

WAKE RESPONSIBLY

1

Stay at least 200 feet away from the shoreline, docks, or other structures.

2

Keep music at reasonable levels. Sound travels well over water. If it's loud enough to hear at 80 feet back, it is likely loud enough for homeowners to hear, too.

3

Minimize repetitive passes on any one portion of shoreline. Once you've run the same line for a while, move on to another area.
