This contract is a result of Whatcom County RFQ #22-11 and provides reimbursement for services provided by Bird's Eye Medical personnel operating COVID-19 vaccine clinics and administering vaccines at community vaccination clinics (CVC) throughout Whatcom County.

GENERAL CONDITIONS

Series 00-09: Provisions Related to Scope and Nature of Services

0.1 Scope of Services:

The Contractor agrees to provide to the County services and any materials as set forth in the project narrative identified as Exhibit "A", during the agreement period. No material, labor, or facilities will be furnished by the County, unless otherwise provided for in the Agreement.

Series 10-19: Provisions Related to Term and Termination

10.1 Term:

Services provided by Contractor prior to or after the term of this contract shall be performed at the expense of Contractor and are not compensable under this contract unless both parties hereto agree to such provision in writing. The term of this Agreement may be extended by mutual agreement of the parties; provided, however, that the Agreement is in writing and signed by both parties.

10.2 Extension:

The duration of this Agreement may be extended by mutual written consent of the parties, for a period of up to one year, and for a total of no longer than three years.

11.1 Termination for Default:

If the Contractor defaults by failing to perform any of the obligations of the contract or becomes insolvent or is declared bankrupt or commits any act of bankruptcy or insolvency or makes an assignment for the benefit of creditors, the County may, by depositing written notice to the Contractor in the U.S. mail, first class postage prepaid, terminate the contract, and at the County's option, obtain performance of the work elsewhere. Termination shall be effective upon Contractor's receipt of the written notice, or within three (3) days of the mailing of the notice, whichever occurs first. If the contract is terminated for default, the Contractor shall not be entitled to receive any further payments under the contract until all work called for has been fully performed. Any extra cost or damage to the County resulting from such default(s) shall be deducted from any money due or coming due to the Contractor. The Contractor shall bear any extra expenses incurred by the County in completing the work, including all increased costs for completing the work, and all damage sustained, or which may be sustained by the County by reason of such default.

11.2 Termination for Reduction in Funding:

In the event that funding from State, Federal or other sources is withdrawn, reduced, or limited in any way after the effective date of this Agreement, and prior to its normal completion, the County may summarily terminate this Agreement as to the funds withdrawn, reduced, or limited, notwithstanding any other termination provisions of this Agreement. If the level of funding withdrawn, reduced or limited is so great that the County deems that the continuation of the programs covered by this Agreement is no longer in the best interest of the County, the County may summarily terminate this Agreement in whole, notwithstanding any other termination provisions of this Agreement. Termination under this section shall be effective upon receipt of written notice as specified herein, or within three days of the mailing of the notice, whichever occurs first.

11.3 Termination for Public Convenience:

The County may terminate the Agreement in whole or in part whenever the County determines, in its sole discretion, that such termination is in the interests of the County. Whenever the Agreement is terminated in accordance with this paragraph, the Contractor shall be entitled to payment for actual work performed at unit contract prices for completed items of work. An equitable adjustment in the contract price for partially completed items of work will be made, but such adjustment shall not include provision for loss of anticipated profit on deleted or uncompleted work. Termination of this Agreement by the County at any time during the term, whether for default or convenience, shall not constitute breach of contract by the County.

Series 20-29: Provisions Related to Consideration and Payments

20.1 Accounting and Payment for Contractor Services:

Payment to the Contractor for services rendered under this Agreement shall be as set forth in Exhibit "B." Where Exhibit "B" requires payments by the County, payment shall be based upon written claims supported, unless otherwise provided in Exhibit "B," by documentation of units of work actually performed and amounts earned, including, where appropriate, the actual number of days worked each month, total number of hours for the month, and the total dollar payment requested, so as to comply with municipal auditing requirements.

Unless specifically stated in Exhibit "B" or approved in writing in advance by the official executing this Agreement for the County or his designee (hereinafter referred to as the "Administrative Officer") the County will not reimburse the Contractor for any costs or expenses incurred by the Contractor in the performance of this contract. Where required, the County shall, upon receipt of appropriate documentation, compensate the Contractor, no more often than monthly, in accordance with the County's customary procedures, pursuant to the fee schedule set forth in Exhibit "B."

21.1 Taxes:

The Contractor understands and acknowledges that the County will not withhold Federal or State income taxes. Where required by State or Federal law, the Contractor authorizes the County to withhold for any taxes other than income taxes (i.e., Medicare). All compensation received by the Contractor will be reported to the Internal Revenue Service at the end of the calendar year in accordance with the applicable IRS regulations. It is the responsibility of the Contractor to make the necessary estimated tax payments throughout the year, if any, and the Contractor is solely liable for any tax obligation arising from the Contractor's performance of this Agreement. The Contractor hereby agrees to indemnify the County against any demand to pay taxes arising from the Contractor's failure to pay taxes on compensation earned pursuant to this Agreement.

The County will pay sales and use taxes imposed on goods or services acquired hereunder as required by law. The Contractor must pay all other taxes, including, but not limited to, Business and Occupation Tax, taxes based on the Contractor's gross or net income, or personal property to which the County does not hold title. The County is exempt from Federal Excise Tax.

22.1 Withholding Payment:

In the event the County's Administrative Officer determines that the Contractor has failed to perform any obligation under this Agreement within the times set forth in this Agreement, then the County may withhold from amounts otherwise due and payable to Contractor the amount determined by the County as necessary to cure the default, until the Administrative Officer determines that such failure to perform has been cured. Withholding under this clause shall not be deemed a breach entitling Contractor to termination or damages, provided that the County promptly gives notice in writing to the Contractor of the nature of the default or failure to perform, and in no case more than 10 days after it determines to withhold amounts otherwise due. A determination of the Administrative Officer set forth in a notice to the Contractor of the action required and/or the amount required to cure any alleged failure to perform shall be deemed conclusive, except to the extent that the Contractor acts within the times and in strict accord with the provisions of the Disputes clause of this Agreement. The County may act in accordance with any determination of the Administrative Officer which has become conclusive under this clause, without prejudice to any other remedy under the Agreement, to take all or any of the following actions: (1) cure any failure or default, (2) to pay any amount so required to be paid and to charge the same to the account of the Contractor, (3) to set off any amount so paid or incurred from amounts due or to become due the Contractor. In the event the Contractor obtains relief upon a claim under the Disputes clause, no penalty or damages shall accrue to Contractor by reason of good faith withholding by the County under this clause.

23.1 Labor Standards:

The Contractor agrees to comply with all applicable state and federal requirements, including but not limited to those pertaining to payment of wages and working conditions, in accordance with RCW 39.12.040, the Prevailing Wage Act; the Americans with Disabilities Act of 1990; the Davis-Bacon Act; and the Contract Work Hours and Safety Standards Act providing for weekly payment of prevailing wages, minimum overtime pay, and providing that no laborer or mechanic shall be required to work in surroundings or under conditions which are unsanitary, hazardous, or dangerous to health and safety as determined by regulations promulgated by the Federal Secretary of Labor and the State of Washington.

