**Attachments:** Substitute Ordinance, Substitute Exhibit A, Substitute Staff Report

**ORDINANCE NO. 2022-012**

**ADOPTING VARIOUS MINOR AMENDMENTS TO WHATCOM COUNTY CODE TITLES 20 (ZONING), 21 (LAND DIVISION REGULATIONS) AND 22 (LAND USE AND DEVELOPMENT)**

**WHEREAS**, The Council's 2021 docket includes item PLN2021-00006, "Review and revise the Whatcom County Zoning Code and other sections of the County Code to implement Comprehensive Plan policies and/or address issues identified in the administration of the codes. Revisions needed to achieve consistency with the Growth Management Act may also be considered."

**WHEREAS**, Whatcom County Planning and Development Services has proposed amendments to Whatcom County Code Titles 20 and 22 to fulfill this directive; and,

**WHEREAS**, The Whatcom County Council reviewed and considered Planning Commission recommendations, staff recommendations, and public comments on the proposed amendments; and

**WHEREAS**, The County Council hereby adopts the following findings of fact:

**FINDINGS OF FACT**

1. Whatcom County Planning and Development Services submitted an application to make various amendments to the Whatcom County Code (WCC) to make corrections, updates, and clarifications.
2. A determination of non-significance (DNS) was issued under the State Environmental Policy Act (SEPA) on December 17, 2021.
3. Notice of the subject amendment was submitted to the Washington State Department of Commerce on December 10, 2021, for their 60-day review. No comments were received.
4. The Planning Commission held a duly noticed public hearing on the proposed amendments on January 13, 2021.
5. The County Council held a duly noticed public hearing on the proposed amendments on \_\_\_\_\_, 2022.
6. The amendments are consistent with Comprehensive Plan Policy Goal 2D to "refine the regulatory system to ensure accomplishment of desired land use goals in a fair and equitable manner."
7. In reference to Exhibit A, Amendment No. 1: The proposed amendments to WCC 20.04.035 only cleans up outdated references to certain County departments and divisions.
8. In reference to Exhibit A, Amendment No. 2: The proposed amendments to WCC 20.38.060 only fix grammar.
9. In reference to Exhibit A, Amendment No. 3: Unlike in other districts the existing lot coverage section of the Rural Forestry district contains both lot coverage rules *and* forestland retention rules. The proposed amendments to WCC 20.42.450 and addition of 20.42.455 would split these concepts into separate sections. Additionally, the current forestland protection regulation allows the 20% limit to be exceeded through a Conditional Use Permit (CUP), which worked fine in the past for the forestry industry when it was more prominent. However as the forestry industry subsides more and more houses are being built in this district, and builders are using the CUP process to clear more

forest so as to obtain hilltop views, contrary to the intent of this district. Changing the process for exceeding the 20% clearing limit would require that such applicants show a hardship for doing so (which in some instances may be warranted), which is not a CUP criteria. The remaining members of Council's Forestry Advisory Committee were consulted and have endorsed these amendments.

