office in any jurisdiction within
the county?

You may attach a resume or [Isaiah D resume.pdf](#)
detailed summary of
experience, qualifications, &
interest in response to the
following questions

7. Please describe your occupation (or former occupation if retired), qualifications, professional and/or community activities, and education

I am a farmer who specializes in mixed vegetable crops as well as small fruits. I started Adagio Farm in 2019 when I was 14 years old and I sell primarily wholesale to local restaurants. I have made connections with many Whatcom County farmers and, through research as well as my own experience, I have a comprehensive understanding of most facets of Whatcom County farming. Farming is my full time job. I've done business with farmers in the area, worked for several, and regularly make connections within the local agriculture community, discussing growing conditions, business climate, challenges and positive attributes of Whatcom Counting farming.

8. Please describe why you're interested in serving on this Advisory Group.

The agricultural Advisory Committee should be filled with people who are passionate about Whatcom County farming, and I would like to fill a vacancy. I can provide representation from the youngest generation of farmers, and I bring the experience of having built a farm from scratch. As a first generation farmer, I had to learn everything fresh, which makes me keenly aware of local farming conditions. I have made extensive connections within our agricultural community, which offers a wealth of insight. I would be honored to be a part of this group, contributing to the review of issues that affect local farming, hopefully helping to shape policy.