Series 30-39: Provisions Related to Administration of Agreement

30.1 Independent Contractor:

The Contractor's services shall be furnished by the Contractor as an independent contractor, and nothing herein contained shall be construed to create a relationship of employer-employee or master-servant, but all payments made hereunder and all services performed shall be made and performed pursuant to this Agreement by the Contractor as an independent contractor.

The Contractor acknowledges that the entire compensation for this Agreement is specified in Exhibit "B" and the Contractor is not entitled to any benefits including, but not limited to: vacation pay, holiday pay, sick leave pay, medical, dental, or other insurance benefits, or any other rights or privileges afforded to employees of the County. The Contractor represents that he/she/it maintains a separate place of business, serves clients other than the County, will report all income and expense accrued under this contract to the Internal Revenue Service, and has a tax account with the State of Washington Department of Revenue for payment of all sales and use and Business and Occupation taxes collected by the State of Washington.

Contractor will defend, indemnify and hold harmless the County, its officers, agents or employees from any loss or expense, including, but not limited to, settlements, judgments, setoffs, attorneys' fees or costs incurred by reason of claims or demands because of breach of the provisions of this paragraph

30.2 Assignment and Subcontracting:

The performance of all activities contemplated by this agreement shall be accomplished by the Contractor. No portion of this contract may be assigned or subcontracted to any other individual, firm or entity without the express and prior written approval of the County.

30.3 No Guarantee of Employment:

The performance of all or part of this contract by the Contractor shall not operate to vest any employment rights whatsoever and shall not be deemed to guarantee any employment of the Contractor or any employee of the Contractor or any subcontractor or any employee of any subcontractor by the County at the present time or in the future.

31.1 Ownership of Items Produced and Public Records Act:

All writings, programs, data, public records or other materials prepared by the Contractor and/or its consultants or subcontractors, in connection with performance of this Agreement, shall be the sole and absolute property of the County. If the Contractor creates any copyrightable materials or invents any patentable property, the Contractor may copyright or patent the same, but the County retains a royalty-free, nonexclusive and irrevocable license to reproduce, publish, recover, or otherwise use the materials or property and to authorize other governments to use the same for state or local governmental purposes. Contractor further agrees to make research, notes, and other work products produced in the performance of this Agreement available to the County upon request.

Ownership. Any and all data, writings, programs, public records, reports, analyses, documents, photographs, pamphlets, plans, specifications, surveys, films or any other materials created, prepared, produced, constructed, assembled, made, performed or otherwise produced by the Contractor or the Contractor's subcontractors or consultants for delivery to the County under this Contract shall be the sole and absolute property of the County. Such property shall constitute "work made for hire" as defined by the U.S. Copyright Act of 1976, 17 U.S.C. § 101, and the ownership of the copyright and any other intellectual property rights in such property shall vest in the County at the time of its creation. Ownership of the intellectual property includes the right to copyright, patent, and register, and the ability to transfer these rights. Material which the Contractor uses to perform this Contract but is not created, prepared, constructed, assembled, made, performed or otherwise produced for or paid for by the County is owned by the Contractor and is not "work made for hire" within the terms of this Agreement.

Public Records Act. This Contract and all records associated with this Contract shall be available for inspection and copying by the public where required by the Public Records Act, Chapter 42.56 RCW (the "Act"). To the extent that public records then in the custody of the Contractor are needed for the County to respond to a request under the Act, as determined by the County, the Contractor agrees to make them promptly available to the County at no cost to the County. If the Contractor considers any portion of any record provided to the County under this Agreement, whether in electronic or hard copy form, to be protected from disclosure under law, the Contractor shall clearly identify any specific information that it claims to be confidential or proprietary. If the County receives a request under the Act to inspect or copy the information so identified by the Contractor and the County determines that release of the information is required by the Act or otherwise appropriate, the County's sole obligations shall be to notify the Contractor (a) of the request and (b) of the date that such information will be released to the requester unless the Contractor obtains a court order to enjoin that

disclosure pursuant to RCW 42.56.540. If the Contractor fails to timely obtain a court order enjoining disclosure, the County will release the requested information on the date specified.

The County has, and by this section assumes, no obligation on behalf of the Contractor to claim any exemption from disclosure under the Act. The County shall not be liable to the Contractor for releasing records not clearly identified by the Contractor as confidential or proprietary. The County shall not be liable to the Contractor for any records that the County releases in compliance with this section or in compliance with an order of a court of competent jurisdiction.

The Contractor shall be liable to the requester for any and all fees, costs, penalties or damages imposed or alleged as a result of the Contractor's failure to provide adequate or timely records.

This provision and the obligations it establishes shall remain in effect after the expiration of this contract.

31.2 Patent/Copyright Infringement:

Contractor will defend and indemnify the County from any claimed action, cause or demand brought against the County, to the extent such action is based on the claim that information supplied by the Contractor infringes any patent or copyright. The Contractor will pay those costs and damages attributable to any such claims that are finally awarded against the County in any action. Such defense and payments are conditioned upon the following:

- A. The Contractor shall be notified promptly in writing by the County of any notice of such claim.
- B. Contractor shall have the right, hereunder, at its option and expense, to obtain for the County the right to continue using the information, in the event such claim of infringement, is made, provided no reduction in performance or loss results to the County.

32.1 Confidentiality:

The Contractor, its employees, subcontractors, and their employees shall maintain the confidentiality of all information provided by the County or acquired by the Contractor in performance of this Agreement, except upon the prior written consent of the County or an order entered by a court after having acquired jurisdiction over the County. Contractor shall immediately give to the County notice of any judicial proceeding seeking disclosure of such information. Contractor shall indemnify and hold harmless the County, its officials, agents or employees from all loss or expense, including, but not limited to, settlements, judgments, setoffs, attorneys' fees and costs resulting from Contractor's breach of this provision.

33.1 Right to Review:

This contract is subject to review by any Federal, State or County auditor. The County or its designee shall have the right to review and monitor the financial and service components of this program by whatever means are deemed expedient by the Administrative Officer or by the County Auditor's Office. Such review may occur with or without notice and may include, but is not limited to, on-site inspection by County agents or employees, inspection of all records or other materials which the County deems pertinent to the Agreement and its performance, and any and all communications with or evaluations by service recipients under this Agreement. The Contractor shall preserve and maintain all financial records and records relating to the performance of work under this Agreement for three (3) years after contract termination, and shall make them available for such review, within Whatcom County, State of Washington, upon request. Contractor also agrees to notify the Administrative Officer in advance of any inspections, audits, or program review by any individual, agency, or governmental unit whose purpose is to review the services provided within the terms of this Agreement. If no advance notice is given to the Contractor, then the Contractor agrees to notify the Administrative Officer as soon as it is practical.