10. In reference to Exhibit A, Amendment No. 4: The amendments to WCC 20.22.662, 20.24.652, 20.32.652, 20.34.652, 20.36.652, 20.37.651, 20.40.662, 20.42.652, and 20.43.662 would make the mineral lands disclosure requirement of 500 (rather than 300) feet consistent with WCC 14.06.030(B) (Mineral Resource Land – Disclosure), a change Council made in 2003 (ORD2003-061). Though Council updated that section, the revised distance was not carried through to the language in the individual districts, creating an inconsistency. These amendments would rectify that.
11. In reference to Exhibit A, Amendment No. 5: The amendment to WCC 20.36.156, 20.40.165, 20.42.157, 20.51.101, 20.59.201, 20.61.051, 20.62.155, 20.66.082, 20.71.221, 20.72.154, and 20.72.204, and the addition of 20.97.004 would standardize the language used for kennels and accessory kennels, as suggested by the Whatcom County Hearing Examiner.
12. In reference to Exhibit A, Amendment No. 6: In 2009 via Ord. 2009-034, the Council amended the definitions of and standards for the various types of childcare centers the County allows, and adopted new definitions. However, the previous (then existing) definitions were not deleted. Additionally, Ord. 2009-034 designated family day care homes as an accessory use (in the 9 zones where they were allowed), but failed to remove them as permitted uses, so now they're listed as both in 5 of those zones. The amendments would delete family day care homes as a permitted in those 5 zones, leaving them as an accessory use. Doing this will not change in what districts family day care homes are allowed as an accessory use, as they would still be listed as such in the UR, URM, UR-MX, RR-I, R, TZ, AG, NC, and RGC districts. The deletion of WCC 20.20.059, 20.22.057, 20.24.057, 20.37.056, 20.40.057, and 20.97.052.1 would clean up these inconsistencies.
13. In reference to Exhibit A, Amendment No. 7: The amendments to WCC 20.40.254 clarify which general standards apply only to agricultural short plats vs. agricultural boundary line adjustments.
14. In reference to Exhibit A, Amendment No. 8: The amendment to WCC 22.05.100(3) clarifies the timeline for applicants to respond to a Notice of Additional Requirements.
15. In reference to Exhibit A, Amendment No. 9: The amendments to WCC 20.51.080, 20.59.050, 20.60.050, 20.61.050, and 20.71.200 only substitutes the word "marijuana" with "cannabis" to reflect changes the Council made to the County's marijuana regulations on 2/8/22.

## **CONCLUSIONS**

1. The amendments to the development regulations are in the public interest.
2. The amendments are consistent with the Whatcom County Comprehensive Plan.

**NOW, THEREFORE, BE IT ORDAINED** by the Whatcom County Council that:

Section 1. Amendments to the Whatcom County Code are hereby adopted as shown in Exhibit A.

Section 2. Staff is authorized to work with Code Publishing to correct and update any cross-references made ineffective by these amendments.

ADOPTED this 22nd day of February, 2022.

## WCC TITLE 20 (ZONING)

### 1) Clean-up of Department & Division Names

This is just clean-up of department and division names.

#### Chapter 20.04 General Provisions

##### 20.04.035 Administrative responsibilities.

The Department of Planning and Development Services is responsible for the administration of this Title, and shall act as a coordinating agent to ensure that the regulatory process is expeditious. In so doing, the Department shall recognize input provided by other departments and divisions having appropriate expertise, including Public Works' Engineering Services division for road, drainage, and land alteration; the Fire Marshal for fire-related issues; the Whatcom County Health Department for domestic water, waste disposal, solid waste, and noise; and the Department's Planning Division for land use and general site design. All County departments and divisions shall cooperate fully in the exercise of their duties relative to land use controls and regulations.

---

### 2) Habitable v. Inhabitable

This is just a grammatical change. Though "habitable" and "inhabitable" mean the same thing, "habitable" is used more commonly in the code and permitting staff are more used to it. Therefore staff would like to exchange the terms in the below section.

#### Chapter 20.38 Agriculture Protection Overlay

##### 20.38.060 Development and use standards.

Subdivisions or segregations for nonagricultural uses shall be clustered. Development on all parcels subject to this section shall follow the requirements below:

...

- (7) Any habitable structure within the cluster subdivision shall be set back a minimum of 100 feet, and any accessory or other non-habitable structures shall be set back at least 30 feet from the property line of any parcel that is an APO reserve tract or designated or taxed for agricultural purposes; and

...

### 3) Rural Forestry Lot Coverage (1 POLICY CHANGE)

The purpose of the Rural Forestry district is:

The primary purpose of this district is to implement the forestry designation of the Whatcom County Comprehensive Plan, established pursuant to RCW 36.70A.170, by providing the opportunity for non-industrial landowners to **manage their land for long-term productivity and sustained use of forest resources**. In addition, the district encourages the **management of land for wildlife, aesthetics, and other non-commodity values**. It also provides for uses that are compatible with these activities, while maintaining water quality and soil productivity. Lummi Island Scenic Estates shall be administered under the RR-I zone district regulations. A secondary purpose of this district is **to serve as a holding district within the urban growth area** Comprehensive Plan designations **to allow forestry uses** in the near term **while protecting the area from suburban sprawl and preserving the potential for future urban development**. [WCC 2042.010, emphasis added]

When calculating lot coverage only areas of roofed structures are included (as shown in the following definition) in all zones except the Rural Forestry district.

