Step 2

1. Name of Board or Committee Public Health Advisory Board

Public Health Advisory Board	I have expertise, career experience, or lived experience in one of the areas listed above., I am a consumer of public health services.
2. Do you meet the residency, employment, and/or affiliation requirements of the position for which you're applying?	Yes
3. Which Council district do you live in?	District 3
4. Are you a US citizen?	Yes
5. Are you registered to vote in Whatcom County?	Yes
6. Have you declared candidacy (as defined by RCW 42.17A.055) for a paid elected office in any jurisdiction within the county?	No
7. Have you ever been a member of this Board/Commission?	No
8. Do you or your spouse have a financial interest in or are you an employee or officer of any business or agency that does business with Whatcom County?	No
You may attach a resume or detailed summary of experience, qualifications, & interest in response to the following questions	Attached

9. Please describe your occupation (or former occupation if retired), qualifications, professional and/or community activities, and education

I recently graduated from WWU with a B.S. in Public Health and a minor in Leadership Studies. Over the summer I worked with the Director of Community Health at PeaceHealth where I was able to work closely with local organizations like the Birchwood Neighborhood Association and North Sound Accountable Communities of Health, and I was able to assist in projects for the Community Collaboration Committee. As of this month, I am starting a position with Northwest Youth Services at the Ground Floor to work directly with homeless and at-risk youth that reside in Whatcom County. I have also been a medical massage therapist since 2014, specializing in pain management.

10. Please describe why you're interested in serving on this board or commission

I was an at-risk youth, and I am familiar with the obstacles that can stand in the way of accessing mental and physical health services when individuals are facing a lack of stable housing, a lack of familial support, or other challenges as a result of a crisis or stress they may be facing. I went back to school to pursue an education in community health because I believe we should all have access to health, and that requires that we bolster support for members of our community that face obstacles that prevent access to healthcare services or that come from historically marginalized communities.
