GENERAL CONDITIONS

Series 00-09: Provisions Related to Scope and Nature of Services

0.1 Scope of Services:

The Contractor agrees to provide to the County services and any materials as set forth in the project narrative identified as Exhibit "A", during the agreement period. No material, labor, or facilities will be furnished by the County, unless otherwise provided for in the Agreement.

Series 10-19: Provisions Related to Term and Termination

10.1 Term:

Services provided by Contractor prior to or after the term of this contract shall be performed at the expense of Contractor and are not compensable under this contract unless both parties hereto agree to such provision in writing. The term of this Agreement may be extended by mutual agreement of the parties; provided, however, that the Agreement is in writing and signed by both parties.

10.2 Extension:

The duration of this Agreement may be extended by mutual written consent of the parties, for a period of up to one year, and for a total of no longer than three years.

11.1 Termination for Default:

If the Contractor defaults by failing to perform any of the obligations of the contract or becomes insolvent or is declared bankrupt or commits any act of bankruptcy or insolvency or makes an assignment for the benefit of creditors, the County may, by depositing written notice to the Contractor in the U.S. mail, first class postage prepaid, terminate the contract, and at the County's option, obtain performance of the work elsewhere. Termination shall be effective upon Contractor's receipt of the written notice, or within three (3) days of the mailing of the notice, whichever occurs first. If the contract is terminated for default, the Contractor shall not be entitled to receive any further payments under the contract until all work called for has been fully performed. Any extra cost or damage to the County resulting from such default(s) shall be deducted from any money due or coming due to the Contractor. The Contractor shall bear any extra expenses incurred by the County in completing the work, including all increased costs for completing the work, and all damage sustained, or which may be sustained by the County by reason of such default.

11.2 Termination for Reduction in Funding:

In the event that funding from State, Federal or other sources is withdrawn, reduced, or limited in any way after the effective date of this Agreement, and prior to its normal completion, the County may summarily terminate this Agreement as to the funds withdrawn, reduced, or limited, notwithstanding any other termination provisions of this Agreement. If the level of funding withdrawn, reduced or limited is so great that the County deems that the continuation of the programs covered by this Agreement is no longer in the best interest of the County, the County may summarily terminate this Agreement in whole, notwithstanding any other termination provisions of this Agreement. Termination under this section shall be effective upon receipt of written notice as specified herein, or within three days of the mailing of the notice, whichever occurs first.

11.3 Termination for Public Convenience:

The County may terminate the Agreement in whole or in part whenever the County determines, in its sole discretion, that such termination is in the interests of the County. Whenever the Agreement is terminated in accordance with this paragraph, the Contractor shall be entitled to payment for actual work performed at unit contract prices for completed items of work. An equitable adjustment in the contract price for partially completed items of work will be made, but such adjustment shall not include provision for loss of anticipated profit on deleted or uncompleted work. Termination of this Agreement by the County at any time during the term, whether for default or convenience, shall not constitute breach of contract by the County.

Series 20-29: Provisions Related to Consideration and Payments

20.1 Accounting and Payment for Contractor Services:

Payment to the Contractor for services rendered under this Agreement shall be as set forth in Exhibit "B." Where Exhibit "B" requires payments by the County, payment shall be based upon written claims supported, unless otherwise provided in Exhibit "B," by documentation of units of work actually performed and amounts earned, including, where appropriate, the actual number of days worked each month, total number of hours for the month, and the total dollar payment requested, so as to comply with municipal auditing requirements.

Unless specifically stated in Exhibit "B" or approved in writing in advance by the official executing this Agreement for the County or his designee (hereinafter referred to as the "Administrative Officer") the County will not reimburse the Contractor for any costs or expenses incurred by the Contractor in the performance of this contract. Where required, the County shall, upon receipt of appropriate documentation, compensate the Contractor, no more often than monthly, in accordance with the County's customary procedures, pursuant to the fee schedule set forth in Exhibit "B."

