Buchanan moved to hold until such time that the Lummi Island Ferry Advisory Committee (LIFAC) is re-established and they have a chance to look at this. He stated that would be around September or October.

The motion was seconded by Byrd.

Donovan stated he hoped the goal of holding is so they can discuss in committee what Council would like the LIFAC to be so that advisory committee is formed to vet this ordinance again.

Kershner stated there was hope that the new LIFAC would not have to take this on as their first order of business and there are a lot of good things in this ordinance that help the Lummi Island community. That is why she moved to approve this tonight.

Donovan stated they have not fully vetted having a definition of capital versus operating and some people in the Work Group have found some language in the Washington Administrative Code (WAC) that is potentially a definition.

Kershner stated she has had extensive discussions with Public Works Director Kosa about where that language came from so she is comfortable with it, and she is not supportive of moving any more cost for the ferry to the rural residents. She knows there is a Work Group but they are not recognized by the Council as an advisory committee and LIFAC members

have emailed individually saying that they support this and hope for us to pass it tonight.

Galloway stated she has mixed feelings. She recognizes the value of maintaining consistency within our code and State and Federal definitions and she believes the way it is currently written is consistent. Her concern with holding it is that we are delaying the inevitable. If they do hold it, she requests that they have a plan. She wants to honor and respect the community, but she believes they have done their due diligence in making sure the community is heard and has avenues to engage.

The motion to hold failed by the following vote:

Aye: 3 - Buchanan, Donovan, and Frazey

Nay: 3 - Kershner, Byrd, and Elenbaas

The motion was seconded by Galloway.

The motion carried by the following vote:

Aye: 6 - Byrd, Donovan, Frazey, Galloway, Kershner, and Buchanan

Nay: 1 - Elenbaas

Councilmembers gave committee reports.

Satpal Sidhu, County Executive, spoke about the Lummi Island ferry ordinance (adopted tonight under **AB2023-258**) and stated it was a surprise to the Administration. There was no recommendation from the Lummi Island Ferry Advisory Committee (LIFAC) and it was the Administration’s understanding that this matter should be held until the fall after the Council decides the constitution of the LIFAC. The people that were engaged had a real stake in this decision. The Administration is disappointed that the Council made a quick decision and it seems like the rigorous community discussion has been set aside. Making this decision later would only have a miniscule impact financially. He answered why the Administration did not then pull it from the agenda.

Councilmembers gave other updates.

Motion approved from Executive Session 6-1 with Elenbaas opposed to authorize the County Executive to move forward with and complete the acquisition of the property as long as the purchase price does not exceed the amount discussed in Executive Session.