34.1 Insurance

The Contractor shall, at its own expense, obtain and continuously maintain the following insurance coverage for the duration of this contract, which shall include insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, subcontractors or employees. All insurers providing such insurance shall have an A.M. Best Rating of not less than A- (or otherwise be acceptable to the County) and be licensed to do business in the State of Washington and admitted by the Washington State Insurance Commissioner. Coverage limits shall be the minimum limits identified in this Contract or the coverage limits provided or available under the policies maintained by the Contractor without regard to this Contract, whichever are greater.

1. Commercial General Liability

Property Damage	\$500,000.00, per occurrence
-----------------	------------------------------

General Liability & bodily injury	\$1,000,000.00, per occurrence
Annual Aggregate	\$2,000,000.00

At least as broad as ISO form CG 00 01 or the equivalent, which coverage shall include personal injury, bodily injury and property damage for Premises Operations, Products and Completed Operations, Personal/Advertising Injury, Contractual Liability, Independent Contractor Liability, medical payments and Stop Gap/Employer's Liability. Coverage shall not exclude or contain sub-limits less than the minimum limits required, unless approved in writing by the County.

2. Professional Liability

Professional Liability - \$1,000,000 per occurrence

- a. Obtain professional liability insurance covering the negligent acts, errors, or omissions of the professional in connection with the performance of services to the County. If any insurance policy or the professional liability insurance is written on a claims made form, its retroactive date, and that of all subsequent renewals, shall be no later than the effective date of this Contract. The policy shall state that coverage is claims made, and state the retroactive date. Claims-made form coverage shall be maintained by the Contractor for a minimum of 36 months following the Completion Date or earlier termination of this Contract, and the Contractor shall annually provide the Contracting Agency with proof of renewal. If renewal of the claims made form of coverage becomes unavailable, or economically prohibitive, the Contractor shall purchase an extended reporting period ("tail") or execute another form of guarantee acceptable to the Contracting Agency to assure financial responsibility for liability for services performed.

3. Business Automobile Liability

\$1,000,000.00 Minimum, per occurrence
\$2,000,000.00 Minimum, Annual Aggregate

Contractor shall provide auto liability coverage for owned, non-owned and hired autos using ISO Business Auto Coverage form CA 00 01 or the exact equivalent with a limit of no less than \$1,000,000 per accident. If Contractor owns no vehicles this requirement may be met through a non-owned auto Endorsement to the CGL policy.

4. Additional Insurance Requirements and Provisions

- a. All insurance policies shall provide coverage on an occurrence basis.
- b. Additional Insureds. Whatcom County, its departments, elected and appointed officials, employees, agents and volunteers shall be included as additional insureds on Contractor's and Contractor's subcontractors' insurance policies by way of endorsement for the full available limits of insurance required in this contract or maintained by the Contractor and subcontractor, whichever is greater.
- c. Primary and Non-contributory Insurance. Contractor shall provide primary insurance coverage and the County's insurance shall be non-contributory. Any insurance, self-insured retention, deductible, risk retention or insurance pooling maintained or participated in by the County shall be excess and non-contributory to Contractor's insurance.
- d. Waiver of Subrogation. The insurance policy shall provide a waiver of subrogation with respect to each insurance policy maintained under this Contract. When required by an insurer, or if a policy condition does not permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then Contractor agrees to notify the insurer and obtain such endorsement. This requirement shall not apply to any policy which includes a condition expressly prohibiting waiver of subrogation by the insured or which voids coverage should the Contractor enter into such a waiver of subrogation on a pre-loss basis.
- e. Review of and Revision of Policy Provisions. Upon request, the Contractor shall provide a full and complete certified copy of all requested insurance policies to the County. The County reserves the right, but not the obligation, to revise any insurance requirement, including but not limited to limits, coverages and endorsements, or to reject any insurance policies which fail to meet the requirements of this Contract. Additionally, the County reserves the right, but not the obligation, to review and reject any proposed insurer providing coverage based upon the insurer's financial condition or licensing status in Washington.

- f. Verification of Coverage/Certificates and Endorsements. The Contractor shall furnish the County with a certificate of insurance and endorsements required by this contract. The certificates and endorsements for each policy shall be signed by a person authorized by the insurer to bind coverage on its behalf. The certificate and endorsements for each insurance policy are to be on forms approved by the County prior to commencement of activities associated with the contract. The certificate and endorsements, and renewals thereof, shall be attached hereto as Exhibit "C". If Exhibit C is not attached, the Contractor must submit the certificate and endorsements required in this contract to the County prior to the commencement of any work on the contracted project. A certificate alone is insufficient proof of the required insurance; endorsements must be included with the certificate. The certificate of insurance must reflect the insurance required in this contract, including appropriate limits, insurance coverage dates, per occurrence, and in the description of operations, include the County project, Whatcom County, its departments, officials, employees, agents and volunteers as additional insureds, primary, non-contributory, and waiver of subrogation.
- g. The County must be notified immediately in writing of any cancellation of the policy, exhaustion of aggregate limits, notice of intent not to renew insurance coverage, expiration of policy or change in insurer carrier. Contractor shall always provide the County with a current copy of the certificate and endorsements throughout the duration of the contract.
- h. No Limitation on Liability. The insurance maintained under this Contract shall not in any manner limit the liability or qualify the liabilities or obligations of the Contractor to the coverage provided by such insurance, or otherwise limit the County's recourse to any remedy available at law or equity.
- i. Payment Conditioned on Insurance and Failure to Maintain Insurance. Compensation and/or payments due to the Contractor under this Contract are expressly conditioned upon the Contractor's compliance with all insurance requirements. Failure on the part of the Contractor to maintain the insurance as required shall constitute a material breach of contract. Payment to the Contractor may be suspended in the event of non-compliance, upon which the County may, after giving five business days' notice to the Contractor to correct the breach, immediately terminate the contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the County on demand or offset against funds due the Contractor. Upon receipt of evidence of Contractor's compliance, payments not otherwise subject to withholding or set-off will be released to the Contractor.
- j. Workers' Compensation. The Contractor shall maintain Workers' Compensation coverage as required under the Washington State Industrial Insurance Act, RCW Title 51, for all Contractors' employees, agents and volunteers eligible for such coverage under the Industrial Insurance Act.
- k. Failure of the Contractor to take out and/or maintain required insurance shall not relieve the Contractor or subcontractors from any liability under the contract, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations concerning indemnification. The County does not waive any insurance requirements even in the event the certificate or endorsements provided by the Contractor were insufficient or inadequate proof of coverage but not objected to by the County. The County's failure to confirm adequate proof of insurance requirements does not constitute a waiver of the Contractor's insurance requirements under this Contract.
- l. Availability of Contractor Limits. If the Contractor maintains higher insurance limits than the minimums shown above, the County shall be insured for the full available limits, including Excess or Umbrella liability maintained by the Contractor, irrespective of whether such limits maintained by the Contractor are greater than those required by this contract or whether any certificate furnished to the County evidences limits of liability lower than those maintained by the Contractor.
- m. Insurance for Subcontractors. If the Contractor subcontracts (if permitted in the contract) any portion of this Contract, the Contractor shall include all subcontractors as insureds under its policies or shall require separate certificates of insurance and policy endorsements from each subcontractor. Insurance coverages by

subcontractors must comply with the insurance requirements of the Contractor in this contract and shall be subject to all of the requirements stated herein, including naming the County as additional insured.