21.1 Taxes:

The Contractor understands and acknowledges that the County will not withhold Federal or State income taxes. Where required by State or Federal law, the Contractor authorizes the County to withhold for any taxes other than income taxes (i.e., Medicare). All compensation received by the Contractor will be reported to the Internal Revenue Service at the end of the calendar year in accordance with the applicable IRS regulations. It is the responsibility of the Contractor to make the necessary estimated tax payments throughout the year, if any, and the Contractor is solely liable for any tax obligation arising from the Contractor's performance of this Agreement. The Contractor hereby agrees to indemnify the County against any demand to pay taxes arising from the Contractor's failure to pay taxes on compensation earned pursuant to this Agreement.

The County will pay sales and use taxes imposed on goods or services acquired hereunder as required by law. The Contractor must pay all other taxes, including, but not limited to, Business and Occupation Tax, taxes based on the Contractor's gross or net income, or personal property to which the County does not hold title. The County is exempt from Federal Excise Tax.

22.1 Withholding Payment:

In the event the County's Administrative Officer determines that the Contractor has failed to perform any obligation under this Agreement within the times set forth in this Agreement, then the County may withhold from amounts otherwise due and payable to Contractor the amount determined by the County as necessary to cure the default, until the Administrative Officer determines that such failure to perform has been cured. Withholding under this clause shall not be deemed a breach entitling Contractor to termination or damages, provided that the County promptly gives notice in writing to the Contractor of the nature of the default or failure to perform, and in no case more than 10 days after it determines to withhold amounts otherwise due. A determination of the Administrative Officer set forth in a notice to the Contractor of the action required and/or the amount required to cure any alleged failure to perform shall be deemed conclusive, except to the extent that the Contractor acts within the times and in strict accord with the provisions of the Disputes clause of this Agreement. The County may act in accordance with any determination of the Administrative Officer which has become conclusive under this clause, without prejudice to any other remedy under the Agreement, to take all or any of the following actions: (1) cure any failure or default, (2) to pay any amount so required to be paid and to charge the same to the account of the Contractor, (3) to set off any amount so paid or incurred from amounts due or to become due the Contractor. In the event the Contractor obtains relief upon a claim under the Disputes clause, no penalty or damages shall accrue to Contractor by reason of good faith withholding by the County under this clause.

23.1 Labor Standards:

The Contractor agrees to comply with all applicable state and federal requirements, including but not limited to those pertaining to payment of wages and working conditions, in accordance with RCW 39.12.040, the Prevailing Wage Act; the Americans with Disabilities Act of 1990; the Davis-Bacon Act; and the Contract Work Hours and Safety Standards Act providing for weekly payment of prevailing wages, minimum overtime pay, and providing that no laborer or mechanic shall be required to work in surroundings or under conditions which are unsanitary, hazardous, or dangerous to health and safety as determined by regulations promulgated by the Federal Secretary of Labor and the State of Washington.

Series 30-39: Provisions Related to Administration of Agreement

30.1 Independent Contractor:

The Contractor's services shall be furnished by the Contractor as an independent contractor, and nothing herein contained shall be construed to create a relationship of employer-employee or master-servant, but all payments made hereunder and all services performed shall be made and performed pursuant to this Agreement by the Contractor as an independent contractor.

The Contractor acknowledges that the entire compensation for this Agreement is specified in Exhibit "B" and the Contractor is not entitled to any benefits including, but not limited to: vacation pay, holiday pay, sick leave pay, medical, dental, or other insurance benefits, or any other rights or privileges afforded to employees of the County. The Contractor represents that he/she/it maintains a separate place of business, serves clients other than the County, will report all income and expense accrued under this contract to the Internal Revenue Service, and has a tax account with the State of Washington Department of Revenue for payment of all sales and use and Business and Occupation taxes collected by the State of Washington.

Contractor will defend, indemnify and hold harmless the County, its officers, agents or employees from any loss or expense, including, but not limited to, settlements, judgments, setoffs, attorneys' fees or costs incurred by reason of claims or demands because of breach of the provisions of this paragraph.

30.2 Assignment and Subcontracting:

The performance of all activities contemplated by this agreement shall be accomplished by the Contractor. No portion of this contract may be assigned or subcontracted to any other individual, firm or entity without the express and prior written approval of the County.