**20.97.217 Lot coverage.**

“Lot coverage” means the percent of a lot or parcel which is, or will be, covered by all structures located thereon. Coverage is determined by measuring areas covered by a weather tight roof. For properties within the jurisdiction of the Shoreline Management Program (WCC Title 23), submerged lands and/or tidelands within the boundaries of any waterfront parcel that are located waterward of the ordinary high water mark shall not be used to compute lot coverage.

In Rural Forestry, §20.42.450 indicates that we’re to include in the calculation everything that is not in forest product production. This would include roads and other open areas not containing roofed structures; basically anything (but critical areas) not containing forest. Unfortunately the language of §20.42.450 addresses two issues: primarily maintaining forest land but a little about lot coverage.

Staff proposes to break this section into two: One actually addressing lot coverage as it’s addressed in other districts (i.e., how much land can be covered in structures), and the other addressing forest land protection (which is what the existing language is primarily about). The proposed lot coverage language is taken from that of the Rural district. The proposed forestland retention language (§20.42.455) comes from the existing “lot coverage” language. This part of the amendment is not a policy change.

However, one policy amendment staff is proposing is to require a variance, rather than a conditional use permit. The current forestland protection regulation allows the 20% limit to be exceeded (up to 35%) through a Conditional Use Permit (CUP), which worked fine in the past for the forestry industry when it was more prominent. However as the forestry industry subsides more and more houses are being built in this district, and builders are using the CUP process to clear more forest so as to obtain hilltop views. This is contrary to the intent of this district, which is for “for nonindustrial landowners to manage their land for long-term productivity and sustained use of forest resources” (§20.42.010). Changing the process for exceeding the 20% clearing limit would require that such applicants show a hardship for doing so (which in some instances may be warranted), which is not a CUP criteria.

Additionally, staff recommends that we get rid of WCC 20.40.900, which contains CUP criteria specific to this zone. The criteria for other CUPs are found in WCC 22.05.026 and are almost identical, with the exception of a few that are already covered by other sections of the code (e.g., stormwater, critical areas, etc.). We find it odd to have different CUP criteria for different zones and believe this is a holdover from days past.

## Chapter 20.42 Rural Forestry (RF) District

### 20.42.450 Lot coverage.

No structure or combination of structures, except for forest production structures, shall occupy or cover more than 5,000 square feet or 20%, whichever is greater, of the total lot area, not to exceed 25,000 square feet.

### 20.42.455 Forestland Retention.

No more than 20% of a lot's area shall be permanently altered or removed from the production of forest products, unless authorized by a variance (WCC 22.05.024) or as a Planned Unit Development (WCC Chapter 20.85), in which case no more than 35% of the lot's area shall be permanently altered or removed from the production of forest products.

### 20.42.150 Conditional uses.

The conditional uses listed herein shall be administered pursuant to the applicable provisions of Chapters 20.80 WCC (Supplementary Requirements), 22.05 WCC (Project Permit Procedures), 16.08 (SEPA), and Titles 21 (Land Division Regulations) and 23 (Shoreline Management Program).

...

Editor's Note: The list of conditional uses is not being shown as they are not proposed for amendment.

#### 4) Mineral Lands Notification Distance

In 2003, Council amended WCC 14.06.030(B) (Mineral Resource Land – Disclosure) to required that—upon conveyance of a fee interest in real property or upon the issuance of a discretionary development permit—property owners sign a disclosure acknowledging that the property is within 500 feet of Mineral Resource Lands (it had previously been 300 feet). The purpose of this requirement was “to promote a good neighbor policy between mineral and non-mineral property owners by requiring notification to purchasers and users of property adjacent to or near mine operations of the inherent potential problems associated with such purchase or use.” (WCC 14.06.010(B))

There are similar requirements in various zones; however, they all require disclosure if within 300 feet of an MRL. It appears that the change in distance was not updated everywhere (nor mentioned in the ordinance (ORD2003-061). Staff would like to rectify this inconsistency, and since ORD2003-061 was the most recent amendment to this policy we proposed to change the distance to 500 feet in each of the Title 20 sections in which this inconsistency is found.

