#### I. Background

According to the annual Point In Time Count of homeless persons conducted in January 2022, at least 832 people in Whatcom County were homeless. Throughout the year, more may face the prospect of losing their homes. Housing case management includes both rental subsidy and housing case management components. Through this contract, Lydia Place will serve as one of the WHSC's partner agencies providing housing case management. The WHSC staff determines client eligibility for services and authorizes and distributes rent subsidies to local landlords on behalf of participating clients, makes referrals for case management to partner agencies, and coordinates required data collection efforts.

The purpose of this contract is to provide case management and other necessary behavioral health support for individuals and families experiencing homelessness in order to improve housing stability and reduce homelessness in Whatcom County.
