PUBLIC HEARINGS

1. [AB2022-510](#) Ordinance authorizing acquisition of certain property rights by eminent domain for the County's E. Smith Road and Hannegan Road Intersection Improvements Project

Jim Karcher, Public Works Department, stated he was available for questions.

Donovan opened the Public Hearing and, hearing no one, closed the Public Hearing.

Kershner moved and Frazey seconded that the Ordinance Requiring a Public Hearing be ADOPTED.

Karcher answered why they need to use eminent domain on this instead of purchasing the property outright from the owner, when the property owner (who had not responded to any contact by Public Works for seven months) reached out to the County and how many conversations they have had, which

property it is, how Public Works tried to contact the property owner, and whether anyone talked to the owner in person.

Jon Hutchings, Public Works Department Director, stated that condemnation proceedings have never, in the history of Public Works since he has been involved, been a conversation that they take lightly nor is it anything but the last resort to get attention of the property owners. He spoke about what Public Works has done to contact and engage the property owner and past discussions with Council on a similar situation.

Byrd stated he would like to give the owner some more time to respond by a certain time.

Hutchings stated there is perhaps a conversation that needs to be had by the Council about how they would like to approach these kinds of construction projects from the standpoint of property acquisition and he addressed Byrd's comments.

Councilmembers discussed the motion and discussed with staff whether it would make sense to have another executive session to discuss it further.

Buchanan moved to hold for two weeks. He would like to have a thorough discussion and a work session during the day in two weeks. The motion was seconded by Byrd.

Buchanan's motion that the Ordinance Requiring a Public Hearing be HELD for two weeks carried by the following vote:

Aye: 4 - Buchanan, Byrd, Elenbaas, and Galloway

Nay: 3 - Donovan, Frazey, and Kershner

Absent: 0

The motion failed by the following vote:

Aye: 3 - Byrd, Elenbaas, and Kershner

Nay: 4 - Buchanan, Donovan, Frazey, and Galloway

Buchanan moved and Galloway seconded that the Ordinance be ADOPTED.

Zhao and Eric Richey, Whatcom County Prosecuting Attorney, gave closing comments.

Kershner moved to amend the Ordinance by asking that we return the Ordinance to the stakeholder workgroup and ask them to rework it and bring it back with a focus on equity for all. So basically, I am bringing back the motion to remove the racial component of this and make this a commission that will focus on equity for all. The motion was seconded by Byrd.

Kershner restated the motion to return the Ordinance to the stakeholder workgroup and ask them to remove the racial component and bring it back with a focus on equity for all.

Councilmembers discussed the motion.

The motion failed by the following vote:

Aye: 3 - Byrd, Elenbaas, and Kershner

Nay: 4 - Donovan, Frazey, Galloway, and Buchanan

Christopher Quinn, Prosecuting Attorney's Office, answered whether there can be members under 18 years old serving on the commission and stated that may be an issue. He would have to look into that further.

Karen Frakes, Prosecuting Attorney's Office, stated she will have to check the Whatcom County Charter and Whatcom County Code but she recalls something about needing to be a registered voter. She will check.

Zhao stated they considered the language about being a registered voter and stated someone can actually register to vote at age 16 though they cannot cast their first ballot until age 17 and a half. They intentionally considered that rule.

She and Flaherty answered more questions.

Elenbaas asked how many naysayers they had in the room when they came up with their group and the plan forward.

Kershner asked whether they have identified any policies, procedures, or practices that are promoting systemic racism in County government. She asked whether they know what they are going to work on or what is not working.

Galloway stated we are asking for formation of a commission to do the investigation and research on the questions asked tonight.

Elenbaas spoke about diversity and equity and inclusion having to do with more than just the color of your skin and he wants to get it right. He would feel much more comfortable about the Ordinance if it was an equity commission.

Frazezy stated she is going to support this. Take the ideas from the community and find those problems and allow the commission to start working on that.

Kershner moved to amend Section 2.107.110 of Exhibit A of the Ordinance to remove lines six through eight on page eight as follows (to remove the 501(c) language):

~~As may be permissible under law, the Commission, including its staff and operations, may seek fiscal sponsorship by a 501(c)(3) nonprofit entity for the purpose of advancing its work.~~ Additionally, and as may be permissible under law, the Commission may seek additional funds from public and private grant-offering bodies for purposes of advancing its functions.

The motion was seconded by Byrd.

Councilmembers discussed the motion.

Zhao and Quinn answered whether there are existing systems that lean on

this model, whether the ability to seek grants or support from a 501(c)(3) opens the commission up to being bias to whatever that 501(c)(3) or grant offering operation is doing, and whether grants would have to be approved by Council if an advisory board did seek 501(c)(3) funding or whether the group could receive those on their own.

Kershner withdrew her motion.

Councilmembers and Zhao discussed whether this should just be an equity commission and whether the conversation has included all sides.

Kershner moved to have a sunset clause at five years to see if they want to review and renew the commission.

Councilmembers discussed whether it was a clause to review or renew.

Kershner re-stated the motion to amend the Ordinance to add language that would include a sunset clause at five years.

The motion was seconded by Elenbaas.

Satpal Sidhu, County Executive, stated five years is too soon and not a wise thing to do and he spoke about recent experiences of farmers.

Councilmembers discussed the motion, whether other boards or commissions have sunset clauses, and whether they should.

The motion failed by the following vote:

Aye: 3 - Elenbaas, Kershner, and Byrd

Nay: 4 - Frazey, Galloway, Buchanan, and Donovan

Galloway moved to call the question then ***withdrew*** her motion.

Councilmembers discussed the main motion.