30.3 No Guarantee of Employment:

The performance of all or part of this contract by the Contractor shall not operate to vest any employment rights whatsoever and shall not be deemed to guarantee any employment of the Contractor or any employee of the Contractor or any subcontractor or any employee of any subcontractor by the County at the present time or in the future.

31.1 Ownership of Items Produced:

When the Contractor creates any copyrightable materials or invents any patentable property, the Contractor may copyright or patent the same, but the County retains a royalty-free, nonexclusive and irrevocable license to reproduce, publish, recover, or otherwise use the materials or property and to authorize other governments to use the same for state or local governmental purposes. Contractor further agrees to make research, notes, and other work products produced in the performance of this Agreement available to the County upon request.

31.2 Patent/Copyright Infringement: Not Applicable

32.1 Confidentiality:

The Contractor, its employees, subcontractors, and their employees shall maintain the confidentiality of all information provided by the County or acquired by the Contractor in performance of this Agreement, except upon the prior written consent of the County or an order entered by a court after having acquired jurisdiction over the County. Contractor shall immediately give to the County notice of any judicial proceeding seeking disclosure of such information. Contractor shall indemnify and hold harmless the County, its officials, agents or employees from all loss or expense, including, but not limited to, settlements, judgments, setoffs, attorneys' fees and costs resulting from Contractor's breach of this provision.

33.1 Right to Review:

This contract is subject to review by any Federal, State or County auditor. The County or its designee shall have the right to review and monitor the financial and service components of this program by whatever means are deemed expedient by the Administrative Officer or by the County Auditor's Office. Such review may occur with or without notice and may include, but is not limited to, on-site inspection by County agents or employees, inspection of all records or other materials which the County deems pertinent to the Agreement and its performance, and any and all communications with or evaluations by service recipients under this Agreement. The Contractor shall preserve and maintain all financial records and records relating to the performance of work under this Agreement for three (3) years after contract termination, and shall make them available for such review, within Whatcom County, State of Washington, upon request. Contractor also agrees to notify the Administrative Officer in advance of any inspections, audits, or program review by any individual, agency, or governmental unit whose purpose is to review the services provided within the terms of this Agreement. If no advance notice is given to the Contractor, then the Contractor agrees to notify the Administrative Officer as soon as it is practical.

Property Damage per occurrence - \$500,000.00 (this amount may vary with circumstances)

General Liability & Property Damage for bodily injury- \$1,000,000.00 (this amount may vary with circumstances)

A Certificate of insurance, that also identifies the County as an additional insured, is attached hereto as Exhibit "C". This insurance shall be considered as primary and shall waive all rights of subrogation. The County insurance shall be noncontributory.

a. Professional Liability - \$1,000,000 per occurrence:

If the professional liability insurance is a claims made policy, and should the contractor discontinue coverage either during the term of this contract or within three years of completion, the contractor agrees to purchase tail coverage for a minimum of three years from the completion date of this contract or any amendment to this contract.

34.2 Industrial Insurance Waiver: Not Applicable

34.3 Defense & Indemnity Agreement:

The Contractor agrees to defend, indemnify and save harmless the County, its appointed and elective officers and employees, from and against all loss or expense, including, but not limited to, judgments, settlements, attorneys' fees and costs by reason of any and all claims and demands upon the County, its elected or appointed officials or employees for damages because of personal or bodily injury, including death at any time resulting therefrom, sustained by any person or persons and on account of damage to property, including loss of use thereof, whether such injury to persons or damage to property is due to the negligence of the Contractor, its subcontractors, its successor or assigns, or its agents, servants, or employees, the County, its appointed or elected officers, employees or their agents, except only such injury or damage as shall have been occasioned by the sole negligence of the County or its appointed or elected officials or employees. In case of damages caused by the concurrent negligence of Contractor, its subcontractors, its successors or assigns, or its agents, servants, or employees, and the County, its appointed or elected officers, employees or their agents, then this indemnification provision is enforceable only to the extent of the negligence of the Contractor, its agents, or its employees.

It is further provided that no liability shall attach to the County by reason of entering into this contract, except as expressly provided herein. The parties specifically agree that this agreement is for the benefit of the parties only and this agreement shall create no rights in any third party.

