OTHER ITEMS

(From Council Climate Action and Natural Resources Committee)

1. [AB2023-062](#) Resolution in support of adjudication funding in the Washington State 2023 - 2024 biennium

Galloway reported for the Climate Action and Natural Resources Committee and **moved** that the Resolution be TABLED. The motion was seconded by Kershner.

Councilmembers discussed whether they determined a time to bring this back and the difference between tabling and holding.

Galloway amended her motion and **moved** to HOLD IN COMMITTEE.

Donovan stated he would be happy to let it be held indefinitely which would be tabling.

Galloway accepted that as a friendly amendment **and moved** that the Resolution be TABLED.

Galloway's motion that the Resolution be TABLED carried by the following vote:

Aye: 7 - Buchanan, Byrd, Donovan, Elenbaas, Frazey, Galloway, and Kershner

Nay: 0

Absent: 0

2. [AB2023-086](#) Discussion and approval of letter regarding climate action legislative priorities

Galloway reported for the Climate Action and Natural Resources Committee and stated there is a second substitute letter after committee ("Revised Letter 1.24.23"). She stated the first revision was a sentence added to the paragraph on the Nooksack Adjudication and read it as follows:

[Whatcom County has also requested additional funding to support the Solutions Table process including technical assistance and studies necessary to help us quantify water resources.](#)

She stated the second revision is a new section added at the very end after the Flood Response and Mitigation paragraph as follows:

Swift Creek

Whatcom County is working with the Department of Ecology to implement the Swift Creek Sediment Management Action Plan. Department of Ecology submitted a \$12M funding request to support construction scheduled for this year, which includes a suite of projects that directly reduces sediment from Swift Creek. However, when the Office of Financial Management submitted the budget to the legislature, the Swift Creek project budget request was reduced to \$4 Million. This reduced funding will cause significant delays in addressing the Swift Creek sediment issue. For us to continue this work it is imperative for the state to continue to fully fund the program. Whatcom County is asking you to address this budget shortfall and work towards getting the Swift Creek budget item back to the original ask of \$12 Million.

Galloway *moved* to approve the letter as amended. The motion was seconded by Donovan.

Elenbaas stated he would not support the revised letter because it still says, "We believe a water rights adjudication in the Nooksack River watershed is necessary to bring together all water users, resolve water right disputes, determine who has the legal right to use water, and the priority and quantity of each right." He does not believe that they should be saying that they believe right now that adjudication is a necessary step to take.

Donovan stated he is not sure the Swift Creek language should be in a letter for climate action Legislative priorities.

Frazezy stated she supports the letter.

Kershner moved to amend the letter to change the sentence that begins with "We believe a water rights adjudication in the Nooksack River watershed is necessary..." to "We understand that the State believes that a water rights adjudication is necessary." The motion was seconded by Elenbaas.

Galloway suggested they change the language to "We understand a water rights adjudication in the Nooksack River watershed can bring together all water users..." She stated it is hard to state that the State is solely determined because she thinks there are a lot of other people who believe this as well.

Councilmembers discussed the funding request.

Kershner suggested language to request funding to Whatcom County to support all of the water rights users who will be going through this process and asked if that is in the letter. Galloway stated there is a request for filing assistance. But Elenbaas stated filing assistance is not enough and legal assistance is needed.

Kershner suggested they change the language to request funding to the County for filing and legal assistance for all participants and Elenbaas asked if the County should be the one to facilitate.

Satpal Sidhu, County Executive, stated the County could be the gatekeeper and have one or two agencies who could facilitate that funding and he also spoke about assistance for documentation that might be needed.

Kershner withdrew her motion and ***moved*** to amend the letter to read, “In preparation for adjudication, we also request funding for the County to provide filing **and legal** assistance for all participants.”

Councilmembers discussed whether the word “County” should be dropped, and whether any of these things are time sensitive.

Elenbaas moved to hold this item for two weeks and then work on the language. The motion was seconded by Buchanan.

Sidhu stated the Administration would like that and Galloway and Frazey spoke against holding for two weeks.

The motion to hold failed by the following vote:

Aye: 3 - Elenbaas, Kershner, and Byrd

Nay: 4 - Donovan, Frazey, Galloway, and Buchanan

Galloway moved to amend the Nooksack Adjudication paragraph so that it would read as follows:

Nooksack Adjudication

Please fully fund the Nooksack adjudication by supporting Department of Ecology’s \$2.738 million request in the Governor’s Budget. We understand a water rights adjudication in the Nooksack River watershed can help bring together all water users, resolve water right disputes, determine who has the legal right to use water, and the priority and quantity of each right. As water rights are determined, we hope to collaborate with all parties on establishing

solutions and market mechanisms to ensure communities get the water they need to live and support a thriving agricultural economy. Whatcom County has also requested additional funding to support the Solutions Table process including technical assistance and studies necessary to help us quantify water resources. In preparation for adjudication, we also request funding for the County to provide filing and legal assistance for all participants. This will help facilitate the process and help individuals avoid unnecessary, and often expensive, legal fees.

The motion was seconded by Elenbaas.

Councilmembers discussed the motion.

The motion carried by the following vote:

Aye: 7 - Elenbaas, Frazey, Galloway, Kershner, Buchanan, Byrd, and Donovan

Nay: 0

Councilmembers discussed the motion to approve as amended.

Galloway's motion that the letter be APPROVED AS AMENDED carried by the following vote:

Aye: 7 - Buchanan, Byrd, Donovan, Elenbaas, Frazey, Galloway, and Kershner

Nay: 0

Absent: 0

(From Council Finance and Administrative Services Committee)

3. [AB2023-059](#) Request authorization for the County Executive to enter into an interlocal agreement amendment between Whatcom County and the Washington State Department of Health for the delivery and funding of various public health services in the amount of \$80,716, for a total amended agreement amount of \$8,567,890

Kershner reported for the Finance and Administrative Services Committee and moved that the Interlocal be AUTHORIZED. The motion carried by the following vote:

Aye: 7 - Buchanan, Byrd, Donovan, Elenbaas, Frazey, Galloway, and Kershner

Nay: 0

Absent: 0

4. [AB2022-731](#) Request authorization for the County Executive to enter into a contract amendment between Whatcom County and Hunt Forensics for increased costs of services in the

amount of \$893,449.13 for the total amount of \$3,356,602

Kershner reported for the Finance and Administrative Services Committee and stated that this item was forwarded to the full Council without a recommendation.

Donovan moved and Frazey seconded that the Contract be AUTHORIZED.

Elenbaas stated there have been a lot of conversations around this topic and a few meetings that will be taking place in the next week or two. He would like to wait to vote on it until those meetings have taken place and assurances are made that the contracts are being fulfilled in the manner in which they were negotiated.

Kershner moved to hold for two weeks. The motion was seconded by Byrd.

Satpal Sidhu, County Executive, answered whether holding for two weeks is possible and stated this is a transition process and may take a couple of years. Their intention is to roll the Medical Examiner into the County but they cannot do that in one step.

Tyler Schroeder, Director of Administrative Services, and Councilmembers discussed getting questions answered before voting, the meetings with the Administration that are scheduled to take place, and having more time to go through Dr. Hunt's slides from committee today.

Kershner's motion that the Contract be HELD AND REFERRED TO COMMITTEE carried by the following vote:

Aye: 6 - Buchanan, Byrd, Elenbaas, Frazey, Galloway, and Kershner

Nay: 0

Absent: 0

Abstain: 1 - Donovan
