

Applications for Pro and Con Committees: Proposition No. 11

Proposition No. 11: ADJUSTING THE CALCULATION OF SIGNATURES REQUIRED FOR A CHARTER AMENDMENT

The Whatcom County Charter Review Commission has proposed an amendment to the Whatcom County Charter to adjust the number of signatures required for the public to place a Charter Amendment on the ballot. This measure would amend Charter Section 8.22 to require a proponent of a charter amendment to register with the Auditor an Initiative bearing the signatures of registered voters equal to twenty percent of the most recent County Executive election. The current requirement is fifteen percent of the last gubernatorial election. Currently, based on the 2024 gubernatorial election and the 2023 County Executive election, this would reduce the required number of signatures from 20,468 to 15,981.

PRO: Greg Thames, JG Sandy Phillips

CON: Ashley Butenschoen, Hannah Ordos

Pro and Con Committee Application: Proposed Charter Amendments

The Whatcom County Council seeks applicants to prepare statements for the Whatcom County Voters' Pamphlet on proposed amendments to the Whatcom County Charter. Council will appoint up to three members to each pro and con committee during their regular evening meeting on Tuesday, July 22 at 6 p.m.

To volunteer for one or more committees, please submit this form by 12:00 p.m. on Monday, July 14, 2025.

Please provide additional information for Council to consider when making committee appointments (e.g. qualifications, background, resume highlights).	<p>My name is Greg Thames, and I am a longtime resident of Ferndale, Washington. I am dedicated to informed civic engagement and transparent local governance. With a practical background in community reporting and local issue analysis, I actively participate in discussions regarding Whatcom County's government structure and accountability.</p> <p>I hold a degree in Mass Communications with a focus on Photojournalism from Jackson State University. I have experience summarizing complex local government proceedings in clear, everyday language that working families can easily understand. Additionally, I have been involved in</p>
--	--

community discussions about the Charter Review Commission's work, staying informed about proposed amendments and their broader impacts on transparency, fiscal responsibility, and citizen involvement. Also I have attended nearly every charter commission meeting. So I understand the ideas and goals of the commission work.

As a person with strong writing skills, I want to make sure that the public has a clear understanding of each issue. I am also personally committed to ensuring that Whatcom County's governance reflects the will and best interests of its citizens, and that voters receive clear, balanced information when they head to the ballot box. Good information is important for our democracy to work.

Please describe your interest in serving on the committee(s) you selected.

I am volunteering to serve on the Pro/Con Committees for several proposed Charter Amendments because I believe the voters deserve straightforward, unbiased information and fair arguments both for and against each measure. I am especially interested in measures concerning fiscal accountability, the duties of elected officials, redistricting processes, performance audits, and maintaining a fair initiative and referendum process. Serving on these committees is an opportunity for me to help ensure the Voters' Pamphlet accurately reflects diverse perspectives and upholds our County's democratic principles. I am dedicated to working collaboratively with fellow committee members to produce statements that meet the highest standards of clarity and integrity.

I am available to attend the Council meeting on July 22 at 6 p.m. and look forward to the possibility of contributing to this important civic process.

Upload a resume or other supporting documentation.

Please provide additional information for Council to consider when making committee appointments (e.g. qualifications, background, resume highlights).	I was an unsuccessful candidate for the Charter Review Commission, but in conducting my campaign, I spoke with many of my constituents about the issues addressed by these proposed amendments. I was, and remain, unaligned with any political party and believe that I can bring an independent voice to writing the statements. I attended in person or on zoom many of the commission meetings and tried to make my views as an individual citizen known to the commission about many of these issues.

Please describe your interest in serving on the committee(s) you selected.

I want to continue in my role as an active citizen providing support to our county.

Please provide additional information for Council to consider when making committee appointments (e.g. qualifications, background, resume highlights).	As a 22-year Whatcom County resident, small business owner, parent, and dedicated community leader, I am committed to transparency, civic engagement, and amplifying the voice of the people in local government. I serve on multiple local nonprofit boards, advocating for disaster survivors, veterans, and our most vulnerable. In my professional role, I work locally and statewide, leading large-scale grassroots efforts focused on ballot initiatives and voter engagement.

Please describe your interest in serving on the committee(s) you selected.

I am seeking to serve on these committees because I believe each of these proposed charter amendments will significantly shape the effectiveness, accountability, and responsiveness of our local government.

I am requesting to serve on the Con Committee for the proposed Office of the Ombuds because I am concerned about the cost, redundancy, and oversight challenges of creating a new government office. I believe we should first improve and strengthen existing mechanisms for public feedback and accountability before expanding government bureaucracy.

I would like to serve on the Pro Committee for the amendment prohibiting County Government from interfering with Initiatives and Charter Amendments, as I have firsthand experience with the initiative process. I strongly support protecting the public's right to petition their government without interference. This amendment reinforces trust in our democratic process and ensures elected officials cannot use their positions to obstruct the will of the voters.

I also wish to join the Con Committee for the amendment adjusting the signature calculation for Charter Amendments. While civic engagement is essential, I believe the current threshold helps ensure proposals have broad public backing before moving forward. Reducing the requirement may unintentionally weaken the standard needed to place foundational changes before voters.

Finally, I am requesting to serve on the Pro Committee for the amendment authorizing Councilmembers to hire dedicated aides. I believe this change would enhance transparency, communication, and accessibility between Councilmembers and their constituents. Dedicated staff support can help ensure Councilmembers are more informed, responsive, and effective in representing their districts.

Serving on these committees aligns with my passion for civic engagement, good governance, and citizen-led reform. I would be honored to help facilitate meaningful public dialogue on these important measures.

Please provide additional information for Council to consider when making committee appointments (e.g. qualifications, background, resume highlights).	I have a strong background in team leadership, policy engagement, and process development across both professional and civic roles. As a member of the 2025 Whatcom County Charter Review Commission, I worked collaboratively with fellow commissioners to create and or evaluate proposed amendments, engage with the public, and advocate for policies that support transparency, accountability, and fair representation. I have attended most County Council and committee meetings since 2021, which has given me a strong understanding of Council processes and the practical implications of Charter language. My professional experience has emphasized clear communication, organizational leadership, and informed decision-making—skills that translate well to serving on one of these committees. I look forward to the opportunity.
Please describe your interest in serving on the committee(s) you selected.	My interest in serving stems from a strong belief that voters deserve clear, factual, and accessible information when considering Charter amendments. Having been directly involved in the development of some of these proposals, I feel a responsibility to contribute to the

public discussion in a way that is grounded in both the intent and broader context of each measure.