- n. The Contractor agrees Contractor's insurance obligation shall survive the completion or termination of this Contract for a minimum period of three years.

34.3 **Defense & Indemnity Agreement.** To the fullest extent permitted by law, the Contractor agrees to indemnify, defend and hold the County and its departments, elected and appointed officials, employees, agents and volunteers, harmless from and against any and all claims, damages, losses and expenses, including but not limited to court costs, attorney's fees, and alternative dispute resolution costs, for any personal injury, for any bodily injury, sickness, disease, or death and for any damage to or destruction of any property (including the loss of use resulting therefrom) which: 1) are caused in whole or in part by any error, act or omission, negligent or otherwise, of the Contractor, its employees, agents or volunteers or Contractor's subcontractors and their employees, agents or volunteers; or 2) directly or indirectly arise out of or occur in connection with performance of this Contract or 3) are based upon the Contractor's or its subcontractors' use of, presence upon, or proximity to the property of the County. This indemnification obligation of the Contractor shall not apply in the limited circumstance where the claim, damage, loss, or expense is caused by the sole negligence of the County.

Should a court of competent jurisdiction determine that this contract is subject to RCW 4.24.115, then in the event of concurrent negligence of the Contractor, its subcontractors, employees or agents, and the County, its employees or agents, this indemnification obligation of the Contractor shall be valid and enforceable only to the extent of the negligence of the Contractor, its subcontractors, employees, and agents. This indemnification obligation of the Contractor shall not be limited in any way by the Washington State Industrial Insurance Act, RCW Title 51, or by application of any other workmen's compensation act, disability benefit act or other employee benefit act, and the Contractor hereby expressly waives any immunity afforded by such acts.

It is further provided that no liability shall attach to the County by reason of entering into this contract, except as expressly provided herein. The parties specifically agree that this Contract is for the benefit of the parties only and this Contract shall create no rights in any third party. The County reserves the right, but not the obligation, to participate in the defense of any claim, damages, losses, or expenses, and such participation shall not constitute a waiver of Contractor's indemnity obligations under this Agreement.

In the event the Contractor enters into subcontracts to the extent allowed under this Contract, the Contractor's subcontractors shall indemnify the County on a basis equal to or exceeding Contractor's indemnity obligations to the County. The Contractor shall pay all attorney's fees and expenses incurred by the County in establishing and enforcing the County's rights under this indemnification provision, whether or not suit was instituted.

The Contractor agrees all Contractor's indemnity obligations shall survive the completion, expiration or termination of this Agreement. The foregoing indemnification obligations of the Contractor are a material inducement to County to enter into this Agreement and are reflected in the Contractor's compensation.

By signing this contract, the Contractor acknowledges that it has freely negotiated and agreed to the indemnification requirements to defend, indemnify and hold harmless the County from all claims and suits including those brought against the County by the Contractor's own employees, arising from this contract.

Either party may request changes in the Agreement. Any and all agreed modifications, to be valid and binding upon either party, shall be in writing and signed by both of the parties.

40.2 Contractor Commitments, Warranties and Representations:

Any written commitment received from the Contractor concerning this Agreement shall be binding upon the Contractor, unless otherwise specifically provided herein with reference to this paragraph. Failure of the Contractor to fulfill such a commitment shall render the Contractor liable for damages to the County. A commitment includes, but is not limited to, any representation made prior to execution of this Agreement, whether or not incorporated elsewhere herein by reference, as to performance of services or equipment, prices or options for future acquisition to remain in effect for a fixed period, or warranties.

41.1 Severability:

If any term or condition of this contract or the application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, conditions or applications which can be given effect without the invalid term, condition or application. To this end, the terms and conditions of this contract are declared severable.

41.2 Waiver:

Waiver of any breach or condition of this contract shall not be deemed a waiver of any prior or subsequent breach. No term or condition of this contract shall be held to be waived, modified or deleted except by an instrument, in writing, signed by the parties hereto. The failure of the County to insist upon strict performance of any of the covenants and agreements of this Agreement, or to exercise any option herein conferred in any one or more instances, shall not be construed to be a waiver or relinquishment of any such, or any other covenants or agreements, but the same shall be and remain in full force and effect.

42.1 Disputes:

a. General:

Differences between the Contractor and the County, arising under and by virtue of the Contract Documents, shall be brought to the attention of the County at the earliest possible time in order that such matters may be settled or other appropriate action promptly taken. Except for such objections as are made of record in the manner hereinafter specified and within the time limits stated, the records, orders, rulings, instructions, and decisions of the Administrative Officer shall be final and conclusive.

b. Notice of Potential Claims:

The Contractor shall not be entitled to additional compensation which otherwise may be payable, or to extension of time for (1) any act or failure to act by the Administrative Officer or the County, or (2) the happening of any event or occurrence, unless the Contractor has given the County a written Notice of Potential Claim within ten (10) days of the commencement of the act, failure, or event giving rise to the claim, and before final payment by the County. The written Notice of Potential Claim shall set forth the reasons for which the Contractor believes additional compensation or extension of time is due, the nature of the cost involved, and insofar as possible, the amount of the potential claim. Contractor shall keep full and complete daily records of the work performed, labor and material used, and all costs and additional time claimed to be additional.

c. Detailed Claim:

The Contractor shall not be entitled to claim any such additional compensation, or extension of time, unless within thirty (30) days of the accomplishment of the portion of the work from which the claim arose, and before final payment by the County, the Contractor has given the County a detailed written statement of each element of cost or other compensation requested and of all elements of additional time required, and copies of any supporting documents evidencing the amount or the extension of time claimed to be due.

d. Arbitration:

