARS expenditure code: 562.40

Anticipated expenses include, but are not limited to:

- Staffing

13. Lifecourse – Infrastructure & Workforce Capacity (FPHS definitions D, E, F)

These funds are to each LHJ to assure FPHS are available in their own jurisdictions - Infrastructure and workforce investments to each LHJ to meet fundamental needs in three areas: Maternal/Child/Family Health; Access/Linkage with Medical, Oral and Behavioral Health Services; and Chronic Disease, Injury and Violence Prevention. Use BARS expenditure codes: 562.60 or 70 or 80.
