RE: Lydia Place – Rapid Re-housing and Housing Stability Contract Amendment #2

DATE: JULY 1, 2025

Attached is a contract amendment between Whatcom County and Lydia Place for your review and signature. This amendment extends the contract for one year and updates the budget and scope of work to reflect a one-year contract period.

Background and Purpose

This contract provides funding for the operation of Lydia Place's rapid rehousing program and case management and Coordinated Entry access for families fleeing domestic violence. Families with children who are experiencing homelessness will receive housing case management and clinical behavioral health services with the goal of increasing housing stability, improving mental and emotional wellbeing, increasing social connection, and disrupting the generational cycle of homelessness. The expected outcomes of this contract are that 90% of households will exit the rapid rehousing program to permanent housing, 90% of households will exit the DVSAS partnership program to a safe placement, and 25 Coordinated Entry intakes will be completed through the DVSAS partnership.

Funding Amount and Source

Funding for this contract period (07/01/2025 – 06/30/2026), in an amount not to exceed \$473,162, is provided by the Washington State Department of Commerce's Consolidated Homeless Grant (CHG - \$403,162) and the local document recording fees (\$70,000). These funds are included in the 2025 budget. Council authorization is required per WCC 3.08.100 as funding for this amendment exceeds 10% of the amount authorized by Council.

EXHIBIT "A" – Amendment #2 (SCOPE OF WORK)

I. Background

This contract primarily funds Lydia Place's rapid rehousing (RRH) program, an intervention targeted at creating access to private market rentals for households exiting homelessness through case management, clinical behavioral health services, and rental assistance. This funding will support approximately 57% of Lydia Place's RRH program.

In addition, this contract supports a years-long partnership with Domestic Violence and Sexual Assault Services (DVSAS), to provide case management to CE-eligible households to support the transition out of the safe shelter into safe housing. As capacity allows, Lydia Place may also serve households fleeing violence that are either turned away from the safe shelter. This funding will support approximately 80% of the DVSAS partnership program.

According to the annual Point in Time Count of homeless persons conducted in January 2024, at least 671 households in Whatcom County were experiencing homelessness (including 243that were unsheltered). Of those households, 11% were families with children. Whatcom County's Plan to End Homelessness provides a blueprint for how our community will work together to prevent and end homelessness. The provision of housing assistance in the form of RRH and case management services are key components of the plan.

Funding for this work comes from the Consolidated Homeless Grant (CHG) and local document recording fees. The budget includes personnel and other program-specific costs essential to housing case management and supportive services for families. CE access and rapid rehousing case management are eligible uses of the funding sources.

II. Definitions

Coordinated Entry	A coordinated entry system assesses households in need of housing services to determine each household's urgency of need as well as the intervention type that would be most appropriate. The coordinated entry system refers households from the Housing Pool to fill project vacancies as they occur. The system links individual households with partner agencies who provide direct services for those clients.
Housing Pool (HP)	Registry of clients who are eligible and waiting for housing services. This registry is drawn upon to issue referrals for housing programs based on client needs and available resources instead of a first come, first served basis.
Homeless Management Information System (HMIS)	HMIS is a local information technology system used to collect client-level data and data on the provision of housing and services to individuals and families at risk of and experiencing homelessness.
Rapid Rehousing (RRH)	A best practice housing solution for homeless families and individuals to regain stable housing through short- to medium-term rental subsidies and case management.
Whatcom Homeless Service Center (WHSC)	WHSC programs provide: (1) A centralized coordinated system of access; (2) Targeted prevention assistance to reduce the number of households that become homeless; (3) Re-housing for people who become homeless; (4) Supportive services promoting housing stability and self-sufficiency; and (5) Data management and tracking information for people receiving homeless housing services in Whatcom County and according to Washington State Department of Commerce HMIS data collection requirements.