Other than claims for injunctive relief, temporary restraining order, or other provisional remedy to preserve the status quo or prevent irreparable harm, brought by a party hereto (which may be brought either in court or pursuant to this arbitration provision), and consistent with the provisions hereinabove, any claim, dispute or controversy between the parties under, arising out of, or related to this Contract or otherwise, including issues of specific performance, shall be determined by arbitration in Bellingham, Washington, under the applicable American Arbitration Association (AAA) rules in effect on the date hereof, as modified by this Agreement. There shall be one arbitrator selected by the parties within ten (10) days of the arbitration demand, or if not, by the AAA or any other group having similar credentials. Any issue about whether a claim is covered by this Contract shall be determined by the arbitrator. The arbitrator shall apply substantive law and may award injunctive relief, equitable relief (including specific performance), or any other remedy available from a judge but shall not have the power to award punitive damages. Each Party shall pay all their own costs, attorney fees and expenses of arbitration and the parties shall share equally in the Arbitrator's fees and costs. The decision of the arbitrator shall be final and binding and an order confirming the award or judgment upon the award may be entered in any court having jurisdiction. The parties agree that the decision of the arbitrator shall be the sole and exclusive remedy between them regarding any dispute presented or pled before the arbitrator. At the request of either party made not later than forty-five (45) days after the arbitration demand, the parties agree to submit the dispute to nonbinding mediation, which shall not delay the arbitration hearing date; provided, that either party may decline to mediate and proceed with arbitration.

Any arbitration proceeding commenced to enforce or interpret this Contract shall be brought within six years after the initial occurrence giving rise to the claim, dispute, or issue for which arbitration is commenced, regardless of the date of discovery or whether the claim, dispute, or issue was continuing in nature. Claims, disputes, or issues arising more than six years prior to a written request or demand for arbitration issued under this Contract are not subject to arbitration.

- e. The parties may agree in writing signed by both parties that a claim or dispute may be brought in Whatcom County Superior Court rather than mediation or arbitration.

Unless otherwise specified herein, this Contract shall be governed by the laws of Whatcom County and the State of Washington.

43.1 Venue and Choice of Law:

In the event that any litigation should arise concerning the construction or interpretation of any of the terms of this Agreement, the venue of such action of litigation shall be in the courts of the State of Washington in and for the County of Whatcom. This Agreement shall be governed by the laws of the State of Washington.

45.1 Entire Agreement:

This written Agreement, comprised of the writings signed or otherwise identified and attached hereto, represents the entire Agreement between the parties and supersedes any prior oral statements, discussions or understandings between the parties.

FEMA Policy #104-21-0004

BACKGROUND

Under the President's March 13, 2020 COVID-19 nationwide emergency declaration¹ and subsequent major disaster declarations for COVID-19, state, local, tribal, and territorial (SLTT) government entities and certain private non-profit (PNP) organizations are eligible to apply for assistance under the FEMA Public Assistance (PA) Program. This interim policy is applicable to eligible PA Applicants only and is exclusive to emergency and major disaster declarations for COVID-19. This revision supersedes the version of this policy issued on May 9, 2020.

Except where specifically stated otherwise in this policy, assistance is subject to PA Program requirements as defined in Version 3.1 of the Public Assistance Program and Policy Guide (PAPPG) published on April 1, 2018.²

PRINCIPLES

- A. FEMA will provide assistance for medical care provided under COVID-19 declarations to improve the abilities of communities to effectively respond to the COVID-19 Public Health Emergency.
- B. FEMA will implement this policy and any assistance provided in a consistent manner through informed decision making and review of an Applicant's supporting documentation.

¹ www.fema.gov/news-release/2020/03/13/covid-19-emergency-declaration.

² Version 3.1 of the PAPPG is applicable to all COVID-19 declarations and is available on the FEMA website at www.fema.gov/sites/default/files/2020-03/public-assistance-program-and-policy-guide_v3.1_4-26-2018.pdf.

 - a. All Presidential emergency and major disaster declarations under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), as amended, issued for the COVID-19 Public Health Emergency and is applicable to work performed on or after January 20, 2020.
 - b. Eligible PA Applicants under the COVID-19 emergency declaration or any subsequent COVID-19 major disaster declaration, including:
 - i. SLTT government entities; and
 - ii. PNP organizations that own or operate medical facilities, as defined in Title 44 of the Code of Federal Regulations (44 C.F.R.) § 206.221(e)(5).
 - c. This policy does not apply to any other emergency or major disaster declaration.

B. GENERAL ELIGIBILITY CONSIDERATIONS FOR COVID-19 MEDICAL CARE

Outcome: To define the overarching framework for all eligible medical care work related to COVID-19 declarations.

1. All work must be required as a direct result of the COVID-19 pandemic incident in accordance with 44 C.F.R. § 206.223(a)(1).
2. Medical care and associated costs refer to assistance to support the provision of medical care, including eligible facility, equipment, supplies, staffing, and wraparound services (as defined in the **Definitions** section at the end of this document), as well as assistance for clinical care of patients not covered by another funding source as described throughout this policy.

FEMA Policy #104-21-0004

3. Equitable Pandemic Response and Recovery

- a. As stated in "[Executive Order on Ensuring an Equitable Pandemic Response and Recovery](#)," dated January 21, 2021, COVID-19 has a disproportionate impact on communities of color and other underserved populations, including members of the LGBTQI+ community, persons with disabilities, those with limited English proficiency, and those living at the margins of our economy.
- b. Through September 30, 2021, FEMA is funding the entire cost of the emergency protective measures made eligible by this policy.
- c. As a condition of receiving this financial assistance, Recipients and Subrecipients must focus the use of FEMA funding on the highest-risk communities and underserved populations as determined by established measures of social and economic disadvantage (e.g., the CDC Social Vulnerability Index). Recipients and Subrecipients must prioritize limited resources to ensure an equitable pandemic response. Failure to adhere to this policy could result in funding reductions and/or delays.
- d. FEMA will monitor compliance with this grant condition in concert with the obligations set forth in 44 C.F.R. part 7 and Title VI of the Civil Rights Act of 1964 that no person on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving financial assistance from FEMA; and the requirement of Stafford Act Section 308 (42 U.S.C. 5151) that distribution of disaster relief be accomplished in an equitable and impartial manner, without discrimination on the grounds of race, color, religion, nationality, sex, age, disability, English proficiency, or economic status.

C. ELIGIBLE MEDICAL CARE WORK AND COSTS

Outcome: To establish parameters for eligible medical care work and costs for COVID-19 declarations.

1. Primary Medical Care Facility.

For medical care provided in a primary medical care facility (as defined in the **Definitions** section at the end of this document), work must be directly related to the treatment of COVID-19 patients. Work may include both emergency and inpatient treatment of COVID-19 patients; this includes both confirmed and suspected cases of COVID-19. Medical care related to treatment of a non-COVID-19 illness or injury in a primary medical care facility is not eligible. The following medical care activities and associated costs are eligible in primary medical care facilities.