**5) Standardizing Kennel Language**  
 In 2021 the Hearing Examiner issued a decision on an appeal of a PDS Code Interpretation (APL2020-0004) in which he raised a code construction problem: That throughout the code we use (and in the past have used) “kennel” in different ways and with different “intent” language. The following table indicates where the term “kennel” appears and its various iterations:

Zone	Permitted	Conditional Use	Prohibited	Term Used
Rural		20.36.155		Animal hospitals and <b>accessory kennels</b> and stables (subject to 3 standards)
		20.36.156		<b>Commercial kennels</b> and stables intended for the boarding or training of domestic animals
Agriculture		20.40.165		<b>Commercial kennels</b> (subject to numerous standards)
Rural Forestry		20.42.157		The operation of fur farms and <b>kennels</b>
Lake Whatcom Overlay District			20.51.100	Animal hospitals and <b>accessory kennels</b> and stables

			20.51.101	<b>Commercial kennels and stables</b>
Rural General Commercial		20.59.201		<b>Animal kennels</b>
Small Town Commercial	20.61.051(3)			Veterinary practices with <b>accessory indoor kennels</b>
		20.61.201(4)		<b>Animal kennels</b> not associated with a veterinary practice
General Commercial		20.62.155		<b>Animal kennels</b>
Rural Industrial and Manufacturing	20.69.053(5)			Animal hospital and <b>accessory kennels</b> and stables
Water Resources Protection Overlay District			20.71.220	Animal hospitals and <b>accessory kennels</b> and stables
			20.71.221	<b>Commercial kennels and stables</b>
Point Roberts Special District		20.72.154(2)		In the STC, <b>animal kennels</b> for kenneling up to six animals and that are associated with an animal groomer
			20.72.204(2)	In the STC, <b>animal kennels</b> , except as allowed by 20.72.154(2)

Because of the Hearing Examiner’s suggestion, staff would like to remedy this by standardizing the language and by adding a new definition of “accessory kennel.” Note that we are not proposing to amend the definition of “kennel,” nor the conditions they’re allowed in some of the zones.

For reference, the definition of “kennel” is:

**20.97.191 Kennel.**

“Kennel” means a commercial establishment in which five or more dogs, cats, or other household pets are housed, bred, or boarded for a fee or compensation. A kennel may include grooming and/or training as accessory uses.

Additionally, staff recommends that kennels be allowed in the Light Impact Industrial district and proposes to add them to the permitted use section of Chapter 20.66.

**Chapter 20.97 Definitions**

**20.97.004 Accessory kennels and accessory stables**

“Accessory kennel” or “accessory stable” means the indoor facilities necessary for an animal hospital or veterinarian to house overnight animals undergoing medical care or treatment.

...

.204 The following uses are prohibited in the Small Town Commercial Zone District:

(2) Kennels, except as allowed pursuant to WCC 20.72.154(2).

#### 6) Childcare Facilities Definitions.

In 2009 via Ord. 2009-034, the Council amended the definitions of and standards for the various types of childcare centers the County allows, adopting the following definitions:

##### 20.97.092 Day care center.

“Day care center” means a structure other than an occupied dwelling unit regularly providing care during part of the 24-hour day to 13 or more children.

##### 20.97.126 Family day care home.

“Family day care home” means an occupied dwelling unit regularly providing care during part of the 24-hour day for six or fewer children in the family abode of the person or persons under whose direct care the children are placed. Such care in a family day care home is limited to six or fewer children, including those children living in the home or children of other close relatives cared for in the home.

##### 20.97.241 Mini-day care center.

“Mini-day care center” means a structure other than an occupied dwelling unit regularly providing care during part of the 24-hour day for 12 or fewer children. Such care in a mini-day care center is limited to 12 or fewer children, including those children of the faculty or children of other close relatives cared for by the faculty.

