ORDINANCE APPROVING A SYSTEM OF RATES AND CHARGES FOR THE WHATCOM CONSERVATION DISTRICT (AB2022-529)

The Whatcom County Council has received a proposal from the Whatcom Conservation District to establish a system of rates and charges to fund District activities and programs as authorized by chapter 89.08 RCW.

The District's proposal states that revenue collected from the rates and charges will allow the District to: exercise its authority, including the continued protection of the public health, safety and welfare and protection and conservation of natural resources throughout Whatcom County; obtain grant funding and support local conservation programs; address water quality and conservation programs related to endangered salmon species; provide for other natural resource protection requirements and needs, such as the protection and conservation of farm land.

If approved, the proposed system of rates and charges pursuant to RCW 89.08.405 will apply to all properties located in unincorporated and incorporated Whatcom County (with limited exception) for a period of ten years, beginning collection in January 2023 through 2032, as follows: residential - \$5 per parcel; commercial - \$4.99 per parcel; open space - \$5 per parcel; institutional/public - \$5 per parcel; agriculture - \$5 per parcel; designated forest land - \$2.99 per owner; vacant/undeveloped - \$5 per parcel.