FEMA Policy #104-21-0004

FEMA

- a. Emergency and inpatient clinical care for COVID-19 patients, including, but not limited to:
 - i. Emergency medical transport related to COVID-19;
 - ii. Triage and medically necessary tests and diagnosis related to COVID-19;
 - iii. Necessary medical treatment of COVID-19 patients; and
 - iv. Prescription costs related to COVID-19 treatment.
- b. Purchase, lease, and delivery of specialized medical equipment necessary to respond to COVID-19 (equipment purchases are subject to disposition requirements³);
- c. Purchase and delivery of Personal Protective Equipment (PPE),⁴ durable medical equipment, and consumable medical supplies necessary to respond to COVID-19 (supply purchases are subject to disposition requirements⁵);
 - i. This includes the costs of eligible SLTT government Applicants providing PPE to any public or private medical care facility that treats COVID-19 patients.
- d. Medical waste disposal related to COVID-19; and
- e. Certain labor costs associated with medical staff providing treatment to COVID-19 patients may be eligible as outlined below. Any labor costs for medical staff that are included in patient billing and/or otherwise covered by another funding source (as described in **Section D.4 Duplication of Benefits** of this policy) are not eligible for PA. Otherwise, the following labor costs may be eligible:
 - i. Overtime for budgeted medical staff providing treatment to COVID-19 patients;
 - ii. Straight time and overtime for temporary medical staff providing treatment to COVID-19 patients; and
 - iii. Straight time, overtime, and other necessary costs for contract medical staff providing treatment to COVID-19 patients. Work and associated costs must be consistent with the scope of the contract and may include costs for travel, lodging, and per diem for contract medical staff from outside the local commuting area.
- f. For primary medical care facilities, increased operating costs for administrative activities (such as medical billing) are not eligible.⁶

³ As described in Chapter 2:V.E. Disposition of Purchased Equipment and Supplies of the PAPPG (V3.1).

⁴ PPE includes items such as N95 and other filtering respirators, surgical masks, gloves, protective eyewear, face shields, and protective clothing (e.g., gowns).

⁵ As described in Chapter 2:V.E. Disposition of Purchased Equipment and Supplies of the PAPPG (V3.1).

⁶ See Chapter 2:VI.B.2. Expenses Related to Operating a Facility or Providing a Service of the PAPPG (V3.1).

FEMA

2. Temporary and Expanded Medical Facilities.⁷

FEMA may approve work and costs associated with temporary medical facilities or expanded medical facilities when necessary in response to the COVID-19 Public Health Emergency. These facilities may be used to treat COVID-19 patients, non-COVID-19 patients, or both, as necessary. Medical care activities and associated costs related to treating both COVID-19 and non-COVID-19 patients in a temporary or expanded medical facility may be eligible.

- a. Costs must be reasonable and necessary based on the actual or projected need.
- b. Eligible costs for temporary and expanded medical facilities include:
 - i. All eligible items and stipulations included in **Section C.1 Primary Medical Care Facility**, but applicable to both COVID-19 and non-COVID-19 patients;
 - ii. Lease, purchase, or construction costs, as reasonable and necessary, of a temporary facility as well as reasonable alterations to a facility necessary to provide medical care services;⁸
 - iii. Mobilization and demobilization costs associated with setting up and closing the temporary or expanded medical facility;
 - iv. Operating costs including equipment, supplies, staffing, wraparound services (as defined in the **Definitions** section at the end of this document), and clinical care not covered by another funding source; and
 - v. Maintenance of a temporary or expanded medical facility in an operationally ready but unused status available for surge capacity for COVID-19 readiness and response when necessary to eliminate or lessen an immediate threat to public health and safety, based on public health guidance, location of areas expected to be impacted, and local/state hospital bed/ICU capacity.
- c. For contract costs related to establishing and/or operating a temporary or expanded medical facility, contracts must include a termination for convenience clause that will be implemented if the site is ultimately not needed, or the needs are less than projected, as determined by the legally responsible entity.
 - i. Ongoing and projected needs regarding continuing operations at a temporary or expanded medical facility should be based on regular assessments and the Applicant must document the review process to support its decision making.
 - ii. The assessments should include adjustments to projected needs based on guidance from public health officials, caseload trends, and/or other predictive modeling or methodologies; lead times and associated costs for

⁷ Temporary medical facilities may include Alternate Care Sites or Community Based Testing Sites if eligible work and costs related to these facilities are incurred by eligible PA Applicants.

⁸ As described in Chapter 2:VI.B.17(e) and (g) of the PAPPG (V3.1).

- scaling up or down based on projected needs; and any other supporting information.
- iii. The assessments and supporting information are necessary to determine eligibility of claimed costs and should align with PA reasonable cost guidance provided in the PAPPG⁹ and the *Public Assistance Reasonable Cost Evaluation Job Aid*.¹⁰
 - d. Costs related to expanding a primary medical care facility to effectively respond to COVID-19 must be feasible and cost effective. In most cases, permanent renovations are not eligible unless the Applicant can demonstrate that the work can be completed in time to address COVID-19 capacity needs and is the most cost-effective option. Permanent renovations and other improvements to real property with PA funds are subject to real property disposition requirements.¹¹
 - e. For temporary and expanded medical facilities, and the specific type of temporary medical facilities known as Alternate Care Sites, administrative activities and associated costs necessary for the provision of essential medical services are eligible.

3. Vaccinations

Work and associated costs to support the distribution and administration of COVID-19 vaccines may be eligible for PA. The federal government will provide the vaccine itself at no cost. There may be additional costs incurred to support the distribution and administration of the vaccine. Such costs may be eligible for PA funding when they are necessary to effectively distribute and administer COVID-19 vaccines consistent with established vaccine protocols, CDC and/or other applicable public health guidance, and PA program requirements. Eligible work and costs under PA include:

- a. Community vaccination centers.¹²
- b. PPE, other equipment, and supplies required for storing, handling, distributing/transporting, and administering COVID-19 vaccinations.
 - i. PPE includes items necessary for proper handling and administration of vaccinations as well as handling dry ice for storage and transportation needs;
 - ii. Equipment includes coolers, freezers, temperature monitoring devices, and portable vaccine storage units for transportation;
 - iii. Supplies include emergency medical supplies (for emergency medical care needs that may arise in the administration of the vaccine), sharps

⁹ As described in Chapter 2:V. Cost Eligibility of the PAPPG (V3.1).

¹⁰ The Public Assistance Reasonable Cost Evaluation Job Aid is available on the FEMA website at www.fema.gov/media-library/assets/documents/90743.

¹¹ As described in Chapter 2:V.F. Disposition of Real Property of the PAPPG (V3.1).

¹² For PA eligibility, community vaccination sites are considered temporary medical facilities consistent with Section C.2. Temporary and Expanded Medical Facilities of this policy.

