**Comment [BSvW4]:** Leave criteria in guidelines and not list in code.

**Comment [BSvW5]:** Ord. 2018-065 expanded program to also include forestry and ecological conservation easements.

### 193 **3.25A.100** Application and evaluation procedure.

194 Beginning in the first year following the adoption of the ordinance codified in this chapter and 195 continuing thereafter, the county shall conduct a voluntary property selection process generally as 196 follows and pursuant to the **PDR programCEP** guidelines: 197 A. Application. Owners of qualifying lands will be invited to make application for purchase of 198 199 development rightsmay apply to the CEP- at any time.by the county by giving notice in one newspaper of 200 <mark>general circulation</mark>. Application materials will be provided by the administrator and will include, at a 201 minimum, a standard application form and information about the PDR programCEP. Applications shall 202 be submitted to the administrator and reviewed for completeness. 203 204 B. Evaluation. The administrator shall review and determine eligibility and priority classification of 205 applications. The applications ranked by the administrator shall be forwarded to the PDR-CEP oversight 206 committee. The committee shall review the applications and establish parcels for easement purchase 207 based on selection criteria contained in PDR programCEP guidelines. The committee shall then forward 208 the parcels to the county council which shall review and prioritize parcels on which it will seek to 209 purchase conservation easements. 210 211 C. Appraisal. Based on anticipated funding, the administrator shall estimate the number of appraisals 212 that can be completed during the fiscal year. For those applications that meet the requirements of 213 subsection B of this section, tThe committee shall select applications to be appraised 214 of the applicant's development rights to be made in accordance with PDR programCEP guidelines. 215 216 D. Requirements and Deadlines May Be Waived. Any requirement or deadline set forth in this chapter or 217 the PDR programCEP guidelines may be waived by the county council if, for good cause, it is shown that 218 urgent circumstances exist that warrant consideration of an application. Under such circumstances the 219 council may purchase a conservation easement at any time and through any process it deems necessary. 220 221 E. Reapplication. An owner of a parcel not selected by the county council for purchase of a conservation 222 easement may reapply in the future. (Ord. 2018-065 Exh. A; Ord. 2013-015 Exh. A; Ord. 2002-054 § 1). 223 224 3.25A.110 Purchase of development rights conservation easements procedure. 225 Each application for a conservation easement shall be processed and evaluated pursuant to the 226 requirements as contained in the <u>PDR programCEP</u> guidelines which will include at a minimum the 227 following: 228 229 A. Development RightsConservation Easement Sale. Based on anticipated funding the administrator shall estimate the number of development rights that can be acquired from the initial pool of parcels 230 231 identified in WCC 3.25A.100(B). The administrator shall coordinate negotiations with the property 232 owners. Upon completion of negotiations, the The administrator shall arrange for an appraisal of the 233 development rights value of placing a conservation easement on the property, to be completed by an 234 independent county-authorized appraiser. The value of the conservation easement will include the 235 value from eliminating select development rights and imposing certain use restrictions in perpetuity in 236 order to protect the agricultural, forestry, and ecosystem values of the property. The PDR-CEP oversight 237 committee and administrator shall review the results of the appraisal. The administrator shall, in writing, 238 invite the property owner(s) to sell-grant a conservation easement to the county development rights for 239 the amount of the appraised value of such development rights conservation easement, subject to the 240 terms and conditions of a proposed deed of easement. Property owners desiring to sell and/or donate

**Comment [BSvW6]:** When the program started, it was set up to have an application deadline, giving a pool of applicants to evaluate. This was set up with the expectation that there would be a high volume of applicants. Due to a lower volume of applicants, the program has been operating on a rolling basis.

**Comment [BSvW7]:** Applications to be appraised will often be for projects that have already received an agreement for matching funds. This generally includes applicants who applied a previous year.

**Comment [BSvW8]:** Not necessary to budget for applications received this year, since the conservation easement sale occurs 2-3 years after application is submitted. Administrator can track funding when seeking council approval to purchase.

**Comment [BSvW9]:** Conservation easements do more than remove development rights. Some value comes from use restrictions. Examples of use restrictions in agricultural conservation easements include: limiting the amount of impervious surfaces, prohibiting uses that impair the ability to farm, limitations on separating water rights from the property, prohibiting mining and exporting material from property, prohibiting the granting of rights-ofway for power lines, among others.

Use restrictions in forestry conservation easements are similar to those in agricultural conservation easements, but with a prohibition on uses that impair the ability to forest the property.

Ecological conservation easements may include the following restrictions: prohibiting the harvest of timber, prohibiting motorized vehicles, prohibiting excavation or grading. 241 development rightsgrant a conservation easement shall submit a written acceptance of the offer to sell.
242 Nothing in this chapter shall compel an owner to submit an acceptance of the offer to sell.

B. Acceptance. An offer to sell development rights<u>Requests to purchase conservation easements</u> shall be
 forwarded\_made\_to the county council for acceptance.

C. Conservation Easement Established. A conservation easement shall be established when the owner
and an authorized representative of the holder of the easement have each signed the deed of
easement. The deed shall be recorded in the Whatcom County auditor's office.

251 D. Offers Not Made – Offers Not Accepted – Invitation to Other Owners. If an owner invited to sell elects
 252 not to do so, then the county administrator may send an invitation to sell to the owner(s) of the next
 253 highest prioritized parcel(s) remaining on the list of parcels.

E. Costs. If the county council accepts an offer to sell development rights approves the purchase of a
conservation easement, the county may pay all other costs including environmental site assessments,
surveys, recording costs, if any, and other charges associated with closing. However, the county shall not
pay expenses or fees incurred by the property owner for independent appraisals or legal, financial, or
other advice, or expenses or fees in connection with the release and subordination of liens to the
easement purchased by the county. (Ord. 2018-065 Exh. A; Ord. 2002-054 § 1).

262 **3.25A.120** Restriction on buy-back – Extinguishment and exchange of easements.

263 If circumstances arise that render the purpose of this easement impossible to accomplish, the easement 264 can be extinguished only by judicial proceedings. In the event of such an extinguishment or the taking of 265 the property by the exercise of the power of eminent domain, grantors shall pay to Whatcom County an 266 amount determined by subtracting the fair market value of the property subject to this easement from 267 the fair market value of the property unrestricted by this easement, at the time of extinguishment or 268 condemnation, if Whatcom County is not compensated for its property interests at the time of the 269 extinguishment or condemnation. Other details regarding restrictions on buy-back or extinguishment as 270 may be deemed necessary shall be contained in the PDR programCEP guidelines, and/or the easement deed. (Ord. 2018-065 Exh. A; Ord. 2013-015 Exh. A; Ord. 2002-054 § 1). 271 272
