Hi,

I wanted to give you a heads up on an ordinance before I upload it. It is Ordinance 2019-017. After the ordinance was adopted and signed by the chair, it was determined that the incorrect ordinance had been used with the correct exhibits for the item. The Council will repeal it and adopt a new ordinance on March 12, but in the meantime, this one will have gone into effect. I am sending it to you for the record, but wanted to let you know it will be repealed next week. This incorrect ordinance list three sections of the code to be amended, but the exhibits reflect only two (entirely different) sections. The ordinance that will take its place will have the same exhibits/code changes as this one does with a different ordinance.

Hope that makes sense.

Kristi