- containers (for medical waste), and supplies necessary for proper storage like dry ice; and,
- iv. Transportation support such as refrigerated trucks and transport security when reasonable and necessary.
- c. Facility support costs, including leasing space for storage and/or administration of vaccines, utilities, maintenance, and security.
 - d. Additional staff, if necessary, including medical and support staff not paid for by another funding source and consistent with FEMA PA labor policies.¹³

 - i. Masks/cloth facial coverings for patients;¹⁴
 - ii. Disinfection of facility and equipment in accordance with CDC guidance;¹⁵
 - iii. Temperature scanning, including purchase and distribution of handheld temperature measuring devices and associated supplies;
 - iv. Acquisition and installation of portable temporary physical barriers, such as plexiglass barriers and medical screens/dividers;
 - v. Medical waste disposal related to vaccinations; and
 - vi. Onsite emergency medical care to address adverse reactions to vaccinations or other emergency medical care needs that may arise while administering COVID-19 vaccinations.
 - f. Resources to support mobile COVID-19 vaccination in remote areas and/or transportation support for individuals with limited mobility or lack of access to transportation, when reasonable and necessary.
 - i. Equipment and supplies necessary for proper storage, handling, and transport in accordance with CDC guidance to support mobile vaccination units;
 - ii. Medical and support staff for mobile vaccination units in accordance with PA labor policies and this policy; and
 - iii. Transportation to and from vaccination sites for individuals with limited mobility. "Limited mobility" includes individuals with disabilities that require transportation assistance and individuals that are otherwise unable to get to and from vaccination sites without transportation assistance.

- g. Federally Qualified Health Centers– Vaccine-related costs incurred by a Federally Qualified Health Center (FQHC),¹⁶ Rural Health Clinics and Critical Access Hospitals that are not covered by HHS or another funding source. FQHCs fall under the authority of HHS. PA funding can be provided for eligible costs that are not covered under this authority or another source of funding.
- h. Communications to disseminate public information regarding vaccinations including translation and interpretation services as necessary.¹⁷ This may also include work and costs associated with setting up and operating a call center or website, when reasonable and necessary, for the purpose of sharing vaccination information with the public and/or to support the implementation and management of COVID-19 vaccination plans.
- i. Information Technology (IT) equipment and systems, when reasonable and necessary, for patient registration and tracking, vaccine-related inventory management, and/or analytics and reporting needs.
 - i. To the extent possible, vaccination providers should utilize existing IT systems and processes for managing the distribution and administration of COVID-19 vaccines.
 - ii. The CDC also developed the Vaccine Administration Management System (VAMS)¹⁸ for jurisdictions and healthcare providers that do not have existing IT systems for vaccination management. VAMS is an optional, web-based application that supports planning and execution for temporary, mobile, or satellite COVID-19 vaccination clinics.
 - iii. In the event existing IT systems and VAMS are both inadequate to meet the needs of vaccination providers, IT equipment and systems necessary for the distribution and administration of COVID-19 vaccines are eligible for PA.
 - iv. The systems should collect demographic data required under the Stafford Act and consistent with guidance from FEMA, and the system must be able to report data to FEMA when requested.
- j. Training and technical assistance specific to the proper storage, handling, distribution,¹⁹ and administration of COVID-19 vaccinations in accordance with CDC guidance.
- k. Vaccination administration consistent with equitable pandemic response and recovery.

FEMA Policy #104-21-0004

FEMA

- i. Recipients and Subrecipients of FEMA assistance shall collect data on race, ethnicity and disability status.²⁰ Recipients must also make best efforts to collect additional anonymized equity-focused person-level data, including information on primary language, and sexual orientation or gender identity (SO/GI). Recipients and Subrecipients must incorporate these data in their development of short-term targets for the equitable deployment of FEMA financial assistance and identify data sources, proxies, or indices, including demographic data disaggregated to reveal socioeconomic, racial, linguistic, age, gender, disability, and other indices that will enable recipients to develop short-term targets for equitable delivery of FEMA-funded assistance and to reach communities of color and other underserved populations.
- ii. Recipients and Subrecipients must submit to FEMA information documenting the following for sites selected for vaccination administration every 30 days:
 - a) For each site, provide a score on the CDC's Social Vulnerability Index or a similar social deprivation, disadvantage, or vulnerability composite index.
 - b) A description of how the location of the site(s)—relative to other candidate locations—best advances FEMA's focus on supporting the highest-risk communities. This justification may also include a comparison of vaccination rates for demographic groups by geographic area.
 - c) A site strategy to operationalize equitable access including, but not limited to:
 - 1) A plan for community outreach and engagement, both before and during implementation;
 - 2) A registration process that advances equity with a focus on prioritizing minoritized, marginalized, and otherwise disadvantaged groups;
 - 3) Equitable physical design of the site, including transportation and accessibility considerations; and
 - 4) A plan for ongoing evaluation and continuous improvement to ensure equitable access.

D. GENERAL ELIGIBILITY CONSIDERATIONS FOR COVID-19 COSTS

Outcome: To provide additional information about eligible costs and cost-related considerations.

1. **Allowability of Costs.** To be eligible, claimed costs must be allowable under 2 C.F.R.

²⁰ Consistent with the Office of Management and Budget (OMB) minimum standard collection categories as per OMB Statistical Policy Directive No. 15.
FEMA Policy #104-21-0004

FEMA

part 200.²¹ In considering allowability, FEMA will evaluate, among other factors:

- a. Whether the cost was necessary and reasonable in order to respond to the COVID-19 pandemic. A cost is considered reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.²² For COVID-19 declarations, FEMA will use Medicare rates²³ as the basis to determine reasonable costs for eligible clinical care not covered by another funding source. Both patient payments and insurance payments are considered another funding source; clinical care for which providers have received or will receive payments from patients or insurance is not eligible.
- b. Whether the cost conforms to standard PA program eligibility and other federal requirements.²⁴
- c. Whether the applicant followed its established practices and policies and procedures that apply when federal funding is not available, including standard billing and fee collection.²⁵
 - i. FEMA will not require Applicants to create a new billing process at temporary medical facilities described in C.2 and C.3.
 - ii. All work conducted and costs incurred in Primary Medical Care Facilities described in C.1 should follow the facility's standard billing practice.
 - iii. If the Primary Medical Care Facility described in C.1 did not follow its standard billing practice, the Applicant must demonstrate why following such practices would have increased an immediate threat to life and demonstrate that all costs not reimbursed by FEMA followed the same procedures.
- d. Whether the cost is documented with sufficient detail for FEMA to evaluate its compliance with federal laws, rules and other PA program requirements.²⁶

2. Cost Share for COVID-19 Declarations. PA funding authorized under COVID-19 declarations is subject to the following cost share provisions:

- a. In accordance with the February 17, 2021 memorandum from the FEMA Recovery Assistant Administrator titled "100% Federal Cost Share for COVID-19 Public Assistance Funding," FEMA will increase the federal cost share for all

²¹ 2 CFR 200.403.

