## Board and Commission Application

### Step 1

Application for Appointment to Whatcom County Boards and Commissions

---

#### Public Statement

*THIS IS A PUBLIC DOCUMENT: As a candidate for a public board or commission, the information provided will be available to the County Council, County Executive, and the public. All board and commission members are expected to be fair, impartial, and respectful of the public, County staff, and each other. Failure to abide by these expectations may result in revocation of appointment and removal from the appointive position.*

---

### Step 2

1. Name of Board or Committee Climate Impact Advisory Committee

Climate Impact Advisory Committee Position:	I have previous work or educational experience in the energy sector.
2. Do you meet the residency, employment, and/or affiliation requirements of the position for which you're applying?	Yes
3. Which Council district do you live in?	District 4
4. Are you a US citizen?	Yes
5. Are you registered to vote in Whatcom County?	Yes
6. Have you declared candidacy (as defined by RCW 42.17A.055) for a paid elected office in any jurisdiction within the county?	No
7. Have you ever been a member of this Board/Commission?	No
8. Do you or your spouse have a financial interest in or are you an employee or officer of any business or agency that does business with Whatcom County?	No
You may attach a resume or detailed summary of experience, qualifications, & interest in response to the following questions	Attached

---

9. Please describe your occupation (or former occupation if retired), qualifications, professional and/or community activities, and education

I am an APM for a heavy civil / commercial / industrial local general contractor.  
Most of our projects are within the energy sector.

I have degrees from WSU: a BA in Business Administration, and a minor in Biology including coursework in Environmental Sustainability, Ecology, and Conservation.

I am a certified erosion and sediment control lead (CESCL).

I am studying/developing permaculture on my recently purchased property. We are in the process of rehabilitating the creek on our property to allow for significantly better salmon runs, collaborating w/ F&W and Salmon Enhancement.

---

10. Please describe why you're interested in serving on this board or commission

Environmental impact is a significant concern, increasingly so for the younger generations. It is important for local public leadership to show they are taking steps towards reducing our impact on the environment, less they lose the support and determination of the youth.

Raised in Whatcom County, I hope to apply my professional, educational, and technical knowledge to make this community an even more desirable place to exist and do business. I think we can do that by embracing environmental impact awareness.

OSHA-30  
Google Ads Certified

## Experience

### Pottle & Sons Construction • Bellingham • WA

(April 2020 - Present)

#### Assistant Project Manager & Marketing Manager

- P&S is a general contractor specializing in electrical infrastructure, civil engineering and concrete projects.
- As APM I streamlined our project proposals, estimate project takeoffs, coordinate with subcontractors, manage imports and exports, and ensure project deliverables are completed on time. Experience on several multi-million dollar projects.
- I redesigned the company website from scratch, setup schema for proper SEO, aggregate drone and 3D walkthrough footage for shareholder meetings, and curated new marketing media.
- As safety manager I developed and implemented our COVID mitigation plan which turned into an overhaul of the entire safety program: gathering data, designing posters, new-hire onboarding safety orientations, and weekly safety meetings.

### Pottle & Sons Construction • Bellingham • WA

(Jan 2010 - Dec 2016)

#### Labor ; I.T.

- My construction experience started working through summer in high-school. That developed into working labor on various projects over the years.
- As general labor I was responsible for shooting grade, setting / tearing down forms, hauling materials, spotting for operators, cutting swales, laying yard rock, placing foundations, etc.
- I setup the company server, wired additional access points to provide wireless for our employees in the shop and yard, and maintained computer systems.

## Education

### Washington State University • Pullman • WA

(Jan 2017 - Dec 2019)

#### BA, Business Administration

#### Minor, Biology

- Honor Roll / Dean's List (GPA 3.5+)
- WSU Writing Portfolio Graduation Requirement: Pass w/ Distinction (90th Percentile)
- CAPSTONE (senior project) involved curating market research, developing surveys, leading focus groups, analysing data and presenting the findings to local developers in a private shareholder meeting.