**20.97.242 Mini-day care home.**

“Mini-day care home” means an occupied dwelling unit regularly providing care during part of the 24-hour day for seven to 12 children in the family abode of the person or persons under whose direct care the children are placed. Such care in a mini-day care home is limited to 12 or fewer children, including those children living in the home or children of other close relatives cared for in the home.

However, the previous (then existing) definitions were not deleted by Ord. 2009-034. As clean up, staff proposes to do that now so that our code doesn’t contain conflicting definitions.

Additionally, Ord. 2009-034 designated family day care homes as an accessory use (in the 9 zones where they were allowed), but failed to remove them as permitted uses, so now they’re listed as both in 5 of those zones. Thus, staff proposes to delete family day care homes as a permitted in those 5 zones, leaving them as an accessory use. Doing this will not change in what districts family day care homes are allowed as an accessory use, as they would still be listed as such in the UR, URM, UR-MX, RR-I, R, TZ, AG, NC, and RGC districts.

## 7) Agricultural Boundary Line Adjustments

The language of WCC 20.40.254 contains the general criteria that apply to the separation of farmstead parcels through both agricultural short plats and boundary line adjustments. However, some of the language is confusing as it mixes requirements for the two even though certain ones only apply to one or the other. In particular, the sections addressing “remainder parcels” only apply to short plats, not BLAs. Staff proposes to alleviate this confusion by clarifying which criteria only apply to short plats, and which apply to BLAs. No policy amendments are proposed, only grammatical ones.

### 20.40.250 Division or modification of parcels.

#### .254 Separation of the Farmstead Parcel Criteria.

- (1) The criteria for approval for the farmstead parcel and remainder parcel created through agricultural boundary line adjustment or agricultural short subdivision shall be the following:
  - (a) The area of the parcel containing the farmstead home site, whether the home exists or is to be added, is limited to the minimum amount required to encapsulate structures, parking areas, driveways, septic systems, wells, and landscaping required setbacks; and
  - (b) The farmstead parcel size shall be as stated in WCC 20.40.251, unless the existing residential structure(s) and/or well and septic constraints require a larger parcel, but shall not exceed the maximum lot size consistent with the exceptions in WCC 20.40.253; and

## 8) Time Period for Responding to NOARs

Under state law, all jurisdictions (including Whatcom County) are required to act on permits within 120 days. However, this clock is stopped at certain points in the review process, one of which is when the County requests additional information when an application doesn't contain enough to ensure consistency with our codes (done through a Notice of Additional Requirements, or NOAR). To keep this schedule, and keep projects from inaction, §22.05.100(3) sets a 180-day time limit for applicants to provide this information. But it also provides an opportunity for applicants to request addition time (up

to 2 years). However, staff has found that the language allowing the applicant to request additional time is unclear and would like to adjust it, as shown below.

## **Title 22 LAND USE AND DEVELOPMENT**

### **Chapter 22.05 Project Permit Procedures**

#### **22.05.100 Consistency review and recommendations.**

During project permit review, the review authority shall determine if the project proposal is consistent with the county’s comprehensive plan, other adopted plans, existing regulations and development standards.

...

- (3) For all project permit applications, if more information is required to determine consistency at any time in review of the application, the department may issue a notice of additional requirements. The notice of additional requirements shall allow the applicant 180 calendar days from the date of issuance to submit all required information. The Director may extend this period for no more than cumulative 24 months upon written request by the applicant, provided the first request is submitted before the end of the first 180-day period. Additional extension requests may be considered if submitted before the end of any subsequent extension period. A notice of additional requirements is not a final administrative determination.

#### **9) Replacing the word “marijuana” with “cannabis.”**

On 2/8/22 Council adopted new marijuana regulations, including some non-substantive amendments proposed by Councilmember Galloway that day. One of these amendments was to replace the word “marijuana” with “cannabis” throughout the code. Unfortunately, not all sections of code with the word “marijuana” were included in that ordinance as those sections of code weren’t relevant to the regulation of its production, processing, or sales (other than name).

To solve this conundrum and keep the code consistent, staff is adding those remaining sections to this set of code amendments.