Exhibit "A" Scope of Work

I. Background

The services provided under this contract have been designed to prevent youth substance use and poor mental health by reducing risks for those behaviors. Research shows that youth are more at risk of anti-social behaviors if they are socially isolated, do not feel like they belong, and have no hope or sense of purpose. In Whatcom County, many youth are struggling with issues that challenge their ability to connect and build resilience. 38% of 10th graders in Whatcom County reported feeling so sad or hopeless for two weeks or more that they stopped doing usual activities. 24% of 10th graders also reported seriously contemplating suicide. 22% of 10th graders reported using alcohol in the past month, and 32% of 8th graders report being bullied in the past month. Individuals who feel connected and 'bonded' to peers, family, school, and community are less likely to use drugs, experience poor mental health, commit crimes, join gangs, or engage in other unhealthy behaviors.

The purpose of this contract is to provide opportunities for youth and families to participate in healthy activities that strengthen relationships. The Contractor will provide youth development classes, parent skill building activities, community training, mentoring, and multiple evidence-based best practice programming.

The use of evidence-based activities in this project will help achieve **both** positive **behavioral outcomes**, as well as demonstrate **financial benefits** to the public. *Cost savings for these strategies, according to the Washington State Institute on Public Policy, range from \$1,167 per participant to as much as \$20,706 per participant. Savings by service/program can be found at <https://www.wsipp.wa.gov/BenefitCost>.* Behavioral outcomes evidenced by these federally recognized best practice programs also include:

1. 25% reduction in the rate of child maltreatment
2. 33% reduction in the rate of out-of-home placements – e.g., in foster homes
3. 35% reduction in the rate of hospitalizations or emergency room visits for child maltreatment injuries
4. Reduced rates of skipping school and increased academic performance
5. Reduced rates of initiating alcohol and other substance use
6. Decreased rates of past month use of alcohol and other substance use
7. 88% of parents reported a decrease in harsh discipline and 76% reported an increase in positive parenting
8. 76% of parents reported decreased antisocial behavior in their child
9. 79% of youth reported increased emotional competence and 75% reported improved concentration/attention
10. 83% of students met their academic performance standards

Research has also shown that individuals who develop skills (communication, peer refusal, conflict resolution, etc.) while increasing knowledge about risks, develop essential resilience to negative behaviors.

II. Statement of Work

The primary target locations for this initiative are the schools and surrounding communities for the Birchwood and Roosevelt neighborhoods, along with areas of Mt. Baker, Blaine, Ferndale, and Nooksack school district boundaries. Other sites may be included if they have demonstrated heightened levels of substance use, gang activity, poverty, child abuse, and other identified risk factors.

This initiative will target 400 individuals, including 100 parents and 300 school-aged youth. Additional community-wide trainings and family engagement opportunities will also target 1,500 youth and families. An emphasis on outreach will focus on youth vulnerable to mental health and substance abuse risks due to exposure to Adverse Childhood Experiences, community health disparities, or other circumstances that elevate risk.

Some of the following services will be provided through the use of subcontracts to community providers who have already demonstrated success with the programs. All subcontracts will be subject to the review and approval of the County.

The Contractor will provide the following services:

