PROPOSED BY: _____
INTRODUCTION DATE: NOVEMBER 19, 2019

ORDINANCE NO. 2019-083

IMPOSING AN INTERIM MORATORIUM ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS AND PERMITS FOR NEW OR EXPANDED FACILITIES IN THE CHERRY POINT URBAN GROWTH AREA THE PRIMARY PURPOSE OF WHICH WOULD BE THE SHIPMENT OF UNREFINED FOSSIL FUELS NOT TO BE PROCESSED AT CHERRY POINT

WHEREAS, on July 12, 2016, the county received a letter from Chairman Ballew of the Lummi Business Council which included the statement that they "hope that the amendments to the Comprehensive Plan not unfairly impact the current employers within Cherry Point."; and

WHEREAS, the Whatcom County Council previously adopted Title 20 zoning code which regulates land use within unincorporated areas of Whatcom County; and

WHEREAS, the Council adopted the Whatcom County Comprehensive Plan on May 20, 1997, which contains goals, objectives and policies regarding land use compatibility and environmental considerations; and

WHEREAS, the Council recently updated the Whatcom County Comprehensive Plan as required by Revised Code of Washington 36.70A; and

WHEREAS, during the Comprehensive Plan review process the Council received many individual public comments on fossil fuel transshipment, transport, and transfer from Cherry Point related to the protection of the health of Whatcom County's environment, economy, and residents; and

WHEREAS, the County recognizes that the existing refineries have for decades been significant shippers of refined fossil fuels such as jet fuel and calcined coke used in manufacture of aluminum while providing substantial local employment; and

WHEREAS, the refining of fossil fuels at Cherry Point provides high wage jobs which could be lost if the existing refineries were converted to crude oil export facilities; and

WHEREAS, multiple trains carrying crude oil from the Bakken formation moving through the United States and Canada have derailed and exploded causing damage to property and the environment, one derailment caused significant fatalities, which is the reason regulations must be improved; and

WHEREAS, a unit train carrying Bakken crude traveling through Mosier, Oregon, on June 3, 2016, derailed and exploded causing damage to property and the Columbia River, demonstrating that recently adopted state and federal policies and corporate investment intended to reduce the risks associated with oil by rail have proven insufficient to protect communities along the rail corridor; and

WHEREAS, the Washington State Department of Natural Resources has designated waters adjacent to the Cherry Point Urban Growth Area as an aquatic reserve to ensure long-term protection of this unique aquatic environment; and

1 **WHEREAS**, the United States recently lifted a ban on the export of crude oil from
2 the country, increasing pressure on deep water ports such as Cherry Point to develop into
3 crude export terminals; and
4

5 **WHEREAS**, existing refineries at Cherry Point have recently increased their ability to
6 accept crude oil by rail by constructing new rail offloading facilities to serve the refineries;
7 and
8

9 **WHEREAS**, existing and proposed pipeline facilities have increased, or proposed to
10 increase, their capacity to move crude oil, diluted bitumen, and natural gas to Cherry Point;
11 and
12

13 **WHEREAS**, Title 20 currently does not explicitly prohibit transshipment, transport,
14 and transfer of unrefined fossil fuels and construction of infrastructure to facilitate
15 expanded shipment of unrefined fossil fuels not to be processed at Cherry Point; and
16

17 **WHEREAS**, according to the June 27, 2016, Land Capacity Analysis report produced
18 by Planning and Development Services, Cherry Point contains only 1,072.6 acres of
19 developable land that is zoned Heavy Impact Industrial (HII) for the purposes of "supplying
20 a reasonable amount of land, commensurate with demand, for the location and grouping of
21 heavy impact industrial uses" and to "minimize the scope of impacts generated within the
22 HII District and to provide protection for nonindustrial districts situated outside thereof..."
23 (WCC 20.68.010); and
24

25 **WHEREAS**, expansion of existing facilities for purposes of shipping unrefined fossil
26 fuels not to be processed or consumed at Cherry Point will increase the transport of
27 dangerous fuels through our community and increase the risk of possible derailment, spills,
28 explosions, and the fallout will pose a serious threat to the community; and
29

30 **WHEREAS**, pursuant to the Washington State Constitution, the general police
31 powers granted to counties empower and authorize Whatcom County to adopt land use
32 controls to provide for the regulation of land uses within the County and to provide that
33 such uses shall be consistent with applicable law; and
34

35 **WHEREAS**, on August 9, 2016, the Council adopted Ordinance 2016-031, an
36 emergency ordinance imposing a sixty day moratorium on the filing, acceptance, and
37 processing of new applications for conversion of land or water, new building or structure
38 permits, or other County permits or authorizations in the Cherry Point Urban Growth Area
39 for new or expanded facilities whose purpose is to facilitate the increased shipment of
40 unrefined fossil fuels not to be processed or consumed at Cherry Point; and
41

