

PERCENTAGES OF LAKE AREA FOR LAKE SAMISH

There have been a lot of numbers thrown around regarding what percentages of Lake Samish is available for what use. Dr. Jerry Johnson, a 39 year professor of mathematics from Western Washington University calculated current areas by existing ordinances.

Area available for lower speed boating:	100% of lake
Area specified for high speed boating:	60.5% of lake
Area for buffer zone between high speed boating and swimming, etc	18% of lake
Area for swimming, paddle-boarding, kayaking, canoeing, ect.	19% of lake
Area of no wake zone minus buffer and swim, etc. zone	2 ½% of lake
