Council "Consent Agenda" Items

Donovan moved to approve Consent Agenda items one through ten.

Kershner stated she would like to discuss Consent Agenda items one, eight, and ten.

Frazey stated she would like to discuss Consent Agenda items one and seven.

Consent Agenda item number one (AB2023-301)

Joe Fuller, Health and Community Services, answered why all school districts are not in this program since it looks like it is making significant impacts, and whether there is a way to include all of the schools in our community. He stated they would love to expand the program but are limited to the resources they have. They are working to secure additional funding and would love to replicate the program as more resources become available.

Kershner spoke about the "Be the One" program that is in some of the North County school districts and runs on volunteer dollars.

Consent Agenda item number seven (AB2023-322)

Frazey stated during the Emergency Medical Services Oversight Board meeting she voted against this because it seemed they were just hiring from the same demographic but then Bellingham Fire Chief Bill Hewitt sent statistics of who applies for this and who the lateral hires will be. She will be voting in favor of this after getting further information from him. This might not be the area to increase diversity in right now. The statistics show that whether we have candidates that are just applying or coming from lateral hires, it is about the same.

Consent Agenda item number eight (AB2023-325)

Kathleen Roy, Health and Community Services, answered why the “Office of Immunizations - COVID-19 Vaccine” program has a negative amount listed in the Memo (on file) under Allocation/Revision Purpose, whether that is money we are returning because we are not doing the vaccine clinics anymore, and whether the plan is that the County will continue to offer and pay for COVID-19 clinics around the county.

Kershner stated if we are offering immunizations she would like to see us offer the other immunizations and decrease the COVID-19 one.

Consent Agenda item number ten (AB2023-323)

Kershner stated she appreciates this Resolution coming forward. It looks like it is a way that we can expedite spending the money we got from the State to help flood victims and help the County buy flood equipment. She stated she wants to give kudos to the Administration for this.

Hans Erchinger-Davis, Lighthouse Mission, read from a presentation (on file) and spoke about their mission, the model the Mission uses to see lives transformed, current and planned services, and the Mission rebuild. He answered what will be on the first three floors of the new building, whether he has heard of the Fare Start program, and why Christ the King Church will not be able to stand up their winter overflow shelter and the new place on Holly Street is not going to be open this year.

Committee Discussion and Recommendation to Council

1. [AB2023-298](#) Ordinance amending the 2023 Whatcom County Budget, request no. 7, in the amount of 2,880,144

Donovan moved that the Ordinance be RECOMMENDED FOR ADOPTION.

Kershner asked whether the majority of the funding in this Ordinance is the transfer of support to the Way Station.

Tyler Schroeder, Director of Administrative Services, stated it is, and answered how they are justifying using Economic Development Investment (EDI) funds. He stated EDI is the rural sales tax and the County keeps 35 percent of that sales tax to be used for County facilities and the rest goes to economic development purposes. The second floor of the Way Station will have various County operations so that is why they have been able to utilize EDI funds.

Donovan's motion that the Ordinance be RECOMMENDED FOR ADOPTION carried by the following vote:

Aye: 3 - Donovan, Frazey, and Kershner

Nay: 0

2. [AB2023-299](#) Ordinance amending the project budget for the Way Station Project Fund, request no. 2