42 **WHEREAS**, the Council adopted interim measures on September 27, 2016
43 (Ordinance 2016-039), March 21, 2017 (Ordinance 2017-011), September 26, 2017
44 (Ordinance 2017-049), February 27, 2018 (Ordinance 2018-007), August 8, 2018
45 (Ordinance 2018-044), January 29, 2019 (Ordinance 2019-010), and July 9, 2019
46 (Ordinance 2019-049), prohibiting the filing, acceptance, and processing of new applications
47 for conversion of land or water, new building or structure permits, or other County permits
48 or authorizations in the Cherry Point Urban Growth Area for new or expanded facilities
49 whose purpose is to facilitate the increased shipment of unrefined fossil fuels not to be
50 processed or consumed at Cherry Point, unless the applications:
51

- 52 1. Were filed and complete prior to the effective date of the ordinance and vested
53 pursuant to Washington statutes;

1 2. Were for building permits for remodels, maintenance, or repairs of existing
2 structures where no increased capacity for shipping unrefined fossil fuels not to be
3 processed or consumed at Cherry Point would result; or
4

5 3. Were necessary to protect health and safety of the community; and
6

7 **WHEREAS**, these interim measures were necessary to allow time for the Council to
8 work with staff and Cascadia Law Group to develop proposed amendments to the
9 Comprehensive Plan and zoning code to address risks to public health, safety, and the
10 environment associated with under-regulated expansion of fossil fuel facilities at Cherry
11 Point; and
12

13 **WHEREAS**, on August 8, 2019, the Council approved Resolution 2019-037,
14 forwarding proposed Cherry Point Urban Growth Area Comprehensive Plan and zoning code
15 amendments to the Whatcom County Planning Commission for review and recommendation;
16 and
17

18 **WHEREAS**, the Council anticipated that the Planning Commission would return
19 findings and conclusions to the Council prior to the end of 2019; and
20

21 **WHEREAS**, the Council has been notified that the Planning Commission needs
22 additional time to prepare its recommendations; and
23

24 **WHEREAS**, the Council finds that extending the moratorium imposed by Ordinance
25 2019-049 is necessary to allow adequate time for the Planning Commission to complete its
26 work; and
27

28 **WHEREAS**, the Council further finds that extending the moratorium imposed by
29 Ordinance 2019-049 is necessary for the protection of public health and safety; and
30

31 **WHEREAS**, RCW 36.70.790 and RCW 36.70.795 allow for adoption of interim official
32 controls as long as a public hearing is held within sixty (60) days of adoption; and
33

34 **WHEREAS**, the Whatcom County Council is scheduled to hold a public hearing on
35 this issue on December 3, 2019, or a later date; and
36

37 **WHEREAS**, the County Council fully recognizes the limits to its authority over
38 transportation of certain goods imposed by federal statutes and the US Constitution, and
39 finds that this action is within its authority;
40

41 **NOW, THEREFORE, BE IT ORDAINED** that the Whatcom County Council adopts
42 the above "WHEREAS" recitals as findings of fact in support of its action as required by RCW
43 36.70A.390
44

45 **BE IT FURTHER ORDAINED** by the Whatcom County Council that an interim
46 moratorium is hereby imposed prohibiting the filing, acceptance, and processing of new
47 applications for conversion of land or water, new building or structure permits, or other
48 County permits or authorizations in the Cherry Point Urban Growth Area for new or
49 expanded facilities whose purpose is to facilitate the increased shipment of unrefined fossil
50 fuels not to be processed or consumed at Cherry Point, unless the applications:
51

52 1. Were filed and complete prior to the effective date of this ordinance and vested
53 pursuant to Washington statutes;

2. Are for building permits for remodels, maintenance, or repairs of existing structures where no increased capacity for shipping unrefined fossil fuels not to be processed or consumed at Cherry Point will result; or

3. Are necessary to protect health and safety of the community.

BE IT FURTHER ORDAINED by the Whatcom County Council that this interim ordinance shall be effective for not longer than six months following its effective date, but may be renewed for one or more six-month periods if subsequent public hearings are held and findings of fact are made prior to each renewal.

BE IT FURTHER ORDAINED that if a section, subsection, paragraph, sentence, clause, or phrase of this ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction; such decision shall not affect the validity of the remaining portions of this ordinance, and if the provisions of this ordinance are found to be inconsistent with other provisions of the Whatcom County Code, this ordinance shall control.

BE IT FURTHER ORDAINED that for the purpose of this ordinance the definition of "unrefined fossil fuel" includes but is not limited to all forms of crude oil whether stabilized or not; raw bitumen, diluted bitumen, or syncrude; coal; methane propane, butane, and other "natural gas" in liquid or gaseous formats excluding those that are the byproduct of refinery processes in the Cherry Point UGA; and condensate.

BE IT FINALLY ORDAINED that for the purpose of this ordinance, the definition of "facility" includes but is not limited to piers, wharfs, buildings, tank farms, pipelines, rail loading and offloading facilities, road spurs, or any other such physical infrastructure intended to receive, transfer, or store unrefined fossil fuels;

APPROVED this 3rd day of December, 2019.