1. Conflict Resolution Training – deliver conflict resolution workshops and restorative practices using best practices for small-group facilitation, classroom management, and strategies for engaging with at-risk youth. Skill-building activities include 3 – 4 hour classroom presentations, 6 – 8 hour small group workshops, generally once per week in one-hour sessions. Additional skill-building activities include conflict coaching (1 – 4, one-hour sessions, weekly) and leadership training (1 – 2, 2-hour sessions, weekly). Intervention activities may include peer-peer mediation, restorative circles, and restorative conferences, generally 1 – 2 sessions, 2 hours each.
 - a. The goal is for 70% of participants to report positive change in their knowledge and attitudes relating to conflict.
2. Mentoring Services – target mentoring services to 15 – 20 youth. Services will be delivered weekly during the academic school year. Mentoring staff will perform enrollment activities, training, match support, and services to engage youth in positive, healthy activities that increase connection to positive individuals.
 - a. Program Outcome Evaluation surveys designed for these services will be completed by mentors/parents to document improvement in confidence, competence, and other subject improvements.
 - b. The goal is for 80% of students to demonstrate improvements in measured behaviors.
3. Parenting Training and Support – Program will partner with individual families to provide individual parent coaching in one of four evidence-based curriculums. Focusing on parents with children ages 0 – 8 years, services will target at least 30 adults and 30 children. Parenting Coaches provide initial interviews that are trauma-informed and utilize motivational interviewing, identifying risks and protective factors. Families receive 0 – 12 parent coaching sessions (4 sessions per family on average). Parent Coaches provide outreach to families and partner organizations including attendance at partner meetings, participation and report at Whatcom Prevention Coalition meetings, and participate at Shuksan Community Family Night. The evidence based curriculums include:
 - a. **Incredible Years** – A program guided by developmental theory on the role of multiple interacting risk and protective factors in the development of conduct problems. The program is designed to work jointly to promote emotional and social competence and to prevent, reduce, and treat behavioral and emotional problems in young children. Provide two, 6-week evidence-based Incredible Years Attentive Parenting Classes in rural communities currently lacking these services. Each series serves up to 12 families (24 families--36 parents and 48 children). Each session is 2.5 hours and includes two Brigid Collins Incredible Years-trained facilitators, onsite childcare, a meal, and a weekly check-in phone call with a facilitator. Incredible Years is for parents of children ages 2 – 6 years.
 - b. **Parent Child Interaction Therapy (PCIT)** – A treatment program for young children with conduct disorders that place emphasis on improving the quality of the parent-child relationship and changing parent-child interaction patterns. PCIT was developed for children ages 2 – 7 years with externalizing behavior disorders.

c. **Positive Parenting Program (Triple P)** – Triple P is a multilevel system of parenting and family support strategies for families with children from birth to age 12, with extensions to families with teenagers ages 13 to 16. Triple P is designed to prevent social, emotional, behavioral, and developmental problems in children by enhancing their parent's knowledge, skills, and confidence. Triple P has five intervention levels of increasing intensity to meet each family's specific needs. Triple P has a great deal of flexibility and is very effective with parent's more complex mental health needs and creates a therapeutic relationship that deals with case management issues and behavioral plans.

d. **Promoting First Relationships** - Promoting First Relationships (PFR) is a home-based program designed to strengthen relationships between infants and toddlers and their caregivers, to support socio-emotional development in these children, and to improve caregiver sensitivity.

The goals for parent training and support are for 80% of parents to increase their knowledge of child development and non-punitive discipline, and for 80% of parents to improve their relationship/bond with their child.

4. **Youth Development Opportunities** – provide development opportunities a minimum of 15 times through school based prevention clubs, youth leadership events, service opportunities, and related events. Topics address issues/risks that youth face like substance use, family concerns, depression, and bullying. Sessions provide opportunities for youth to participate in positive events that build skills, including communication, social skills, and leadership. Material and experience will be delivered to 10-20 individuals per session.

a. The goal is that 80% of youth participants will report being engaged authentically as a leader in the work, as demonstrated through participant surveys.

5. **Youth Outreach** - provide direct services to youth, which can include afterschool programming, and coordinate community volunteers and partnerships that provide opportunities and skill building for high-risk youth, including youth who are at-risk of gang engagement or currently living where gang-related activity is a priority of law enforcement. Youth outreach will target 20 youth, grades 5 to 12, for prevention services. This includes face-to-face interaction or other direct communication with young people, connecting with parents and schools to gain support for youth participation, and to connect families to vital community resources. The Youth Outreach Coordinator will perform at least (100) one-hundred hours of direct services across the calendar year. Additional effort is dedicated to engage coalition members and other community organizations to support youth development activities and training. The goal of the coordinator is to increase connection of youth to peers, family, and community, and will be documented through program records.

6. **Prevention Training** - provide a minimum of six training events. Training will be used to educate the community on risks associated with exposure to toxic stress, substance abuse, violence (including gang activity and domestic violence), and other problem behaviors; increase understanding of healthy youth development; and build essential skills (i.e., communication and conflict resolution). Ten to twenty individuals will participate in each training event.