²² 2 CFR 200.403(a) and 404.

FEMA

COVID-19 declarations from 75 percent to 100 percent for eligible work performed or to be performed from January 20, 2020 through September 30, 2021.

- b. For previously awarded projects, FEMA will obligate additional funding to increase the federal funding from 75 percent to 100 percent. To minimize the administrative burden and expedite assistance, FEMA will obligate the additional 25 percent on each project via automatic amendments. Subsequently, any previously awarded donated resource project must be de-obligated. Donated resources are only eligible to offset the non-federal cost share which is no longer applicable to COVID-19 declarations.

3. Procurement Requirements for COVID-19 Declarations.²⁷

- a. States and territorial governments are required to follow their own procurement procedures as well as the federal requirements for procurement of recovered materials and inclusion of required contract provisions per 2 C.F.R. §§ 200.317, 200.322, and 200.326.²⁸
- b. Tribal governments, local governments, and PNPs must comply with the requirements of 2 C.F.R. §§ 200.318-200.326.
- c. In accordance with the March 17, 2020 memorandum from the FEMA Acting Associate Administrator for the Office of Response and Recovery, and the FEMA Assistant Administrator for the Grant Programs Directorate, for the duration of the Public Health Emergency, as determined by HHS, local governments, tribal governments, nonprofits, and other non-state entities may proceed with new and existing non-competitively procured contracts using the exigent/emergency circumstances exception in 2 C.F.R. § 200.320(c)(3). Additional resources on COVID-19 specific to grants are also available at www.fema.gov/grants under “News and Announcements” and www.fema.gov/coronavirus.
- d. SLTT governments may contract with medical providers, including private entities, to carry out any eligible activity described in **Section C. Eligible Medical Care by Facility** of this policy.
- e. Contracts must include an actionable termination for convenience clause that will be implemented if any part of the contract scope of work is ultimately not needed, or the needs are less than projected, as determined by the legally responsible entity. Ongoing and projected needs should be based on regular reviews and the

Applicant must document the review process to support its decision making. All claimed contract costs must be necessary and reasonable pursuant to applicable federal regulations and federal cost principles.

4. Duplication of Benefits.

Pursuant to Section 312 of the Stafford Act, FEMA is prohibited from providing financial assistance where such assistance would duplicate funding available from another program, insurance, or any other source for the same purpose.

- a. FEMA cannot duplicate assistance provided by HHS or other federal departments and agencies. This includes, but is not limited to, funding provided by the programs listed below. FEMA is providing this list as a helpful reference, but SLTT government entities and PNP's should consult with the appropriate federal agency and the terms and conditions of each program or source of funding to determine what funding may be considered duplicative.
 - i. The Public Health Emergency Preparedness Cooperative Agreement Program;
 - ii. The Public Health Crisis Response Cooperative Agreement;
 - iii. The Epidemiology and Laboratory Capacity for Prevention and Control of Emerging Infectious Diseases;
 - iv. The Hospital Preparedness Program Cooperative Agreement;
 - v. The Regional Ebola and Other Special Pathogen Treatment Centers Cooperative Agreement;
 - vi. The National Emerging Special Pathogens Training and Education Center Cooperative Agreement;
 - vii. The Hospital Association COVID-19 Preparedness and Response Activities Cooperative Agreement;
 - viii. The Partnership for Disaster Health Response Cooperative Agreement;
 - ix. The Coronavirus Relief Fund and the Provider Relief Fund;
 - x. The COVID-19 Uninsured Program
 - xi. The Paycheck Protection Program; and
 - xii. The Immunizations and Vaccines for Children Cooperative Agreement.

- b. FEMA cannot provide PA funding for clinical care and other costs funded by another source, including private insurance, Medicare, Medicaid/CHIP, other public insurance, a pre-existing private payment agreement, or the COVID-19 Uninsured Program for uninsured patients.²⁹ The Applicant must certify that it has not received and does not anticipate receiving assistance from these sources or any other source for the same work or costs. FEMA will deobligate any PA funding that has been provided in the event that another source provides funds to the Applicant for the same clinical care or other costs.

²⁹ The COVID-19 Uninsured Program reimburses for testing and clinical care costs for the uninsured which is being provided at Medicare rates.

FEMA

- c. At no time will FEMA request or accept any Personally Identifiable Information related to the medical care of individual COVID-19 patients or for any other individual.
- d. FEMA will reconcile final funding based on any funding provided by another agency or covered by insurance or any other source for the same purpose. FEMA will coordinate with HHS to share information about funding from each agency to assist in preventing duplication of benefits.

5. Time Limitations for the Completion of Work.

- a. For all COVID-19 declarations, FEMA has extended the deadline in accordance with regulatory timeframes for emergency work at 44 C.F.R. §206.204(d) beyond six months of the date of the declaration and will notify applicants no less than 30 days prior to establishment of the deadline.

2. **Clinical Care:** Clinical Care refers to medical treatment of individual patients including testing, diagnosis, treatment, hospitalization, prescriptions, and other costs associated with individual patient treatment typically billed to individual patients, their insurance carriers, Medicare, Medicaid, or other pre-existing payment agreements.
3. **Primary Medical Care Facility:** A primary medical care facility is the facility owned and/or operated by an eligible PA Applicant that provides medical care services. This includes any licensed hospital, outpatient facility, rehabilitation facility, or facility for long-term care.
4. **Temporary Medical Facility:** A temporary medical facility is a facility separate from the primary medical care facility that is used to provide medical care services when the primary medical care facility is overwhelmed by the declared event.

FEMA

5. **Expanded Medical Facility:** An expanded medical facility is part of the primary medical care facility and refers to an expansion of the primary medical care facility to increase its capacity when the primary medical care facility is overwhelmed by the declared event.
6. **Alternate Care Sites:** Alternate Care Site is a type of Temporary Medical Facility and broadly describes any building or structure of opportunity converted for healthcare use. It provides additional healthcare capacity and capability for an affected community separate from a traditional, established healthcare institution, though healthcare institutions may partner with eligible Applicants operating an Alternate Care Site.

The services will differ at each temporary medical facility. Such services include, but are not limited to, the following: linen and laundry services; food preparation and delivery; biomedical waste removal, including contaminated items such as personal protective equipment; perimeter fencing; contracted security guards; professional cleaning; and other related services. The toolkit and other Alternate Care Site resources are available on the HHS website at <https://asprtracie.hhs.gov/technical-resources/111/covid-19-alternate-care-site-resources>.
